Introduction and preliminary remarks

The **GESIS Variable Report Series** on the **International Social Survey Programme Studies** offers a comprehensive description of data on study and variable level. For each annual module, individual Variable Reports are provided for final data set versions.

The reports are structured into six chapters:

Chapter one gives a brief overview of the worldwide ISSP project as a whole.

Chapter two provides the description of the respective ISSP study including bibliographic information, abstract, and methodological specifications.

Chapter three contains information on study-related survey materials which are essential to understand the data properly, followed by general information about the structure of ISSP data sets, documentation standards and variable coding frames in **chapter four**.

Chapter five provides a short explanation of the variable documentation itself.

Chapter six contains the core variable documentation: the documentation of each variable including complete question texts with all answer categories of the Basic Questionnaire, partially enriched with archival remarks. In addition, Variable Reports offer cross-tabulations over countries for all substantial and most of the demographic variables. Archive, protocol and country-specific variables are usually shown by descriptive statistics or frequency distributions. All cross-tabulations, descriptive statistics and frequency distributions are based on unweighted data.

The data for the annual ISSP modules are collected by independent institutions in each country. The country data are integrated into one international data file, which is documented, distributed and long-term archived by the ISSP Archive, institutionally, GESIS' Dept. Survey Data Curation (SDC) in Cologne, Germany (https://www.gesis.org/en/institute/departments/survey-data-curation). In every second year between ISSP modules 1997 and 2017, data processing, integration and harmonization have predominantly been prepared by our colleagues at JDS/ ASEP in Spain (http://www.jdsurvey.net).

Data access

Data for statistical analysis along with information about these data can be searched and accessed via the GESIS Search (https://search.gesis.org?lang=en) or via the search function on the GESIS homepage (https://www.gesis.org/en/home).

The use and the results of GESIS Search are free of charge. The download of data sets requires registration.

Data anonymization

According to data regulations in participating countries, only anonymized data are made available. Each national team is responsible for carefully checking the data in this respect before the deposit.

Usage requirements

To provide funding agencies with essential information about the use of archival resources and to facilitate the exchange of information about related research activities, all users of ISSP data are requested to send bibliographic citations for each completed manuscript or thesis abstracts to isspservice@gesis.org or if possible, please, directly send a copy of the publication to GESIS (GESIS-Leibniz-Institute for the Social Sciences, Dept. Survey Data Curation - ISSP, Unter Sachsenhausen 6-8, D-50667 Cologne, Germany). Please, also observe the general notes on the usage regulations (https://www.gesis.org/fileadmin/user-upload/Usage-regulations.pdf).

Disclaimer

Neither the original collector of the data, nor GESIS, bears any responsibility for the use of ISSP data or any data analyses.

Citation of this Variable Report

Please, use the following citation for this Variable Report:

Please, alert us to any errors or problems that you might notice in the data or the documentation. All comments and remarks are very much appreciated to enhance the quality of the data: isspservice@gesis.org

1 ISSP Series Description

1.1 Series name

The International Social Survey Programme (ISSP)

1.2 Series information

The ISSP is a cross-national collaboration program, which has been continuously conducting annual surveys on diverse social science topics since 1985. The topics for each ISSP survey are proposed by delegates from ISSP member countries. Then, a Basic Questionnaire is composed by a committee, elected by the General Assembly before it is pretested in various countries. Starting in 1984 with four founding nations - Australia, Germany, Great Britain and the United States, the ISSP meanwhile has grown up to almost 50 member countries covering various cultures around the globe.

ISSP Modules 1985 - 2025:

Citizenship: 2004/2014/2023*

- Digital Societies: 2024

- Environment: 1993/2000/2010/2020

- Family and Changing Gender Roles: 1988/1994/2002/2012/2022

- Health and Health Care: 2011/2021

Leisure Time and Sports: 2007

National Identity: 1995/2003/2013/2023*

- Religion: 1991/1998/2008/2018

Role of Government: 1985/1990/1996/2006/2016
 Social Inequality: 1987/1992/1999/2009/2019
 Social Networks (no replications): 1986/2001/2017
 Work Orientations: 1989/1997/2005/2015/2025

*combined

All ISSP members agree

- 1. to jointly develop modules addressing important areas of social science,
- 2. to field the modules either as an individual survey or as supplements to the regular national surveys and
- 3. to make the data available to the social science community as quickly as possible.

As the surveys are designed for replication, they offer the possibility for cross-national and cross-time comparisons, creating the base for a vast range of substantive and methodological research. Since there is no external fund agency, ISSP members fund their own surveys. Beyond that, ISSP committee members fund ISSP central coordination, networking, development of source questionnaires, or methodological work.

For more information on the ISSP in general, its working principles, contact addresses of ISSP members and principal investigators, please, visit the ISSP website (http://www.issp.org).

Publications based on ISSP data, which are made available through GESIS, should acknowledge those sources by means of bibliographic citations. To ensure that such source attributions are captured for social science bibliographic utilities, citations should appear in footnotes or in the reference section of publications.

How to cite the data:

ISSP Research Group (2022): International Social Survey Programme: Social Inequality V - ISSP 2019. GESIS, Cologne. ZA7600 Data file Version 3.0.0, doi: 10.4232/1.14009.

2.2 Content

2.2.1 Abstract

Social Inequality: social inequality.

2.2.2 Topic classification

Importance of different opportunities for getting ahead (wealthy family, well-educated parents, good education, hard work, knowing the right people, political connections, giving bribes, person's race and religion, gender); estimation of actual and reasonable earnings for occupational groups: doctor in general practice, chairman of a large national corporation, shop assistant, unskilled worker in a factory, cabinet minister in the national government; concerns about inequality: income differences are too large in respondent's country; feeling angry about differences in wealth between the rich and the poor (10 point scale); rating the fairness of income distribution in the country.

Social policy and redistribution: responsibility of the government to reduce income differences, the government should provide a decent standard of living for the unemployed; Reducing inequality by market actors: responsibility of private companies to reduce the differences in pay between their employees; market actor with the greatest responsibility for reducing differences in income (private companies, government, trade-unions, high-income individuals themselves, low-income individuals themselves, income differences do not need to be reduced); government inefficacy: most politicians in the country do not care about reducing the differences in income between people with high incomes and people with low incomes; rating of the government's success in reducing the differences in income; opinion on taxation (people with high incomes should pay a larger share of their income in taxes than those with low incomes, the same share, or a smaller share); general rating of taxes in the country as much too high, too high, about right, too low, or much too low; market inequality in social services (just or unjust that people with higher incomes can buy better health care/ better education for their children than people with lower incomes); perceptions of global inequality (present economic differences between rich and poor countries are too large, people in wealthy countries should make an additional tax contribution to help people in poor countries, people from poor countries should be allowed to work in wealthy countries).

Social conflict: rating of social conflicts between different social groups (poor people and rich people, the working class and die middle class, management and workers, young people and older people, people born in the country and people from other countries who have come to live in the country).

Subjective social class / class mobility: Top-Bottom self-placement; Top-Bottom placement of the family the respondent grew up in; Top-Bottom self-placement in 10 years; subjective social class.

Pay criteria: importance of different pay criteria (how much responsibility goes with the job, the number of years spent in education and training, whether the person has children to support, how well he or she does the job).

Characterization of the actual and the preferred type of society of the country, measured by classification on pyramid diagrams (image of society).

Lived experience of inequality: frequency of contact with people who are a lot poorer than the respondent; frequency of contact with people who are a lot richer than the respondent.

Economic insecurity: difficulties to make ends meet from total household's income currently and during the next 12 months; frequency of how often a meal is skipped because there is not enough money for food.

Social trust (people can be trusted vs. can't be too careful in dealing with people).

Background questions: Objective social mobility: father's and mother's employment relationship in respondent's youth; main occupation of father and mother in respondent's youth.

Optional variables:

Lay explanations of inequality (workers would not bother to get skills and qualifications unless they were paid extra for having them, large differences in income are necessary for country's prosperity, inequality continues because it benefits the rich and powerful, inequality continues to exist because ordinary people don't join together to get rid of it).

Perceptions of global inequality: rating of differences in wealth between rich and poor countries as fair or unfair.

Objective social mobility: father's and mother's type of job when the respondent was (14-15-16) years; type of job the respondent has now in his current or last job; type of job the spouse/ partner has now in the current or last job.

Demography: sex; year of birth; age; years of full-time schooling; highest completed degree of education (country-specific); highest completed degree of education (derived from country-specific degree); work: currently, formerly, or never in paid work; hours worked weekly; employment relationship; supervision of other employees; number of other employees supervised; type of organization (for profit/ non-profit, public/ private); occupation (ISCO 2008); main status; living in steady partnership; trade union membership; religious affiliation (country-specific); groups of religious affiliation (derived from country-specific religion); frequency of attendance of religious services; top-bottom self-placement; participation in the last general election; party the respondent voted for in the last general election (country-specific); left-right placement of party the respondent voted for in last general election by expert judgment on party positions; self-assessed affiliation with one or two particular ethnic groups (country-specific); number of persons in the household (household size); household composition: number of adults in the household; number of children above school entry age in the household; number of children below school age in the household; personal income (country-specific); household income (country-specific); legal partnership status; migration background: father's country of birth; mother's country of birth; place of living: urban - rural; region (country-specific).

Information on spouse/partner: work: currently, formerly, or never in paid work; hours worked weekly; employment relationship; supervision of other employees; occupation (ISCO 2008); main status.

Additionally coded: Respondent ID; case substitution flag; flag variable indicating partially completed cases; date of interview (year, month, day); language of the interview; weight; administration mode of data-collection; country (ISO 3166); country/ sample (ISO 3166); country (Prefix ISO 3166).

2.3 Geographic coverage

Austria (AT); Australia (AU); Bulgaria (BG); Switzerland (CH); Chile (CL); Czech Republic (CZ); Germany (DE); Denmark (DK); Finland (FI); France (FR); Great Britain (GB-GBN); Croatia (HR); Israel (IL); Iceland (IS); Italy (IT);

Japan (JP); Lithuania (LT); Norway (NO); New Zealand (NZ); Philippines (PH); Russian Federation (RU); Sweden (SE); Slovenia (SI); Suriname (SR); Thailand (TH); Taiwan (TW); United States (US); Venezuela, Bolivarian Republic of (VE); South Africa (ZA)

2.4 Universe

Persons aged 18 years and older

Exception: Denmark (18 to 79 years), Finland (15 to 74 years), Norway (18 to 79 years), South Africa (from 16 years upwards), Suriname (21 to 74 years) and Sweden (18 to 79 years)

2.5 Selection Method

Probability Sample: Simple Random Probability Sample: Multistage Sample

2.6 Fieldwork and sample sizes

2.7 Mode of data collection

Face-to-face interview: Paper-and-pencil (PAPI)

Face-to-face interview: Computer-assisted (CAPI/ CAMI)

Self-administered questionnaire: Paper

Self-administered questionnaire: Web-based (CAWI)

Telephone interview

3 Corresponding survey material

When dealing with international comparative data, data sets and documentation must be seen as two sides of the same coin. Even though ISSP members make huge efforts to produce comparable data in each country, there still remains a remarkable amount of country-specific peculiarities in the contributions to the final, international data set. These country-specific deviations from the standard either have to be harmonized if possible and definitely be documented, as they provide vital information for secondary analysts. Therefore, a set of procedures has been developed to take care for orderly technical preparation of national data sets and to allow for the systematic collection of required context information.

All corresponding survey materials are provided in English, only the national questionnaires are available in the national language(s) of each country.

3.1 Basic Questionnaire

The ISSP General Assembly concludes the design phase of an ISSP module after intensive discussions on the single items of the Basic Questionnaire roughly a year before the module is fielded. Two thirds of the module questions have to be replications from previous ISSP modules of the same subject. According to this, one third of the questions in each module are new. Subsequent to the mandatory module questions, some preselected optional questions can be added. Finally, ISSP member countries translate the British English Basic Questionnaire to their national language(s) as equivalently as possible.

Drafting group for the Basic Questionnaire on the Social Inequality Module 2019:

- France
- Philippines
- South Africa (Convener)
- Sweden
- United Kingdom
- Venezuela

3.2 Background Variables Standards and Documentation

Apart from the Basic Questionnaire, covering the substantial module variables, countries also have to collect responses on a defined set of ISSP Standard Background Variables, which predominantly contain demographic information. Since the ISSP often runs with larger national surveys, the background variables are mainly taken from these surveys. Thus, demographic issues cannot always be asked in a fixed form by all member countries, since they have to meet the demands of the national studies as well. As a result, the demographic variables for the ISSP need to be post-harmonized according to a developed set of common standards.

Over the past 30 years, the Background Variable Standard has constantly been improved: The first set of background variables was established in 1985 with the first ISSP survey. Here countries agreed on collecting the same demographic information. This list of variables underwent a revision in 2001, now providing a coding frame for each background variable. It was valid until 2009.

In 2010 a new revision process of the ISSP Background Variables started. Beginning with the ISSP module 2010, this first revised version of the ISSP Background Variable Standard, concentrating mainly on variables containing work, occupational and partnership status information, came into effect. The second round of revisions, coming into effect in 2011, had its focus on the education variables, while the last change affected the variables measuring ethnicity, effective with the module 2013. Over the following years, several minor improvements came into effect. The current standard, and a basic history of changes are documented in Background Variable Guidelines which provide detailed information and instructions on the variables' measurement goals, coding frames, filters and possible question texts. Additionally, the recommended

question texts are summarized in a background variable Master Questionnaire.

Since 2004 countries have documented the post-harmonisation processes for each variable in a special documentation template provided by the Archive. This template, always adjusted to the current standard, offers detailed country-specific information on administration, derivation, and coding of the ISSP Background Variables.

All relevant background variable documents are available from the ISSP webpages at GESIS.

3.3 National Study Description/ Technical Report

The National Study Descriptions are provided by the countries and include information on sample sizes, field dates, modes of data collection, sampling procedures, response rates and weighting processes. Starting with ISSP 2018, the National Study Descriptions are replaced by the National Technical Reports which contain additional methodological information, cross-nationally compiled in the Study Monitoring Report.

3.4 Characteristics of National Population

These documents provide statistical data on the composition of national populations in terms of gender, age, education, and employment rates and, thereby, allow assessing the representativity of the national samples.

3.5 Where to find the survey materials and the data set of the ISSP Module of 2019 – Social Inequality V?

Via the GESIS Search function on the GESIS webpages:

https://search.gesis.org/research_data/ZA7600?lang=en

The following study-related survey materials are available for download:

Datasets (SPSS or STATA):

- the integrated data file ZA7600_v3.0.0

Questionnaires:

- the Basic Questionnaire of this module together with
- all country questionnaires in the respective local languages

Other documents:

- this Codebook/ Variable Report,
- the National Technical Reports,
- the Characteristics of National Populations,
- detailed national documentation on phrasing and coding of the Background Variables
- the Study Monitoring Report and
- the Report on Questionnaire Development

The GESIS Search provides the documentation of this integrated data file on variable-level along with search facilities.

Information on fixed errors and resolved problems for this and former data set versions can be also found at GESIS Search under 'Version history' and 'Version changes'.

4 Data set structure and standards

ISSP data sets are processed and documented by GESIS SDC.

To uniquely identify a data set, each data set version has a unique Study No., a Version No., and a Digital Object Identifier (doi). The doi is linked to the Study Description, which is research- and retrievable via GESIS Search (https://search.gesis.org?lang=en). Metadata filled in the Study Description of ISSP 2019 data and associated with a doi are provided to the registration agency for social science data (da|ra).

The doi: 10.4232/1.14009 is assigned to the ISSP 2019 (v3.0.0).

4.1 Data set structure

Usually, the ISSP data sets are structured as follows:

1. Archive and Identification Variables

Administrative variables are used for identifying data sets, respondents, and countries (GESIS Study Number, GESIS Archive Version, Digital Object Identifier, Country Codes, ID Number of Respondent). The GESIS Archive Version variable includes the version and release date of the data set, composed as a string variable with three numbers (e.g. v1.0.0):

- The major number is incremented when there are changes in the composition of the data set (e.g. additional variables or cases).
- The minor or second number is incremented when significant errors have been fixed (e.g. coding errors, misleading value labels).
- The third or revision number is incremented when minor bugs are fixed (e.g. spelling errors in variable or value labels).

Country codes identify each case as belonging to one country. The country code variable, which was used according to a scheme leaning on international automobile identification codes at the beginning of the ISSP, was replaced by two country code variables based on the ISO Code 3166. One variable identifies countries as a whole, the other identifies possible subsamples, such as East and West Germany. The cross-tabulations shown in this Variable Report are based on a third, alphanumerical country code variable.

2. Substantial Variables

The substantial variables contain the mandatory module questions, often supplemented by optional questions.

Variable labels provide keywords based on the question text; these keywords are applied consistently if questions or question items are repeated over time. All substantial variables include the original question number of the Basic Questionnaire in the variable labels. Generally, all variable names consist of the standard prefix "V" and the consecutive variable number.

ISSP 2015 is the first module in which numbering starts with the first substantial variable (v1= Q1). Before that time, numbering started with the archive variables followed by the substantial variables (V4, V5 or V6 = Q1).

3. ISSP Background Variables

In earlier ISSP modules, all variables are numbered consecutively, beginning with the archive variables and followed by substantial and background variables. The last variable of each data set usually is the variable on weighting. Later, the background variables started with V200 et seq. Currently, these variable numbers are expressed by mnemonics with max. 8 characters (SEX, AGE, ...).

4. Country-Specific Variables

Variables, which cannot be harmonized for various reasons, are usually presented as country-specific variables. As a rule, variable names of country-specific variables have country abbreviations as prefixes.

In some of the older ISSP studies, the principle of country-specific variables was not used. Instead, all country-specific information was integrated into one variable.

5. Protocol Variables

There are seven protocol variables in the latest ISSP modules. The variable "MODE" indicates the mode of data collection, while "SUBSCASE" indicates whether a respondent in the sample is an original case or a replacement for an originally selected respondent who was not available. The variables "DATEYR", "DATEMO" and "DATEDY" provide information on the dates and periods of fielding.

ISSP surveys prior to 2010 do not include the three DATE variables for indicating the fielding date and ISSP surveys before 2007 do not contain the SUBSCASE variable.

Starting with ISSP 2019, two additional protocol variables have been added: "INTLANG" indicates the language in which an interview or questionnaire was conducted and the variable "PARTIALS" indicate partially completed interviews (see chapter 4.2).

6. Weight

The weight variable, if provided by the country, may include design and post-stratification weights. Please, consult the Technical Report for detailed information. The ISSP does not provide a population weight variable.

4.1.1 Deviating data set structure in ZA7600

Within the block of module variables, there are two notable deviations that result in five extra variables. The first concerns Norway (Q5, NO_v25). The reason is that one of the content-related response categories was inadvertently not asked. The second deviation concerns questions Q14a-d from Denmark. Again, the discrepancy is due to an inadvertent deviation in the response scale, as the last response category was omitted. This results in four extra variables for Denmark (DK_v44, DK_v45, DK_v46, and DK_v47). Data from these two countries are not comparable with data from the other countries that collected the data according to the ISSP standard.

4.2 Data preparation

On the basis of the Basic Questionnaire, covering the substantial variables, GESIS SDC provides a Standard Setup for each individual ISSP module, which defines the variable and value labels for module and background variables of the integrated data file. All country data sets should be processed and prepared to match the structure of the Standard Setup before the material is deposited to the ISSP Archive for integration and archiving.

After conducting the national surveys, all collaborators are supposed to deposit their data at GESIS SDC, where all the deposited data sets are prepared, integrated, and merged into one single international data set, which is finally published.

During the data preparation process, all national data sets are controlled for completeness, wild codes, for consistency of response patterns and question routing. Besides, all national data are checked for data duplicates. Decisions to delete cases, which are identified as falsified, are always made by the principal investigators.

Three test routines have been proven useful in detecting identical or similar records:

a) Test on the uniqueness of ID numbers

All national data are checked for non-unique ID's (CASEID). Non-unique ID's most likely occur due to data input or data processing errors. They are recoded into unique ID numbers.

b) Test on identical responses

In statistical terms, true cases with identical responses across all survey items are almost impossible. If two or more records are fully identical to each other, usually, one record is kept, and the other duplicated record(s) are deleted.

c) Test on similar responses

A third test, based on the substantial module variables of the data set, detects records that are suspiciously similar to one another (=Near-Duplicates). Pairs or clusters of such records are examined closely. In case the suspicion is not confirmed, these cases are kept and documented in the National Study Description/ National Technical reports of the corresponding country.

However, if two or more records show a high similarity due to a high number of missing answers, no record is deleted. Such cases are identified by our test on partial cases.

The flag variable "PARTIALS" distinguishes three degrees of completeness for a returned questionnaire or interview. A questionnaire/ an interview with...

- 1) less than 50% of valid answers is defined as break-off (encoded to code -1)
- 2) between 50 and 80% of valid answers is defined as partial interview (encoded to code 0)
- 3) more than 80% of valid answers is defined as complete interview (encoded to code 1).

In accordance with AAPOR standards, the count is based on module questions that respondents were asked according to the routing. The answers "Can't choose/ Don' know" are considered as valid answers.

The ISSP decided that from module 2019 on break-off cases won't be included in the data any longer.

Moreover, national derivation processes from source to target codes in the background variables are controlled. Missing values, especially due to filter instructions are checked and recoded, if necessary. Errors, which are discovered during these procedures, are corrected or documented in cooperation with principal investigators.

However, not all inconsistencies are errors. Some inconsistencies might be owed to irrational response behavior or may be a consequence of different modes of data collection in or across the participating countries during the fieldwork phase. Such inconsistencies are not eliminated during the data preparation process.

Complete machine-readable DDI-XML (see chapter 4.5) compliant documentation is created for all ISSP data sets by GESIS.

4.3 Coding frames

The variables of the module questions adopt the coding frame as specified in the Basic Questionnaire, except for multiple response questions.

GESIS adds "Not applicable" (NAP) codes for questions that have filters. NAP indicates that only a subsample and not all the respondents were asked. Also, in the case of country-specific variables, all other countries are coded NAP.

GESIS adds "Not available" (NAV) for variables that in single countries may not have been conducted for whatever reason.

4.3.1 Country-specific answer categories

ISSP data include some questions (variables) which have country-specific answer categories such as DEGREE OF EDUCATION, RESPONDENT'S INCOME, FAMILY INCOME, PARTY AFFILIATION - later PARTY VOTED LAST ELECTION, REGION and SIZE OF COMMUNITY (the latter until ISSP 2009).

For country-specific income variables with response categories, the data is recoded to midpoints of the categories.

Recently additionally provided as country-specific variables: RELIGION (since ISSP 2010), ETHNIC GROUP (since ISSP 2013).

For occupation, official international occupation codes are used. While in the first years of the ISSP many countries used country-specific occupation codes, ISCO 1988 has been established as a standard over the years. Starting with ISSP 2014, ISCO 1988 has been replaced by ISCO 2008.

The educational degree variable is available for each country as a national variable with national-specific values. To facilitate international comparisons, additionally, there is one harmonized variable using the country-specific information of all countries encoded to international standard classifications of education (ISCED 1997 for ISSP 2011- 2019/ ISCED 2011 starting with ISSP 2020).

4.3.2 Missing values

Missing value scheme (ISSP 1985-2018):

0: Not applicable (NAP), Not available (NAV)

7 (97, 997, 9997, ...): Refused

8 (98,998, 9998, ...): Don't know/ Can't choose

9 (99, 999,9999, ...): No answer

From ISSP 2019 on the coding is:

- -1 Not available (NAV)
- -4 Not applicable (NAP)
- -7 Refused
- -8 Don't know/ Can't choose
- -9 No answer

4.4 Weighting

Please note, that there is **no total population weight to be used for international comparison**. While all ISSP data sets contain a weighting variable, the weights in this variable do not incorporate a common weighting scheme that can be applied to all countries of the same ISSP module.

In the Study Description/Technical Report and/ or in the Background Variables Documentation of each country you will find more detailed information on the kind of weights that are provided. You can see whether

- a design weight
- weights to adjust for non-response bias or
- a combination of these both weights above or
- different weighting procedures

are applied. Provision of a design weight is mandatory for countries using household-based sampling methods, as these require compensation for the lower selection probabilities of persons in larger households. If no weight is provided, the variable "Weight" is coded to 1.0. Otherwise, the weighting factor is unequal 1.0 (but greater than 0).

For ISSP data we strongly recommend consulting the National Study Descriptions/ National Technical Reports for information on the weighting factor compositions and maybe even the Characteristics of National Population for more national context information. An initial overview of the national weighting procedures is provided in this Variable Report in chapter 6.

4.5 International documentation standard

The variable documentation is set up in accordance with the international metadata specifications for the social sciences, established by the Data Documentation Initiative <DDI>. The Variable Reports are based on the XML representation of DDI version 2. The documentation combines the exact wording and sequence of question components (question text, interviewer instruction, response categories, etc.) from the Basic Questionnaire with the variable description (variable name, values, and labels) of the data set. General remarks and comments referring to a certain variable are defined as variable notes. Notes mostly include additional information on country-specific deviations from the ISSP standard, information about data inconstancies any specific characteristics.

5 Guidance on variable documentation

The variable documentation part of this Variable Report describes each variable in the data file including all relevant information for this variable, such as the single question components or further notes and statistical distributions. The variable documentation is set up by means of the GESIS Dataset Documentation Manager (DSDM) and in accordance with international metadata standards (DDI-Codebook/XML). In general, the following abbreviations are used to indicate countries or (sub-national) areas. As far as applicable, the ISO 3166-1 alpha-2 country codes have been applied and coded accordingly in the alphanumeric sample identification variable "c_alphan".

AT	Austria	JP	Japan
AU	Australia	LT	Lithuania
BG	Bulgaria	NO	Norway
СН	Switzerland	NZ	New Zealand
CL	Chile	PH	Philippines
CZ	Czech Republic	RU	Russia
DE	Germany	SE	Sweden
DK	Denmark	SI	Slovenia
FI	Finland	SR	Suriname
FR	France	TH	Thailand
GB-GBN	Great Britain	TW	Taiwan
HR	Croatia	US	United States
IL	Israel	VE	Venezuela
IS	Iceland	ZA	South Africa
IT	Italy		

The example below shows the information that appears in the variable documentation part of a Variable Report for a typical substantial variable. Results are usually broken down by country or presented as frequency counts in the case of country-specific variables. In the case of variables with long lists of coded "real" values (e.g. ISCO08/ SPISCO08) results are not shown or, if appropriate, reflected by descriptive indicators such as mean or median (e.g. AGE, country-specific variable RINC and INC). The descriptive parameters mean and/ or median are sometimes also presented, despite the fact, that an open answer scale was used (e.g. WRKHRS code 96 "96 hours or more") to give an idea of the distribution of this variable across countries.

The complete question and answer texts are taken from the final Basic Questionnaire as provided. All deviations are documented in this Variable Report.

Since there is neither an international weighting factor nor a national weighting factor which would be comparable for all participating countries, all frequencies and tables are calculated from **unweighted data.**

Header with DIGITAL OBJECT IDENTIFIER (DOI) linked to the Study Description.

VARIABLE NAME (serial number assigned by the archive) + VARIABLE LABEL as defined in the data set.

QUESTION NUMBER and full QUESTION TEXT from the Basic Questionnaire, including interviewer instructions, if applicable. The numbers or letters that may appear together with the original question number reflect the item order or indicate if a question was asked only in a single country (country abbreviation).

CODE VALUES occurring in the data for this variable and complete ANSWER TEXT from the Basic Questionnaire. Abbreviations commonly used in the code definitions are DK (don't know), NA (no answer), NAP (not applicable) and NAV (not available).

DERIVATION information refers to the construction principle of derived variables.

NOTE delineates additional explanatory text or archive remarks on data processing and other issues relevant for the understanding or application of the variable.

CROSS-TABULATION: The absolute frequencies based on unweighted data. The relative frequencies (row percent) refer to the valid cases (n valid sum), i.e. the total number of cases (n sum) reduced by the number of cases defined as missing data (M).

FREQUENCY COUNTS: For country-specific variables relative frequencies are calculated inand excluding missing data (M), i.e. percent on basis of all cases (sum) and valid percent on basis of the valid cases.

DESCRIPTIVE PARAMETERS: For some intervalscaled variables descriptive parameters such as minimum, maximum, and (if appropriate) median and mean are given on basis of the valid cases. ISSP 2008

Question Text (Original Language)

version - GESIS Archive version

VERSION AND RELEASE DATE OF THE DATA SET

This variable identifies the GESIS archive version number of this data set and the corresponding release date, recorded as a string.

The version number is composed of a sequence of three numbers. The major number is incremented when there are changes in the composition of the data set (e.g. additional variables or cases), the minor or second number is incremented when significant errors have been fixed (e.g. coding errors, misleading value labels), and the third or revision number is incremented when minor bugs are fixed (e.g. spelling errors in variable or value labels).

Variable, Label

Question Text (Original Language)

doi - Digital Object Identifier

Digital Object Identifier (DOI)

This variable holds the Digital Object Identifier (DOI) for the data set at hand as registered via the DA|RA registration agency for economic and social science data. Each data set version (see the variable 'version') has a unique persistent DOI.

For direct access to the complete archive dissemination package for this study, including new data set versions, the DOI needs to be appended to the resolver service URL:

http://dx.doi.org/10.4232/1.14009

In terms of good scientific practice, the DOI is an important element for the correct citation of a data set.

Question Text (Original Language)

c_sample - Country/ Sample ISO 3166 Code (see country for codes for whole nation states)

Country/ Sample (see the variable 'country' for codes for whole nation states).

To indicate the subsamples within the ISSP countries a code on the basis of ISO 3166 was constructed. For all countries without subsamples the three digit ISO 3166 Code (as in the variable 'country') was used.

For those with subsamples a five digit numeric code is used. The first three-digits are based on the original ISO code and indicate the country. The following two-digit numeric appendices (01, 02) indicate the subsamples.

- 36 AU-Australia
- 40 AT-Austria
- 100 BG-Bulgaria
- 152 CL-Chile
- 158 TW-Taiwan
- 191 HR-Croatia
- 203 CZ-Czech Republic

Question Text (Original Language)

c_alphan - Country/ Sample Prefix ISO 3166 Code - alphanumeric

Sample Prefix ISO 3166 Code - Alphanumeric

ISO 3166 Country/ Sample Prefix

This alphanumerical country sample identification variable c_alphan includes country codes that are based on ISO 3166.

All countries are coded in accordance with the ISO 3166-1-alpha-2 country code, if available. ISO 3166-2 is applied for the UK's subsample Great Britain (GB-GBN).

For examining subsamples from Germany (East/ West) and Israel (Jewish/ Arab population) the variable 'c_sample' can be used as a flag variable.

 $This \ alphanumerical \ sample \ identification \ variable \ c_alphan \ is \ used \ for \ the \ tables \ shown \ in \ the \ Variable \ Report:$

Question Text (Original Language)

v11 - Q2a Actually earn: About how much do you think a doctor in general practice earns?

Q2

We would like to know what you think people in these jobs actually earn. Please write in how much you think they usually earn each [YEAR/ MONTH/ FORTNIGHT/ WEEK], [BEFORE/ AFTER] taxes. Many people are not exactly sure about this, but your best guess will be close enough. This may be difficult, but it is very important. So please try.

(Please write in how much they ACTUALLY earn each [YEAR/ MONTH/ FORTNIGHT/ WEEK], [BEFORE/ AFTER] taxes.)

Q2a

About how much do you think a doctor in general practice earns?

- -9 No answer
- -8 Don't know

Note:

- AT: Monthly income before taxes in EUR.
- AU: Yearly income before taxes in AUD.
- BG: Monthly income before taxes in BGN.
- CH: Monthly income after taxes in CHF.
- CL: Monthly income after taxes in CLP.
- CZ: Monthly income after taxes in CZK.
- DE: Monthly income before taxes in EUR.
- DK: Yearly income before taxes in DKK.
- FI: Monthly income before taxes in EUR.
- FR: Monthly income in EUR after deduction of social security contributions, but before deduction of taxes.
- GB-GBN: Yearly income before taxes in GBP.
- HR: Monthly income after taxes in HRK.
- IL: Monthly income after taxes in ILS.
- IS: Monthly income before taxes in ISK.
- IT: Monthly income after taxes in EUR.
- JP: Yearly income before taxes in JPY.
- LT: Monthly income after taxes in EUR.
- NO: Yearly income before taxes in NOK.
- NZ: Yearly income before taxes in NZD.
- PH: Yearly income before taxes in PHP.
- RU: Monthly income (not specified in the question whether gross or net income, but people in Russia more often mean net salaries).
- SE: Monthly income before taxes in SEK.
- SI: Monthly income after taxes in EUR.
- SR: Monthly income after taxes in SRD.
- TH: Monthly income before taxes in THB.
- TW: Monthly income before taxes in TWD.

US: Yearly income before taxes in USD.

VE: Monthly income in VES.

ZA: Monthly income before taxes in ZAR.

/ CH: It is clear that for some jobs (particularly chairman of a large national company/ cabinet minister), some respondents gave an answer based on a yearly earning (also because it is more common to speak about a yearly pay for such jobs). However, there are also numerous keying mistakes where it was too difficult to disentangle keying errors from a yearly answer. An individual manual check was started without convincing results that the problem could be sufficiently solved for all cases. Therefore, the original answers were kept as were.

/ FR: In Q2 and Q3, the instruction for answering these questions used the term 'before taxes' because of the new tax regulations on wages (withholding tax).

/ JP: Variables for Q2 and Q3 includes high missing rates (~ 50 percent), this goes back to a different question format consisting on an additional comment in the original Japanese questionnaire to say 'I don't know' if one does not know.

/ VE: In 14 years, between 2007 and 2021, the Venezuelan currency has undergone three currency conversions in which 14 zeros were subtracted. A process of hyperinflation began in November 2017 and ended four years later. In August 2022, Venezuela was still a country with one of the highest inflation rates in the world. So many changes in such a short period of time are likely to have an impact on the information provided by the respondents, so the validity of the information might be considered limited.

Question Text (Original Language)

v14 - Q2d Actually earn: How much do you think an unskilled worker in a factory earns?

Q2

We would like to know what you think people in these jobs actually earn. Please write in how much you think they usually earn each [YEAR/ MONTH/ FORTNIGHT/ WEEK], [BEFORE/ AFTER] taxes. Many people are not exactly sure about this, but your best guess will be close enough. This may be difficult, but it is very important. So please try.

(Please write in how much they ACTUALLY earn each [YEAR/ MONTH/ FORTNIGHT/ WEEK], [BEFORE/ AFTER] taxes.)

Q2d

How much do you think an unskilled worker in a factory earns?

- -9 No answer
- -8 Don't know

Note:

- AT: Monthly income before taxes in EUR.
- AU: Yearly income before taxes in AUD.
- BG: Monthly income before taxes in BGN.
- CH: Monthly income after taxes in CHF.
- CL: Monthly income after taxes in CLP.
- CZ: Monthly income after taxes in CZK.
- DE: Monthly income before taxes in EUR.
- DK: Yearly income before taxes in DKK.
- FI: Monthly income before taxes in EUR.
- FR: Monthly income in EUR after deduction of social security contributions, but before deduction of taxes.
- GB-GBN: Yearly income before taxes in GBP.
- HR: Monthly income after taxes in HRK.
- IL: Monthly income after taxes in ILS.
- IS: Monthly income before taxes in ISK.
- IT: Monthly income after taxes in EUR.
- JP: Yearly income before taxes in JPY.
- LT: Monthly income after taxes in EUR.
- NO: Yearly income before taxes in NOK.
- NZ: Yearly income before taxes in NZD.
- PH: Yearly income before taxes in PHP.
- RU: Monthly income (not specified in the question whether gross or net income, but people in Russia more often mean net salaries).
- SE: Monthly income before taxes in SEK.
- SI: Monthly income after taxes in EUR.
- SR: Monthly income after taxes in SRD.
- TH: Monthly income before taxes in THB.
- TW: Monthly income before taxes in TWD.

US: Yearly income before taxes in USD.

VE: Monthly income in VES.

ZA: Monthly income before taxes in ZAR.

/ CH: It is clear that for some jobs (particularly chairman of a large national company/ cabinet minister), some respondents gave an answer based on a yearly earning (also because it is more common to speak about a yearly pay for such jobs). However, there are also numerous keying mistakes where it was too difficult to disentangle keying errors from a yearly answer. An individual manual check was started without convincing results that the problem could be sufficiently solved for all cases. Therefore, the original answers were kept as were.

/ FR: In Q2 and Q3, the instruction for answering these questions used the term 'before taxes' because of the new tax regulations on wages (withholding tax).

/ JP: Variables for Q2 and Q3 includes high missing rates (~ 50 percent), this goes back to a different question format consisting on an additional comment in the original Japanese questionnaire to say 'I don't know' if one does not know.

/ VE: In 14 years, between 2007 and 2021, the Venezuelan currency has undergone three currency conversions in which 14 zeros were subtracted. A process of hyperinflation began in November 2017 and ended four years later. In August 2022, Venezuela was still a country with one of the highest inflation rates in the world. So many changes in such a short period of time are likely to have an impact on the information provided by the respondents, so the validity of the information might be considered limited.

- FI: Monthly income before taxes in EUR.
- FR: Monthly income in EUR after deduction of social security contributions, but before deduction of taxes.
- GB-GBN: Yearly income before taxes in GBP.
- HR: Monthly income after taxes in HRK.
- IL: Monthly income after taxes in ILS.
- IS: Monthly income before taxes in ISK.
- IT: Monthly income after taxes in EUR.
- JP: Yearly income before taxes in JPY.
- LT: Monthly income after taxes in EUR.
- NO: Yearly income before taxes in NOK.
- NZ: Yearly income before taxes in NZD.
- PH: Yearly income before taxes in PHP.
- RU: Monthly income (not specified in the question whether gross or net income, but people in Russia more often mean net salaries).
- SE: Monthly income before taxes in SEK.
- SI: Monthly income after taxes in EUR.
- SR: Monthly income after taxes in SRD.
- TH: Monthly income before taxes in THB.
- TW: Monthly income before taxes in TWD.
- US: Yearly income before taxes in USD

VE: Monthly income in VES.

ZA: Monthly income before taxes in ZAR.

/ CH: It is clear that for some jobs (particularly chairman of a large national company/ cabinet minister), some respondents gave an answer based on a yearly earning (also because it is more common to speak about a yearly pay for such jobs). However, there are also numerous keying mistakes where it was too difficult to disentangle keying errors from a yearly answer. An individual manual check was started without convincing results that the problem could be sufficiently solved for all cases. Therefore, the original answers were kept as were.

/ FR: In Q2 and Q3, the instruction for answering these questions used the term 'before taxes' because of the new tax regulations on wages (withholding tax).

/ JP: Variables for Q2 and Q3 includes high missing rates (~ 50 percent), this goes back to a different question format consisting on an additional comment in the original Japanese questionnaire to say 'I don't know' if one does not know.

/ VE: In 14 years, between 2007 and 2021, the Venezuelan currency has undergone three currency conversions in which 14 zeros were subtracted. A process of hyperinflation began in November 2017 and ended four years later. In August 2022, Venezuela was still a country with one of the highest inflation rates in the world. So many changes in such a short period of time are likely to have an impact on the information provided by the respondents, so the validity of the information might be considered limited.

Question Text (Original Language)

v20 - Q3e Should earn: How much do you think a cabinet minister in the [national] government should earn?

Q3

Next, what do you think people in these jobs ought to be paid? How much do you think they should earn each [YEAR/ MONTH/ FORTNIGHT/ WEEK], [BEFORE/ AFTER] taxes, regardless of what they actually get...

(Please write in how much they SHOULD earn each [YEAR/ MONTH/ FORTNIGHT/ WEEK], [BEFORE/ AFTER] taxes.)

Q3e

How much do you think a cabinet minister in the [national] government should earn?

- -9 No answer
- -8 Don't know

Note:

In Q2 and Q3 (v11-v20), income was surveyed as follows in the respective countries:

- AT: Monthly income before taxes in EUR.
- AU: Yearly income before taxes in AUD.
- BG: Monthly income before taxes in BGN.
- CH: Monthly income after taxes in CHF.
- CL: Monthly income after taxes in CLP.
- CZ: Monthly income after taxes in CZK.
- DE: Monthly income before taxes in EUR.
- DK: Yearly income before taxes in DKK.
- FI: Monthly income before taxes in EUR.
- FR: Monthly income in EUR after deduction of social security contributions, but before deduction of taxes.
- GB-GBN: Yearly income before taxes in GBP.
- HR: Monthly income after taxes in HRK.
- IL: Monthly income after taxes in ILS.
- IS: Monthly income before taxes in ISK.
- IT: Monthly income after taxes in EUR.
- JP: Yearly income before taxes in JPY.
- LT: Monthly income after taxes in EUR.
- NO: Yearly income before taxes in NOK.
- NZ: Yearly income before taxes in NZD.
- PH: Yearly income before taxes in PHP.
- RU: Monthly income (not specified in the question whether gross or net income, but people in Russia more often mean net salaries).
- SE: Monthly income before taxes in SEK.
- SI: Monthly income after taxes in EUR.
- SR: Monthly income after taxes in SRD.
- TH: Monthly income before taxes in THB.
- TW: Monthly income before taxes in TWD.
- US: Yearly income before taxes in USD

VE: Monthly income in VES.

ZA: Monthly income before taxes in ZAR.

/ CH: It is clear that for some jobs (particularly chairman of a large national company/ cabinet minister), some respondents gave an answer based on a yearly earning (also because it is more common to speak about a yearly pay for such jobs). However, there are also numerous keying mistakes where it was too difficult to disentangle keying errors from a yearly answer. Question Text (Original Language)

v21 - Q4a Differences in income in [COUNTRY] are too large.

Q4

To what extent do you agree or disagree with the following statements?

(Please tick one box on each line.)

Q4a

Differences in income in [COUNTRY] are too large.

- -9 No answer
- -8 Can't choose
- 1 Strongly agree
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Strongly disagree

Note:

/ NO: In 2009, income was wrongly translated to wages (lønn) instead of income (inntekt). This translation error has been corrected from 'Wage differences in Norway are too large' in 2009 to 'Income differences in Norway are too large' in 2019.

/ FR: For harmonization purposes, 'strongly disagree' was translated into 'pas d'accord du tout', instead of 'tres fort desaccord' used in 2009.

Question Text (Original Language)

v22 - Q4b It is the responsibility of the government to reduce the differences in income between people with high and low incomes.

Q4

To what extent do you agree or disagree with the following statements?

(Please tick one box on each line.)

Q4b

It is the responsibility of the government to reduce the differences in income between people with high incomes and those with low incomes.

- -9 No answer
- -8 Can't choose
- 1 Strongly agree
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Strongly disagree

Note:

/ NO: In 2009, income was wrongly translated to wages (lonn) instead of income (inntekt). This translation error has been corrected from 'It is the resposibility of the government to reduce wage differences between those with high and those with low income' in 2009 to 'It is the responsibility of the government to reduce income differences between people with high incomes and those with low incomes' in 2019.

/ FR: For harmonization purposes, 'high incomes/ low incomes' were translated into 'revenus eleves/ bas revenus', instead of 'revenus importants/ revenus faibles' in 2009. For the same reason, 'strongly disagree' was translated into 'pas d'accord du tout', instead of 'tres fort desaccord' used in 2009.

Question Text (Original Language)

v24 - Q4d It is the responsibility of private companies to reduce the differences in pay between their employees with high and low pay.

Q4

To what extent do you agree or disagree with the following statements?

(Please tick one box on each line.)

Q4d

It is the responsibility of private companies to reduce the differences in pay between their employees with high pay and those with low pay.

- -9 No answer
- -8 Can't choose
- 1 Strongly agree
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Strongly disagree

Note:

/ FR: For harmonization purposes, 'strongly disagree' was translated into 'pas d'accord du tout', instead of 'tres fort desaccord' used in 2009.

Question Text (Original Language)

NO_v25 - Q5 Who has greatest responsibility for reducing differences in income between people with high and low incomes? (Norway)

Q5

Looking at the list below, who do you think should have the greatest responsibility for reducing differences in income between people with high incomes and people with low incomes?

(Please tick one box only.)

- -9 No answer
- -8 Cant choose
- -1 Not available: Other countries
- 1 Private companies
- 2 Government
- 3 Trade unions
- 4 High-income individuals themselves
- 6 Income differences do not need to be reduced

Note:

/ NO: Due to an oversight, ISSP response option 5 'Low income-income individuals themselves' was not asked in the Norwegian questionnaire. Answer options were 1 'Private companies', 2 'Government', 3 'Trade unions', 4 'High-income individuals themselves' and 5 'Income differences do not need to be reduced'. In the integreated file, a separate variable was created for Norway, and obervations included in original code 5 were recoded to ISSP standard code 6.

Question Text (Original Language)

v28 - Q8a Tax: Do you think people with high incomes should pay a larger share of their income in taxes than those with low incomes?

Q8a

Do you think people with high incomes should pay a larger share of their income in taxes than those with low incomes, the same share, or a smaller share?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Much larger share
- 2 Larger
- 3 The same share
- 4 Smaller
- 5 Much smaller share

Note:

/ FR: For harmonization purposes, 'high incomes/ low incomes' were translated into 'revenus eleves/ bas revenus' instead of 'hauts revenus/ revenus modestes' used in 2009.

Question Text (Original Language)

v32 - Q10 Do you feel angry about differences in wealth between the rich and the poor?

Q10

Some people feel angry about differences in wealth between the rich and the poor, while others do not. How do you feel when you think about differences in wealth between the rich and the poor in [COUNTRY]? Please place yourself on a scale of 0 to 10, where 0 means not angry at all and 10 means extremely angry.

(Please tick one box only.)

Question Text (Original Language)

v41 - Q13a [TOPBOT] Groups tending towards top+bottom. Where would you put yourself on this scale?

Q13a

In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?

(Please tick one box only.)

- < This variable is a standard background variable and should replace the standard background variable TOPBOT.>
- -9 No answer; BG: Can't choose; CH, FR, VE, ZA: Can't choose, No answer
- 1 Bottom, Lowest, 01
- 2 02
- 3 03
- 4 04
- 5 05
- 6 06
- 7 07
- 8 08
- 9 09
- 10 Top, Highest, 10

Note:

See also variable TOPBOT.

/ BG: The design of the scale in the Bulgarian questionnaire differed (the highest category 'Top' was assigned to the lowest value '1' and the lowest category 'Bottom' to the highest value '10'). It has been a posteriori reversed and recoded to meet the ISSP standard.

Question Text (Original Language)

v42 - Q13b Where did the family that you grew up in, fit in then?

[Q13a

In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?]

Q13b

And if you think about the family that you grew up in, where did they fit in then?

(Please tick one box only.)

- -9 No answer; BG: Can't choose; CH, FR, VE, ZA: Can't choose, No answer
- 1 Bottom, Lowest, 01
- 2 02
- 3 03
- 4 04
- 5 05
- 6 06
- 7 07
- 8 08
- 9 09
- 10 Top, Highest, 10

Note:

/ BG: The design of the scale in the Bulgarian questionnaire differed (the highest category 'Top' was assigned to the lowest value '1' and the lowest category 'Bottom' to the highest value '10'). It has been a posteriori reversed and recoded to meet the ISSP standard.

Question Text (Original Language)

v43 - Q13c Ahead 10 years from now, where do you think you will be on this scale?

[Q13a

In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?]

Q13c

And thinking ahead 10 years from now, where do you think you will be on a scale of 1 to 10, where 10 is the top and 1 the bottom?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Bottom, Lowest, 01
- 2 02
- 3 03
- 4 04
- 5 05
- 6 06
- 7 07
- 8 08
- 9 09
- 10 Top, Highest, 10

Note:

/ BG: The design of the scale in the Bulgarian questionnaire differed (the highest category 'Top' was assigned to the lowest value '1' and the lowest category 'Bottom' to the highest value '10'). It has been a posteriori reversed and recoded to meet the ISSP standard.

/ DK: 'Can't choose' was not offered as a response option in the Danish questionnaire.

Question Text (Original Language)

DK_v44 - Q14a Important for pay: How much responsibility goes with the job? (Denmark)

Q14

In deciding how much people ought to earn, how important should each of these things be, in your opinion...

(Please tick one box on each line.)

Q14a

How much responsibility goes with the job - how important do you think that ought to be in deciding pay?

- -9 No answer
- -8 Can't choose
- -1 Not available: Other countries
- 1 Essential
- 2 Very important
- 3 Fairly important
- 4 Not very important

Note:

/ DK: Due to an oversight, ISSP response option 5 'Not important at all' was not asked in the Danish questionnaire. In the integreated file, a separate variable was created for Denmark, since the results for Denmark are not comparable with those of the other countries due to this deviation.

DK_v45 - Q14b Important for pay: The number of years spent in education and training? (Denmark)

Q14

In deciding how much people ought to earn, how important should each of these things be, in your opinion...

(Please tick one box on each line.)

Q14b

The number of years spent in education and training?

- -9 No answer
- -8 Can't choose
- -1 Not available: Other countries
- 1 Essential
- 2 Very important
- 3 Fairly important
- 4 Not very important

Note:

/ DK: Due to an oversight, ISSP response option 5 'Not important at all' was not asked in the Danish questionnaire. In the integreated file, a separate variable was created for Denmark, since the results for Denmark are not comparable with those of the other countries due to this deviation.

Question Text (Original Language)

v48 - Q15a Type of society: What type of society is [COUNTRY] today - which diagram comes closest?

Q15

These five diagrams show different types of society. Please read the descriptions and look at the diagrams and decide which you think best describes [COUNTRY] ...

Q15a

First, what type of society is [COUNTRY] today - which diagram comes closest?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose: BG: incl. refused
- -4 IS: Not applicable, not asked in telephone interviews
- 1 A: Small elite at top, few people in middle, great mass at bottom.
- 2 B: Pyramid with small elite at top, more people in middle, most at bottom.
- 3 C: Pyramid except that just a few people are at the bottom.
- 4 D: Society with most people in the middle.
- 5 E: Many people near the top, and only a few near the bottom.

Note:

/ CH: In principle, the online questionnaire version was programmed so that the layout was also suitable for mobile phones. For Q15a-b, however, a mode adaptation was necessary. On mobile phones, the five diagrams automatically change from a horizontal to a vertical layout. In addition, the definitions of the types of societies were added to the response categories (for all modes) to ensure that all respondents would have the different definitions of the types defined and presented altogether when answering.

/ IS: Questions Q15a and Q15b (with diagrams showing different types of societies) were omitted in the telephone survey because respondents could not be shown the visuals necessary to comprehend the guestions.

Question Text (Original Language)

v49 - Q15b Type of society: What do you think [COUNTRY] ought to be like - which would you prefer?

Q15

These five diagrams show different types of society. Please read the descriptions and look at the diagrams and decide which you think best describes [COUNTRY]:

Q15b

What do you think [COUNTRY] ought to be like - which would you prefer?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose: BG: incl. refused
- -4 IS: Not applicable, not asked in telephone interviews
- 1 A: Small elite at top, few people in middle, great mass at bottom.
- 2 B: Pyramid with small elite at top, more people in middle, most at bottom.
- 3 C: Pyramid except that just a few people are at the bottom.
- 4 D: Society with most people in the middle.
- 5 E: Many people near the top, and only a few near the bottom.

Note:

/ CH: In principle, the online questionnaire version was programmed so that the layout was also suitable for mobile phones. For Q15a-b, however, a mode adaptation was necessary. On mobile phones, the five diagrams automatically change from a horizontal to a vertical layout. In addition, the definitions of the types of societies were added to the response categories (for all modes) to ensure that all respondents would have the different definitions of the types defined and presented altogether when answering.

/ IS: Questions Q15a and Q15b (with diagrams showing different types of societies) were omitted in the telephone survey because respondents could not be shown the visuals necessary to comprehend the guestions.

Question Text (Original Language)

v57 - Q20a Father's employment relationship when R was [14-15-16] years old.

Q20a

When you were [14-15-16] years old, was your father an employee, self-employed, or working for his own family's business? If your father did not have a paid job at the time, please give information about his last job before that time.

(Please tick one box only.)

- -9 No answer; BG: Refused; ZA: incl. refused
- -8 Can't choose
- 1 Employee
- 2 Self-employed without employees
- 3 Self-employed with employees
- 4 Working for own family's business
- 5 Father never had a paid job
- 6 Father unknown; IL, VE: + father already passed away; SE: Don't know/ Don't remember
- 7 SI: Other; TH: Help for own family's farm

Note:

This question is part of the ISSP 2019 module questionnaire but is a BACKGROUND QUESTION. As a background question, it can be asked separately from the attitudinal questions and do not need to be with the other ISSP questions.

/ NO: Answer option 'Father unknown' (code 6) was not asked.

/ SR: Question referred to R's age of 12 years. Answer option 'Father unknown' (code 6) was not asked.

Question Text (Original Language)

v59 - Q21a When you were [14-15-16] years old, what kind of work did your father do?

Q21a

When you were [14-15-16] years old, what kind of work did your father do; what was his main occupation?

Describe fully, using two words or more (do not use initials or abbreviations). If your father did not have a paid job at the time, please give information about his last job before that time.

Note:

Coded according to the International Labour Office's International Standard Classification of Occupations 2008 (full 4 digit code).

This question is part of the ISSP 2019 module questionnaire but is a BACKGROUND QUESTION. As a background question, it can be asked separately from the attitudinal questions and do not need to be with the other ISSP questions.

Variable, Label

Question Text (Original Language)

v60 - Q21b When you were [14-15-16] years old, what kind of work did your mother do?

Q21b

When you were [14-15-16] years old, what kind of work did your mother do; what was her main occupation?

Describe fully, using two words or more (do not use initials or abbreviations). If your mother did not have a paid job at the time, please give information about her last job before that time.

/ FR: No option of non-response. SEX is included in weighting procedure.

Variable, Label
Question Text (Original Language)
SEX - Sex of Respondent
BVQ_01. SEX
Are you?
AT: Sex.
AU: Are you?
BG: Sex (Interviewer observation; asked, if difficult to assess).
CH: Are you a man or a woman?
CL: Sex.
CZ: Enter respondent's sex (Interviewer observation).
DE: You are
DK: Are you?
FI: Are you?
FR: Are you?
GB-GBN: SEX (Interviewer observation).
HR: Respondent's sex.
IL: Sex.
IS: Sex - interviewer observation or 'Are you male, female or do you identify yourself in a different way?' (If not answered, taken from the sample
list).
IT: Sex.
JP: Sex / Please circle the appropriate figure.
LT: Respondent's sex (Don't ask this question, if obvious).
NO: Are you?
NZ: What is your gender?
PH: Are you?
RU: Respondent's sex (Interviewer observation).
SE: Info taken from national register, not asked in survey.
SI: Sex.
SR: Are you male or female?
TH: SEX (Interviewer observation).
TW: Gender.
US: Derived from 'Do you describe yourself as male, female, or transgender?' and 'Was your sex recorded as male or female at birth?'
VE: Sex:
ZA: Sex of respondent (copy from contact sheet).
-9 No answer
1 Male
2 Female
Note:

/ IS: In face-to-face interviews the interviewers registered the respondents gender but did not ask. In the web survey and telephone survey respondents were asked if they were male, female, or identified in another way. No respondent chose the third option, to identify in a different way. Moreover, sex is one of the variables that come with the sample list from the National Registry of Iceland. The sample information was used for those who did not give an answer about their sex. Therefore, there are no missing answers in the dataset.

/ JP: Respondent's sex can be known also from the sampling frame.

/ NO: Item non-response replaced by data from Central Register of Persons.

/ NZ: Asked as free text. SEX includes imputations taken from the sampling frame for the cases where no response was given.

Question Text (Original Language)
BIRTH - Year of birth
BVQ_02. BIRTH
When were you born?
(Please, write in the year of your birth, use four digits for the year.)
COMMENT TO BIRTH: BIRTH can be asked as an alternative to asking about AGE; the ISSP prefers BIRTH being asked. If BIRTH is not asked, it must be
computed by DATEYR 'year of interview' minus AGE 'age of respondent'.
AT: When were you born? Please tell me your year of birth:
AU: When were you born?
BG: When were you born? YEAR.
CH: In which year were you born?
CL: What is your date of birth (Day: / Month: / Year:)?
CZ: What year were you born?
DE: Please enter the month and the year of your birth: Month Year
DK: Derived from 'What is your date of birth? Select from drop-down list: Day / Month / Year'
FI: What year were you born? Year
FR: What is your year of birth?
GB-GBN: Computed: BIRTH = DATEYR - AGE.
HR: Age of respondent. (Int.: Please enter the year of birth)
IL: When were you born?
IS: What year were you born? (If not answered, taken from the sample list).
IT: Year of birth.
JP: Year of Birth / Circle the appropriate figure and indicate your year of birth.
LT: Computed: BIRTH = DATEYR - AGE.
NO: When were you born?
NZ: Please indicate the year in which you were born:
PH: When were you born? Year of BIRTH
RU: Year of birth.
SE: Info taken from national register, not asked in survey.
SI: When were you born? Please, tell us just your year of birth.
SR: When were you born? (Please note: the questionnaire is only intended for people aged 21 - 74.) Month: Year: 19
TH: Year of birth - B.E. (Please ask year of birth or ask about the age and then calculate year of birth).
TW: When were you born? R.O.C Year, Month.
US: What is your date of birth?
VE: What year were you born?
ZA: Computed: BIRTH = DATEYR - AGE.
-9 No answer
1914 1914

1932 1932; US: 1932 or earlier

2004 2004

Note:

/ CL: BIRTH and AGE, both information was requested - with BIRTH directly following AGE. However, not all respondents have also answered the question about BIRTH.

/ DK: The drop-down list for years runs from 1939 and 2001 since the lower age cut-off was 18 and the upper age cut-off was 79 years of age.

/ FR: No option of non-response. BIRTH resp. AGE is included in weighting procedure.

/ IS: Year of birth is one of the variables that come with the sample list from the National Registry of Iceland. The sample information was used for those who did not give an answer about their year of birth. Therefore, there are no missing answers in the dataset.

/ JP: Respondents were asked to indicate the era in which they were born and then the year within the era (F2G - Era: 1 Meiji, 2 Taisho, 3 Showa, 4 Heisei; F2N - Year: Meiji 1-45=1868-1912, Taisho 1-15=1912-1926, Showa 1-64=1926-1989, Heisei 1-31=1989-2019). Respondent's sex can be known also from the sampling frame.

/ NO: Asked for year of birth.

/ TH: Data is computed from B.E. to A.D. by minus 543 (fieldwork year is 2562 B.E. which correspondes to 2019 A.D.).

/ TW: R.O.C. year = A.D. year-1911, example A.D. 2019-1911 = R.O.C. year 108.

Question Text (Original Language)

EDUCYRS - Years of full-time schooling

BVQ_03. EDUCYRS

How many years (full-time equivalent) have you been in formal education?

Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years.

If you are currently in education, count the number of years you have completed so far.

(Please enter number of years or tick a box as applicable.)	

AT: Not asked; derived from AT_DEGR.

AU: How many full years of schooling or education have you had? Please include primary and secondary schooling, university and full-time vocational training, but do not include repeated years. If you are currently in education count the number of years you have completed so far. BG: How many years have you studied, in schools, at university etc.? _ _ YEARS.

CH: Derived from 'How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.' and 'And, if appropriate, how many years (full-time equivalent) have you been in apprenticeship? If you have not done an apprenticeship, enter '0'.

CL: Without taking into account grade repetitions, how many approved years of study do you have?

CZ: How many years of schooling or education have you had? Please include all years of full-time study, even if you did not graduate from that school. Do not forget about primary school. Do not include vocational and requalification courses, part-time study or distance learning. Do not include repeated years.

DE: How many full years of schooling or education have you had in total, including primary and secondary schooling, university and full-time vocational training at school, but not including in-firm training. If you have ever repeated a year, please do NOT include these years. If you are currently at school or university, please count the number of years you have already completed at school or university.

DK: How many years of full time schooling do you have? – Write numbers of years (This includes both elementary school, upper secondary educations including common gymnasium, HF, HHX, HTX, HH and HG as well as vocational education and higher education. This does not include traineeship, vocational training and the like. If you are in training, count the number of years that you have completed so far).

FI: How many years have you gone to school or studied altogether? Include primary education, lower secondary education, general upper secondary education, all full-time education aiming at a vocational qualification and higher education. If you are still at school or studying, please provide the number of full years of schooling or education you have had so far.

FR: Derived from 'At what age did you stop your studies? Please enter the number 0 below if you have never been to school. If you are still in training, indicate your current age.'

GB-GBN: Derived by subtracting 5 years (school starting age in Britain) from the answer to 'How old were you when you completed your continous full-time education?'. (When R 'Still at school/ college or university' EDUCYRS = AGE minus 5.)

HR: How many years of formal education do you have?

IL: How many years (full-time equivalent) have you been in formal education?

IS: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

IT: On the whole, how many years have you been in full-time formal education? Include education years from primary schooling up until university and other post-secondary education. (If you are currently in education, please count the number of years you have completed so far.)

JP: How many years of education did you receive from the time you entered elementary school to the time you graduated or left your final place of

education? Do not include any time spent at 'cram schools', higher vocational schools or schools in the miscellaneous category.

LT: How many full years of schooling or education have you had? Please indicate how many years of schooling or education in primary, secondary, vocational or gymnasium school, college, university or institute you have completed. If you repeated a school year or course several times, count only the first year. If you are currently in education, count the number of years you have completed so far. If you had part-time education, please count how many years of full-time education it would be equivalent to.

NO: How many years (full-time equivalent) have you been in formal education? Please include all schooling and education, including compulsory school and apprenticeship.

NZ: For how many years have you been in formal education in your life (including primary school)?

PH: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

RU: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

SE: How many years of full-time education have you had? Include primary school, and, if applicable, gymnasium and college/ university education. If you are currently in education, count the number of years you have completed so far.

SI: How long did your schooling last? Consider all types of schooling from primary school to university, including professional education, training period, but do not count class repetitions.

SR: How many years have you been in formal education (starting at grade 1 of primary school)? If part-time, count back to fulltime. Do not include repeated years. If you are currently in education, count the number of years you have completed so far.

TH: Write the number of education years _____ years (how many years of full-time formal schooling - or equivalent - including primary school, secondary school, vocational school, university, and full-time training, but not include repeated years; if currently in education, count number of years completed so far).

TW: How many years of school education have you had since Grade 1 in elementary school?

US: Derived from 'What is the highest grade in elementary school or high school that you finished and got credit for?' and 'Did you ever complete one or more years of college for credit - not including schooling such as business college, technical or vocational school?' and (If Yes) 'How many years did you complete?'

VE: Derived from 'What is the highest level of education that you have completed?'

ZA: How many years of full time education have you completed? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If respondent is currently in education, count the number of years completed so far.

- -9 No answer; BG: incl. refused; GB-GBN: Refused
- -8 Don't know
- 0 No formal schooling, no years at school
- 1 One year
- 20 20 years; US: 20 or more years
- 78 78 years

Note:

/ CH: EDUCYRS is asked in two steps, asking separately for years of apprenticeship, which can be done as dual education (in enterprise and school) as well as in fulltime schools. EDUCYRS is then computed by adding the numbers of years of the two questions. A significant number of respondents gave no answer the first question (number of years in full-time education), but answered the second (number of years in apprenticeship). As the most frequent compulsory schooling are 9 years, a correction was made for reintroducing those cases on the variable EDUCYRS.

/ DK: Answers 50 years+ were recoded to missing values.

/ FR: EDUCYRS=Age at the end of education minus 6 (school starting age); if still in education (MAINSTAT=3): AGE minus 6 (school starting age).

/ IS: Please note that EDUCYRS might not include full years of education. According to the 1907 law farmer's children were supposed to be at least 2

months a year in school and children who lived in towns for 6 months a year. This difference between rural and 'urban' areas stayed for a long time and in fact stayed in some form all up until 1991. Respondents could be adding up the months they attended school and transform that into whole years since they went to school for such a short periods at a time. When adding up, they might have attended school for one or two months each semester (for the age 7/8/9 until 12/13/14). Originally, the values included decimal numbers to reflect the true situation. The values were retrospectively rounded to whole numbers following the required ISSP standard for this variable.

/ SE: Gymnasium = secondary school.

Question Text (Original Language)

DE_DEGR - Country specific highest completed degree of education: Germany

DE_DEGR - Germany: Country specific highest completed degree of education

Please enter the HIGHEST general school leaving certificate which you have.

(Please tick one box only.)

What vocational or professional training do you have?

(Please tick all that applies. Multiple responses possible.)

(IF POLYTECHNIC DEGREE OR UNIVERSITY DEGREE)

What is the highest polytechnic or university degree you have graduated with?

(Please tick the highest degree only!)

- -9 No answer
- -2 Not applicable, other countries
- 1 Still at school: less than 7 years of schooling
- 2 Still at school: 7 years of schooling and more
- 3 School left without certificate
- 4 Lower secondary (Hauptschule)
- 5 Middle school (mittlere Reife)
- 6 Secondary, technical (Fachhochschulreife)
- 7 Higher secondary (Abitur)
- 8 Vocational training, degree from German dual system
- 9 Vocational training, master craftsmen (Meister)
- 10 University of applied sciences (FH): bachelor
- 11 University: bachelor
- 12 University of applied sciences (FH): master or other degree
- 13 University: master or other degree
- 14 University: doctorate

Note:

/ DE: Please note that the original data allowed for multiple answers. Respondents with multiple educational degrees are coded according to their 'highest' educational entry in DE_DEGR. For example, respondents with 'Abitur' and additional vocational training in the dual system (but no further academic education) are coded 8 'Vocational training, degree from German dual system'. Thus, the code 7 'Higher secondary (Abitur)' is only given to respondents who did not receive either any further academic or vocational training.

FI_DEGR - Country specific highest completed degree of education: Finland

FI_DEGR - Finland: Country specific highest completed degree of education

What is your education? Please choose the highest level of education attained, choose one alternative only.

- -9 No answer
- -2 Not applicable, other countries
- 1 Still in primary or lower secondary education
- 2 Primary education
- 3 Lower secondary education
- 4 Vocational school or course
- 5 General upper secondary education
- 6 College-level vocational education
- 7 Polytechnic, university of applied sciences
- 8 University, lower academic degree
- 9 Higher polytechnic degree
- 10 University, higher academic degree

Note:

/ FI: In case of Finland, there is no separate primary school. The first school form is a compulsory school ending after grade 9 (in former times compulsory school meant also less years, 7/8 years of school).

Question Text (Original Language)

IS_DEGR - Country specific highest completed degree of education: Iceland

IS_DEGR - Iceland: Country specific highest completed degree of education

What is the highest level of education that you have completed?

- -9 No answer
- -2 Not applicable, other countries
- 1 Primary school not completed
- 2 Primary school (around 12 years old)
- 3 Primary school (around 14 years old)
- 4 Compulsory education (around 16 years old)
- 5 Short voc training on secondary school level
- 6 Upper secondary completed (gymnasium)
- 7 Apprenticeship upper secondary (voc training)
- 8 Longer vocational training on sec school level
- 9 Voc training on completion of sec school level
- 10 Master craftsman licence to supervise apprentices
- 11 Short, practical training at university level, diploma
- 12 Short voc training at uni level, basic diploma, 2-3 yrs
- 13 Undergraduate degree BA/ BS/ B.Ed. or add. diploma
- 14 Studies at uni longer than 4 yrs, undergraduate level
- 15 Master's degree MA/ MS
- 16 Doctoral degree, PhD

Note:

/ IS: From the year 1907 compulsory school was 4 years for children aged 10-14. At that time a majority lived in rural areas as opposed to the only bigger town, Reykjavík. According to the 1907 law farmer's children were supposed to be at least 2 months a year in school but children who lived in towns for 6 months a year. This difference between rural and 'urban' areas stayed for a long time and in fact stayed in some form all up until 1991. In 1926 compulsory school was for 8-14 years old and in 1936 for 7-14 years old. But even though this was the law the reality was often very different in the rural areas (where a big proportion of the nation lived) where exemptions were given both regarding the age of the children and how much time they spent in school. In 1946 the compulsory school was split up in two ('the children's level' and 'the teenager's level') where children finished 'barnaskólapróf' (national code 2) at the age of 12 (after 5 years of school) and could then add 'unglingapróf' (national code 3) which was two more years. Even though the laws changed in the years mentioned above it took more time for things to change in the rural areas so people who are older than perhaps 70 can easily have finished compulsory school even though EDUCYRS is very low. They still graduated with 'Barnaskólapróf' or 'Unglingapróf' and could move up to the next level (e.g. short vocational training on secondary school level). A few respondents chose 'Other' and wrote what other was. These answers were coded into 1-16. Therefore, nobody has the value 17 in the final version of the data.

SI_DEGR - Country specific highest completed degree of education: Slovenia

SI_DEGR - Slovenia: Country specific highest completed degree of education

Name the last school that you finished, regularly or irregularly:

- -2 Not applicable, other countries
- 1 Without formal education
- 2 Incomplete primary school
- 3 Primary school completed (primary school certificate)
- 4 Lower high school or vocational school (2 to 3-years)
- 5 High school (technical school, 4-years with leaving exam)
- 6 General high school (gymnasium with leaving exam)
- 7 Higher school (former higher school, 2-year program + thesis)
- 8 College (former 3-year program, 1st Bologna degree)
- 9 University degree (4-year or 6-year program + thesis)
- 10 Bologna master
- 11 Specialization (1 year)
- 12 Master degree
- 13 PhD

Note:

/ SI: Slovenia had some changes in its school system in the last 20 years. Compulsory primary school used to be 8 years and is now changed to 9 years. At university level, European Bologna programmes have replaced national degree programmes. Bologna master therefore now is an individual code.

US_DEGR - Country specific highest completed degree of education: United States

US_DEGR - United States: Country specific highest completed degree of education

What is the highest grade in elementary school or high school that you finished and got credit for?

(If finished 9th-12th grade or 'Don't know')

Did you ever get a high school diploma or a GED certificate?

Was that a diploma awarded by your high school at graduation at the end of 12th grade, a GED awarded after you took a test, or something else?

Did you ever complete one or more years of college for credit - not including school such as business college, technical or vocational school? (If yes)

How many years did you complete?

Do you have any college degrees?

(If yes)

What degree or degrees? If you have more than one, please select the highest degree that you have.

Question Text (Original Language)

DEGREE - Comparative: highest completed degree of education (derived from nat_DEGR)

DEGREE: Comparative - Highest completed degree of education: Categories for international comparison

The aim of this variable is to measure the highest completed education level/ degree of the respondent in order to facilitate international comparison.

Procedure: The degree of education is asked country-specific (see variables AT_DEGR-ZA_DEGR). Then, the harmonized ISSP categories for the variable DEGREE are to be computed from the country-specific degree variables.

Correspondence lists between country-specific categories and categories of the ISSP DEGREE variable must be reported in detail in the BV documentation template for each country.

Since DEGREE is a slightly re-arranged version of ISCED-97, instructions for actually coding ISCED-97 from nat_DEGR can be used in each country to support the coding of DEGREE.

AT: What is your highest completed school degree?

AU: Derived from 'What is the highest year of schooling you have completed?' and 'What is the highest educational qualification you have completed outside of school?'.

BG: What is the highest level of education that you have attained?

CH: Which is the highest educational level you achieved?

CL: What is your educational level?

CZ: What is the highest level of education that you have attained?

DE: Please enter the HIGHEST general school leaving certificate which you have (Please tick one box only). What vocational or professional training do you have (Please tick all that applies. Multiple responses possible). (IF POLYTECHNIC DEGREE OR UNIVERSITY DEGREE) What is the highest polytechnic or university degree you have graduated with (Please tick the highest degree only!)?

DK: What school education do you have? What vocational or higher education do you have in addition to the school education?

FI: What is your education? Please choose the highest level of education attained, choose one alternative only.

FR: Derived from 'What is the highest degree you have obtained?' (If 'A primary or secondary school diploma') 'What is this diploma? If it is a foreign diploma, please choose the equivalent French diploma.' (If 'A higher education diploma') 'What is this diploma? If it is a foreign diploma, please choose the equivalent French diploma.'

GB-GBN: Constructed by using the two questions (multicoded): 'Have you passed any of the examinations on this card?' and 'And have you passed any of the exams or got any of the qualifications on this card?'

HR: Your highest level of education (schooling completed regularly or part-time). (Int.: For respondents who are currently involved in education, mark the highest completed level.)

IL: What is the highest level of education that you have attained?

IS: What is the highest level of education that you have completed?

IT: What is the highest level of education that you have attained?

JP: Please indicate the last school you attended or the school you are currently attending.

LT: What is the highest level of education that you successfully completed? (If vocational, please identify which kind of school it was and what the duration of the studies were.)

NO: Which general education or specialisation for studies have you completed? Please select all that apply. Which vocational education/ training have you completed? (If you have completed education at college or university level) Which tertiary education have you achieved?

NZ: Which one of these categories best describes your highest formal qualification?

PH: What is the highest level of education that you have attained?

RU: What is the highest level of education that you have attained?

- SE: What is the highest level of education that you have attained?
- SI: Name the last school that you finished, regularly or irregularly:
- SR: What is the highest education that you have attended? And what is your highest completed education?
- TH: The highest level of education:
- TW: What is your education level? Please refer to the level of education that you are currently in or the highest level of education that you have attained, regardless of whether you have graduated or not.
- US: What is the highest grade in elementary school or high school that you finished and got credit for? (If finished 9th-12th grade or 'Don't know')
 Did you ever get a high school diploma or a GED certificate? Was that a diploma awarded by your high school at graduation at the end of 12th
 grade, a GED awarded after you took a test, or something else? Did you ever complete one or more years of college for credit not including school
 such as business college, technical or vocational school? (If yes) How many years did you complete? Do you have any college degrees? (If yes) What
 degree or degrees? If you have more than one, please select the highest degree that you have.
- VE: Derived from 'What was the last grade, year or semester approved by you and at what educational level?' and 'Graduate?'
- ZA: What is the highest level of education you have ever completed?
- -9 No answer
- 0 No formal education
- 1 Primary school (elementary education)
- 2 Lower secondary (secondary completed that does not allow entry to university: end of obligatory school)
- 3 Upper secondary (programs that allows entry to university)
- 4 Post secondary, non-tertiary (other upper secondary programs toward the labour market or technical formation)
- 5 Lower level tertiary, first stage (also technical schools at a tertiary level)
- 6 Upper level tertiary (Master, Doctor)

Note:

/ CL: The bridging from the national education variable to the harmonized ISCED 97 variable is difficult as it does not match the classification used in Chile (see CL_DEGR). During the data integration, data for DEGREE were harmonized by means of CL_DEGR and EDUCYRS to meet the ISCED 97 standard. According to ISCED97 'primary schools are supposed to give students a sound basic education in reading, writing and mathematics ...

They in principle cover six years of full time schooling.' In countries where there is no separate primary school, but the first school form is a compulsory school that ends after the 8-10 grade, codes 0-3 of the standardized DEGREE variable need to be constructed by means of the EDUCYRS 'Years of full-time schooling' variable: those, who report to have attended less than 6 years fall into category 0 'No formal schooling'. Those who report to have finished 6 years of schooling should be coded 1 'Primary School'. Who finishes compulsory school successfully has to be coded 2 'Lower Secondary'. In cases where CL_DEGR and EDUCYRS would have assigned a different DEGREE category, the category corresponding to CL_DEGR was used, assuming that respondents tend to have more reliable estimates of their educational level than years of schooling.

/ FI: Respondents who finished compulsory school successfully (see FI_DEGR) are coded to category 2 'Lower secondary'.

/ GB-GBN: Primarily, the British DEGREE variable records qualification levels. For the sake of integration/ harmonization, respondents with 'No

/ GB-GBN: Primarily, the British DEGREE variable records qualification levels. For the sake of integration/ harmonization, respondents with 'No secondary qualifications' (see code 1 in GB_DEGR) originally encoded to 'No answer' (code -9) in DEGREE were retrospectively recoded at best for DEGREE based on the variable EDUCYRS (if EDUCYRS <6: DEGREE=0; if EDUCYRS 6+7 years: DEGREE=1; if EDUCYRS=8-11: DEGREE=2).

/ JP: Also answers to the question on EDUCYRS were taken to construct code 0 'No formal education' (if EDUCYRS=0, DEGREE=0). However, no such case was included in the raw data.

/ TW: For respondents with elementary school as highest level of education (code 3 in TW_DEGR) the question on the number of years of school education (EDUCYRS) was used to assign respondents with at least 6 years of primary school into code 1 in DEGREE.

/ US: DEGREE codes 0-2 are constructed by using EDUCYRS next to US_DEGR.

Question Text (Original Language)

WORK - Currently, formerly, or never in paid work

BVQ_05. WORK

The next quesions deal with your work situation.

By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to your normal work situation.

Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

(Please tick one box only.)

AT: Derived from 'How many hours do you usually work every week?' and (If not working) 'Have you ever been employed?'.

AU: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ strike, etc., please refer to your normal work situation.

BG: Have you ever worked, have you had paid work?

CH: Are you currently working for pay or did you work for pay in the past?

CL: Which of the following best describes your current situation?

CZ: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? (By work we mean work as an employee, self-employed or working for one's own familiy's business for at least one hour a week. If respondent is temporarily not working for pay - because of illness, leave, vacation etc. - he/ she shall respond as if asked under normal circumstances, when in paid work. Do not refer to persons on maternity/ parental leave as working for pay unless they are simultaneously working for pay for at least one hour a week.)

DE: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

DK: Derived form 'Are you currently employed?' and 'Have you ever been employed?'

FI: Paid work is taken to include working as an employee, own-account worker, self-employed/ entrepreneur or working for your own family's business, for at least one hour a week. If you are temporarily away from paid work because of parental or other leave, unpaid leave or some similar reason, please answer according to your normal work situation. Are you currently in paid work?

FR: What is your current situation in relation to work? (If 'Student', 'Unemployed', Retired', Housewife or man', inactive due to disability' or in 'other situation of inactivity') Are you also employed? (If 'No') Have you ever worked, even a long time ago?

GB-GBN: Which of these descriptions applied to what you were doing last week, that is the seven days ending last Sunday? Which others? (Code all that apply - multicoded with a maximum of 11 codes, then priority coded)? (Ask all those who are not working or waiting to take up work) How long ago did you last have a paid job of at least 10 hours a week? (Government programmes/ schemes do not count as 'paid jobs').

HR: Are you currently employed in paid work, have you ever been employed in paid work, or have you never been employed? (By paid work we mean work of at least one hour per week for which the respondent receives income either as an employee, self-employed or working in family business or family farm. If the respondent is currently not working in a paid job, because of sickness, maternity, vacation or strike, mark their status in relation to the normal situation.)

IL: Are you currently:

IS: Are you currently in paid work, did you work for pay in the past or have you never been in paid work?

IT: The next questions concern your work situation. By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to your normal work situation. What is your current work situation?

JP: Are you currently working for pay, for at least one hour per week?

LT: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to your normal work situation.

NO: Are you, or have you ever been, in paid work? (We are interested in all kinds of work, even of just a few hours a week. Work for own family's business without a fixed salary counts as paid work.)

NZ: Which one of these categories best describes your current employment status? (If Unemployed and looking for a job/ Permanently sick or disabled/ Student/ Doing housework, looking after the home, children or others/ Retired) Have you had paid work in the past?

PH: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

RU: Do you have a paid work (including work as an employee for private persons or your own business and also maternity leave or child rearing leave)? And if no - have you ever had paid work in the past or have you never had paid work?

SE: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

SI: Are you currently in paid work, used to have paid work or never had paid work?

SR: Derived from 'At what age did you start working?' and 'At what age did you start with your current job?' and 'If you are currently not working: in what year did you stop working?'

TH: The current working status: ('Work' means doing income-producing work as an employee, self-employed, or working for your own business, for at least 1 hour per week; if R temporarily not working for pay because of temporary illness/ parental leave/ vacation/ strike etc. refer to normal situation.)

TW: Including full-time and part-time work, or working for a family business, have you ever done an income-producing job?

US: Derived from 'Last week were you working full time, part time, going to school, keeping house, or what? If you were doing more than one of these last week, [CATI: give preference to smallest code number that applies/ WEB: select the one closest to the top of the list].' and (If 'Retired', 'Going to school', 'Keeping house' or 'Other') 'Did you ever work for as long as one year?'

VE: Do you have a paid work currently or formerly or never had paid work?

ZA: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

- -9 No answer
- 1 I am currently in paid work
- 2 I am currently not in paid work but I had paid work in the past
- 3 I have never had paid work

Note

/ CZ: It is common in the Czech context to take advantage of a relatively long maternity (28 weeks) and parental (until child turns 3) leave, therefore persons on maternity/ parental leave were not treated as economically active unless they are simultaneously working for pay for at least one hour per week).

/ DK: The first question corresponds to the one of MAINSTAT.

/ NZ: WORK is based on MAINSTAT plus an additional question. The order of the questions in the questionnaire was MAINSTAT (WORK), WRKHRS, ISCO08, WRKSUP, NSUP, TYPORG2, TYPORG1, EMPREL.

Question Text (Original Language)

WRKHRS - Hours worked weekly

BVQ_06. WRKHRS

How many hours, on average, do you usually work for pay in a normal week, including overtime?

If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do

(Please write in.)

On average, I work _____ hours a week, overtime included.

AT: How many hours do you usually work every week? Additional business should be included as well. If you have more than one job, how many hours to you work altogether?

AU: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.

BG: How many hours, on average, do/ did you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the TOTAL number of working hours that you do. _____ HOURS.

CH: How many hours, on average, do/ did you usually work for pay in a normal week, including overtime?

CL: On average, how many hours do you usually work in a regular week?

CZ: How many hours weekly, on average, do you work in your employment and, if applicable, in your other paid jobs, including overtime? (If respondent works for more than one employer, or if he/ she is both employed and self-employed, please count the total average weekly number of working hours).

DE: How many hours per week do you normally work in your main job including overtime? If you are working for more than one employer or if you are both employed and self-employed, please count all working hours.

DK: How many hours do/did you normally work in a working week?

FI: How many hours on average do you work in a week, including overtime? If you have more than one employer or if you are both employed and self-employed/entrepreneur, include all hours.

FR: If you are working, how many hours do you usually work each week?

GB-GBN: How many hours do you normally work a week in your main job - including any paid or unpaid overtime?

HR: How many hours do you work in a normal week, including overtime?

IL: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer or if you are an employee and also self-employed, please indicate the total working hours you work.

IS: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.

IT: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do. On average, I work ... hours a week, overtime included.

JP: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you have more than one job, count the total number of working hours that you do. If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

LT: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.

NO: How many hours do you normally work per week in total? (Include overtime and work at home.) Hours per week: _____

NZ: How many hours do you usually work in a week?

PH: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do. If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

RU: How many hours, on average, do you usually work for pay in a normal week, including overtime?

SE: How many hours, on average, do you usually work for pay in a normal week? (Please include, if any, overtime.) If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.

SI: On an average week, how many hours do you work, including overtime?

SR: How many hours, on average, do/ did you usually work for pay in a normal week in your first/ current/ last job, including overtime?

TH: How many hours on average do you usually work for a pay in a week? Write _____ hours per week (if R works for more than one employer, or is both employed and self-employed, refer to main job).

TW: Including overtime and having two or more jobs at the same time, how many hours in total do you work per week, on average?

US: (If working, full or part time) How many hours did you work last week, at all jobs?/ (If with a job, but not at work because of temporary illness, vacation, strike) How many hours a week do you usually work, at all jobs?

VE: How many hours do you usually work in a normal week? (Please use two digits: _____).

ZA: How many hours do/ did you normally work a week (in your main job)?

- -9 No answer; BG: Refused
- -8 Don't know
- -4 Not applicable (Code 2 or 3 in WORK)
- 1 One hour
- 89 89 hours; US: 89 hours or more
- 95 95 hours; GB-GBN: 95+
- 96 96 hours and more

Note:

/ BG: This question was asked also to people having worked in the past (code 2 in WORK). They were removed for the ISSP variable WRKHRS.

/ CH: This question was asked also to people having worked in the past (code 2 in WORK). They were removed for the ISSP variable WRKHRS.

/ IS: Originally, the values included decimal numbers. The values were retrospectively rounded to whole numbers following the required ISSP standard for this variable.

/ NO: Answers were retrospectively rounded to whole numbers.

/ TW: This question was asked also to people who worked in the past (code 2 in WORK). Their answers were removed for the ISSP variable WRKHRS.

WRKHRS

Question Text (Original Language)

EMPREL - Employment relationship

BVQ_07. EMPREL

The next questions deal with some more details on your work situation.

If you work for more than one employer, or if you are both employed and self-employed, please refer to your MAIN job.

If you are retired or not currently working, please refer to your LAST MAIN job.

Are/ were you an employee, self-employed, or working for your own family's business?

Please tick one box only.)	

AT: Derived from 'What is/ was your employment status?' and (If self-employed with employees) 'How many employees do/ did you have?'

AU: Are/ were you an employee, self-employed, or working for your own family's business? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

BG: What are you/ have you been in your main paid work, independently of your number of workplaces? (If self-employees) How many employees do/ did you have without including yourself?____ NUMBER OF PERSONS.

CH: Are/ were you an employee, self-employed, or working for your own family's business? How many people does/ did your organisation employ, yourself included?

CL: In your main job, are you an employee, do you work independently or for your own family business? If you are not currently working, think about your most recent job.

CZ: Now I would like to learn about what you currently do. What is your current economic status, main source of subsistence?

DE: Do/ did you work as an employee, are/ were you self-employed or do/ did you work for the own family's business? I am/ was...

DK: Are/ were you in public or private employment, self-employed or employed in your own family business?

FI: If you have more than one employer or if you are both employed and entrepreneur/ self-employed, answer according to your main job. If you are currently not in paid work or if you are retired/ pensioner, please answer according to your last job. Own-account workers and tradespeople are counted as self-employed. Are/ were you...?

FR: EMPREL is computed from French variable WRKTYP (R: Working for private sector, public sector or self-employed) and 'You declared that you are/were self-employed. How many employees do/ did you have?'

GB-GBN: In your (main) job are you/ were you/ will you be ...? In your work or business, do/ did/ will you have any employees, or not? (If yes) How many? (Family members may be employees only if they receive a regular wage or salary.)

HR: Are/ were you at work: an employee, self-employed without employees (liberal professions, the owners of trade), self-employed with employees or do/ did you work in a family business/ farm? (If the respondent works for more than one employer or if he/she is both employed and self-employed, the answer relates to the job that the respondent is considered his/ her 'main' employment. If the respondent is retired or not currently working, the answer relates to the last employment.)

IL: Are/ were you an employee, self-employed, or working for your own family's business?

IS: Are/ were you an employee, self-employed or working for a business owned by your own family?

IT: Are/ were you an employee, self-employed, or working for your own family's business? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job. (By employee we mean also wage employee. By self-employed we mean also 'freelancers', 'independent professionals', and other respondents working on their own account. We consider as an employee anyone who receives

a salary by someone else - even if the former is not formally an employee of the latter.)

JP: Are/ were you an employee, self-employed, or working for your own family business? (If self-employed with employees) How many employees do/did you have, not counting yourself?

LT: Are/ were you an employee, self-employed, or working for your own family's business? If you are working in more than one job or you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

NO: Are/ were you in your main job ...?

NZ: What is/ was the nature of your employment in that occupation?

PH: Are/ were you an employee, self-employed, or working for your own family's business? If you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: Derived from 'What type of enterprise, organization are you working for as the main job (or working on the last main job)?' and (If own business, farm, private enterprise, business using employees) 'How many people work (worked) for you, not counting yourself, but accounting for your family members?'

SE: Are you an employee, self-employed, or working for your own family's business? If you are retired or not currently working, please refer to your last main job.

SI: Are/ were you employed (work for an employer), self-employed or do/ did you work for your own family's business?

SR: Derived from 'The following questions refer to your first job. At what type of organization did you work in your first job? Do/ Did you supervise other employees in your first job? If so, how many other employees do/ did you supervise directly or indirectly?' and '(If R had any other jobs after this first job) The following questions refer to your current/ last job. At what type of organization do/ did you work in your current/ last job? Do/ did you supervise other employees in your current/ last job? How many other employees do/ did you supervise directly or indirectly?' (No side jobs as a scholar/ student. Hustling is also a job.)

TH: Are you an employee, self-employed or working for own family's business? (Self-employed includes freelancers, independent professionals and other respondents working on their own account.)

TW: Are you now/ were you previously/ before retirement self-employed or an employee? (If self-employed and hired others) How many employees do/did you hire?

US: Derived from 'Are/ were you self-employed or do/ did you work for someone else?' and (If 'Self-employed') 'Do/ did you have any employees?' and (If 'Yes') 'How many employees do/ did you have?' and 'Do/ did you work in your own family business or farm?'

VE: Are you or were you...?

ZA: Are/ were you an employee, self-employed or working for your own family's business? (If Self-employed with employees) How many employees do/ did you have, not including yourself?

- -9 No answer; DE: No answer/ Don't know
- -4 Not applicable (Code 3 in WORK)
- 1 Employee
- 2 Self-employed without employees
- 4 Self-employed with 10 employees or more; SR: Self-employed with 12 employees or more
- 5 Working for own family's business

Note:

/ BG: The number of employees for EMPREL codes 3 and 4 was derived from answers to the second question.

/ DK: The data generated with the question documented above was used to generate both EMPREL and TYPORG2.

/ GB-GBN: Category 5 'Working for own family's business' can't be computed.

/ RU: EMPREL (without number of employees), TYPORG1 and TYPORG2 are derived from the same question.

/ SR: The ranges in the numbers of employees for the self-employed respondents, described in codes 3 and 4 in EMPREL, differ from the standard.

/ TW: EMPREL, TYPORG1 and TYPORG2 were derived from the same question.

/ ZA: EMPREL was surveyed using the former format for EMPREL that was valid until ISSP 2017. However, the current format could be calculated retrospectively, since the former variable NEMPLOY including the information on the number of employees was available for the respondents working self-employed.

Question Text (Original Language)

WRKSUP - Supervise other employees

BVQ_08. WRKSUP

Do/ did you supervise other employees?

(Please tick one box only.)

AT: Is it or was it one of your responsibilities to guide other employees or to oversee their work?

AU: Do/ did you supervise other employees?

BG: Do/ did you have supervising functions at your main job?

CH: Do/ did you supervise the work of other people?

CL: In your job, do you supervise others or are you responsible for other people's work? If you are not currently working, think about your most recent job.

CZ: Do/ did you supervise any employees in your current/ last main job? (If the respondent is employed and self-employed at the same time, ask about the main job.)

DE: Do/ did you supervise other employees?

DK: Do/ did you have a managerial function?

FI: Do you work in a supervisory position, i.e., do/ did you have subordinates?

FR: In your current or previous job, do or did you supervise the work of any other people?

GB-GBN: In your job, do/ did/ will you have any formal responsibility for supervising the work of other employees (people)?

HR: Are you currently (or have you been in the past) supervising the work of other employees? (If the respondent works for more than one employer, or if he/she is both employed and self-employed, the answer relates to the job that the respondent is considered his/ her 'main' employment. If the respondent is retired or not currently working, the answer relates to the last employment.)

IL: Do/ did you supervise other employees?

IS: Do/ did you supervise other employees? Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.

IT: Do/ did you supervise other employees? (Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.)

JP: Do/ did you supervise other employees?

LT: Do/ did you supervise other employees?

NO: Does/ did your position involve supervising other employees, or deciding what tasks they are/ were to undertake?

NZ: In that occupation, do/ did you supervise, or are/ were you responsible for, the work of any other people?

PH: Do/ did you supervise other employees? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: Do/ did you supervise other employees?

SE: Do you supervise other employees? Yes. How many employees?/ No. If you are retired or not currently working, please refer to your last main job.

SI: Do you supervise now or have you ever before supervised someone at work?

SR: Derived from 'Did you supervise other employees in your first job? If so, how many other employees do/ did you supervise directly or indirectly?' and '(If R had any other jobs after this first job) Do/ did you supervise other employees in your current/ last job? How many other employees do/ did you supervise directly or indirectly?'

TH: Do you supervise/ Have you ever supervised other employees? ('Supervision' is to be understood as a leadership function of monitoring and being responsible for the work of others.)

TW: Derived from 'How many employees do you manage now/ did you manage previously/ before retirement? (No management staff, please fill in

0)'.

- US: (If currently in paid work) At work, do you supervise anyone who is directly responsible to you?
- VE: Do you or did you supervise employees in your main job?
- ZA: Do/ did you supervise the work of any other people?
- -9 No answer; GB-GBN: No answer, Don't know
- -4 Not applicable (Code 3 in WORK; US: Code 2, 3 in WORK)
- 1 Yes
- 2 No

Note:

/ CH: Self-employed without employees were filtered online and correction for the respondents of the paper questionnaire version were done a posteriori. Self-employed respondents without employees were recoded to code 2 'No' in WRKSUP in hindsight.

/ FR: Respondents working for their own family's business were not asked if they supervise anyone.

Question Text (Original Language)

TYPORG1 - Type of organisation, for-profit/ non-profit

BVQ_10. TYPORG1

Do/ did you work for a for-profit organisation or for a non-profit organisation?

(Please tick one box only.)

AT: Not asked.

AU: Do/ did you work for a for-profit organisation or for a non-profit organisation?

BG: Where do/ did you work?

CH: Do/ did you work for a for-profit organisation or a non-profit organisation?

CL: Do/ did you work for a for-profit organization or for a non-profit organization?

CZ: Do/ did you work in for-profit or non-profit organisation? (For-profit organisation means limited liability company, private joint stock company, cooperative, profit-seeking state-owned business etc. Non-profit organisation means non-profit non-governmental organisation, foundation, public benefit corporation, public administration, local administration, public institution like hospitals, public schools, libraries, police, the military.)

DE: Do/ did you work for a for-profit organisation or for a non-profit organisation?

DK: Is/ was the purpose of the business you work/ worked in to generate a financial profit, or is it a 'non-profit' business/ organization?

FI: Do/ did you work for a for-profit enterprise or for a non-profit organisation?

FR: TYPORG1 is computed from French variable WRKTYP (R: Working for private sector, public sector or self-employed).

GB-GBN: Which of the types of organisation on this card do you work/ did you work/ will you be working for?

HR: Are you currently employed (or have you been employed in the past) in an organization the main work of which can be described as: Profit (pursuit of financial gain and profit for the owners) / Non-profit (The profit designation is NOT related to the current economic situation and business success of an organization. Examples of profit organizations are those working as a private company, but also those working as a public enterprise that generates income for the owners (HEP, the Croatian forest...). An example of people working in a non-profit organization would be teachers and doctors in the state sector, whereas teachers and doctors in private schools, clinics and hospitals should be classified as working in profit companies.)

IL: Do/ did you work for a for-profit organisation or for a non-profit organisation?

IS: Do/ did you work for a for-profit organisation or for a non-profit organisation? Most private companies are run as for-profit companies. Charities and public institutions such as educational and health services are examples of non-profit organisations.

IT: Do/ did you work for a for-profit organisation or for a non-profit organisation? (If necessary, clarify for-profit or non-profit organisation by giving examples. Please keep in mind that there can be partially public owned companies which are for-profit. In contrast, public universities are non-profit pulic organisations.)

JP: Do/ did you work for a for-profit organisation or for a non-profit organisation?

LT: Do/ did you work for a for-profit organization or for a non-profit organization? (Please explain if needed: Non-profit organizations are public agencies, associations, charity and support funds, home owners' communities, political parties, trade unions, organizations of artists and other organizations.)

NO: Do/ did you work for an organisation that have/ had profit for its owners as an objective, or in an organisation without such objective (government, civil service, trust etc.)?

NZ: And is/ was that job in a for-profit or a non-profit organisation?

PH: Do/ did you work for a profit or for a non-profit organization? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: What type of enterprise, organization are you working for as the main job (or working on the last main job)?

SE: Do you work for a for-profit organisation (e.g., for a company) or for a non-profit organisation (e.g., an org. in the public's interest or non-profit organisation [sic])? If you are retired or not currently working, please refer to your last main job.

SI: Do/ did you work for a for-profit or for a non-profit organization?

SR: The following questions refer to your first job. At what type of organization did you work in your first job? (If R had any other jobs after this first job) The following questions refer to your current/ last job. At what type of organization do/ did you work in your current/ last job?

TH: Do you work for a for-profit organization or non-profit organization?

TW: Derived from 'Are you now/ were you previously/ before retirement self-employed or an employee?'

US: Not asked.

VE: In your main job, do you or did you work for a for-profit organization or for a non-profit organization?

ZA: Do/ did you work for a for-profit organization or for a non-profit organization?

- -9 No answer; BG: Refused
- -8 Don't know
- -4 Not applicable (Code 3 in WORK; CH; Code -4, 2, 3, 4, 5 in EMPREL)
- -1 Not available (AT, US)
- 1 For-profit organisation
- 2 Non-profit organisation

Note:

/ CH: TYPORG1 was filtered by mistake for self-employed respondents and those working for their own family business, this means that the question on TYPORG1 was asked only to employees (code 1 in EMPREL) instead of to all who have/ ever had a job.

/ DK: All respondents who answered that they are employed in the public sector were not directly asked about the purpose of the business they work in. This has been compensated for by imputing the value '2' for these respondents for the variable 'TYPORG1'.

/ FR: 'Works for publicly owned firm', 'Works for a private firm', 'Self-employed' and 'Works for family's business' are encoded to code 1 'For-profit'.

'Works for government or local communities' and 'Works for an association, a mutual company or a cooperative' are encoded to code 2 'Non-profit'.

/ GB-GBN: The data includes self-employed as for-profit.

 $/ \ RU: EMPREL \ (without number of employees), TYPORG1 \ and \ TYPORG2 \ are \ derived \ from \ the \ same \ question.$

/ TW: EMPREL, TYPORG1 and TYPORG2 were derived from the same question.

Question Text (Original Language)

TYPORG2 - Type of organisation, public/ private

BVQ_11. TYPORG2

Do/ did you work for a public or a private employer?

(Please tick one box only.)

.....

- AT: Where are you currently employed resp. where were you employed the last time?
- AU: Do/ did you work for a private or a public employer?
- BG: Do/ did you work in the public or in the private sector?
- CH: Do/ did you work for a public or a private employer?
- CL: Do/ did you work for a public or private employer?
- CZ: Do/ did you work in public or private organisation?
- DE: Do/ did you work in the public service resp. in an enterprise mostly in public ownership or do/ did you work for a private employer?
- DK: Are/ were you in public or private employment or self-employed?
- FI: Do/ did you work in the public or in the private sector?
- FR: TYPORG2 is computed from French variable WRKTYP (R: Working for private sector, public sector or self-employed).
- GB-GBN: Which of the types of organisation on this card do you work/ did you work/ will you be working for?
- HR: Do/ did you work in the public sector or the private sector? (The public sector includes all government and public services as well as public enterprises that are at least 50% owned by the state.)
- IL: Do/ did you work for a public or a private employer?
- IS: Do/ did you work for a public or a private employer?
- IT: Do/ did you work for a public or a private employer? (Please keep in mind that there can be partially public owned companies which are for-profit. In contrast, public universities are non-profit public organisations.)
- JP: Do/ did you work for a public or a private employer?
- LT: Do/ did you work for a public or a private employer? (Please explain if needed: The private sector includes private companies, undertakings, individuals; the public sector includes state/ municipal bodies/ enterprises and non-governmental organizations.)
- NO: And is/ was the organisation you work/ worked for 1. A private firm; 2. Organisation, trust; 3. Local government; 4. Central government; 5. Other public or semi-public; 6. Other.
- NZ: Which one category best describes for whom you work/ worked?
- PH: Do/ did you work for a public or a private employer? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.
- RU: What type of enterprise, organization are you working for as the main job (or working on the last main job)?
- SE: Do you work for a public or private employer? If you are retired or not currently working, please refer to your last main job.
- SI: Do/ did you work in the public or private sector?
- SR: The following questions refer to your first job. At what type of organization did you work in your first job?/ (If R had any other jobs after this first job) The following questions refer to your current/ last job. At what type of organization do/ did you work in your current/ last job?
- TH: Do you work for a public or a private organization?
- TW: Derived from 'Are you now/ were you previously/ before retirement self-employed or an employee?'
- US: Are/ Were you employed by the government? (Please consider federal, state, or local government.) Are/ Were you employed by a private employer (including non-profit organizations)?
- VE: In your main job, do you or did you work for a public or a private organization?
- ZA: Do/ did you work for a public or private employer?

- -9 No answer; BG: Refused
- -8 Don't know
- -4 Not applicable (Code 3 in WORK)
- 1 Public employer
- 2 Private employer

Note:

/ CH: TYPORG2 was filtered by mistake for self-employed respondents and those working for their own family business, this means that the question on TYPORG2 was asked only to employees (code 1 in EMPREL) instead of to all who have/ ever had a job. Self-employed and respondents working for their own family's business were recoded on 'Private employer' in TYPORG2 a posteriori.

/ DK: The data generated with the question documented above was used to generate both EMPREL and TYPORG2.

/ FR: 'Works for government or local communities' and 'Works for publicly owned firm' are encoded to code 1 'Public'. 'Works for an association, a mutual company or a cooperative', 'Works for a private firm', 'Self-employed' and 'Works for family's business' are encoded to code 2 'Private'. / GB-GBN: The data includes self-employed as private.

/ NZ: Code 1 includes 'Public sector organisation, e.g. government department, local authority, state-owned enterprise'. Code 2 includes 'Overseas-owned private sector company or firm' and 'NZ-owned private sector company or firm'.

/ RU: EMPREL (without number of employees), TYPORG1 and TYPORG2 are derived from the same question.

/ TW: EMPREL, TYPORG1 and TYPORG2 were derived from the same question.

Question Text (Original Language)

ISCO08 - Occupation ISCO/ ILO 2008

BVQ_12. ISCO08

What is/ was your occupation - i.e., what is/ was the name or title of your main job?

In your main job, what kind of activities do/did you do most of the time?

What does/ did the firm/ organisation you work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at your workplace?

(Please wirte in and describe as clearly as possible.)

AT: What kind of occupation do/ did you do? (If you have more than one job please consider your main job).

AU: What is/ was your occupation - i.e., what is/ was the name or title of your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/organisation you work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at your workplace?

BG: What is/ was your occupation at your main workplace?

CH: What is/ was your current/ last occupation? (Online questionnaire: Please enter the first letters (at least 3) of the name or title of your main profession, then you can choose from the list that will be displayed the term that best describes your job.) In your main job, what kind of activities do/ did you do most of the time?

CL: What is or was your main activity? If you are not currently working, think about your most recent job. What are or were some of the main functions? What does the company or organization in which you work mainly do, that is, what type of production or function is carried out in your workplace?

CZ: What is/ was your current/ last occupation, what kind of activity do/ did you do in it: a) Job title b) Job description c) Main activity of the organisation. (For self-employed persons, specify industry/ subject of activity. If respondent states having (had) several occupations, ask about his/ her main job - the one in which the respondent spends the most hours.)

DE: What work do you do in your main job? If you are currently not working for pay, but had paid work in the past, please refer to your LAST main job. Please describe your work precisely. Does this job, this work have a special name?

DK: State your current or last job (your job title), and describe what your main tasks are/ were on your workplace:

FI: What is your current or latest occupation? What are or were your main activities at work? What does/ did the company or organisation for which you work/ worked mainly do/ make?

FR: If you are working, what is your current occupation? If you don't have a job, what was your last occupation?

GB-GBN: Now I want to ask you about your present/ last/ future job. What is/ was/ will your job be? What is/ was the name or title of the job? What kind of work do/ did/ will you do most of the time? What materials/ machinery do/ did/ will you use? What training or qualifications are/ were needed for that job?

HR: What is your occupation? Please state the exact title your job and your occupation. Describe what you do; what are your main tasks. What are the educational and professional requirements for your job? (If respondent is currently not employed, retired or unemployed, ask for the last employment he/ she has had.)

IL: What is/ was your occupation - i.e., what is/ was the name or title of your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at your workplace?

IS: What is/ was your occupation (job title)? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at your workplace?

IT: What is/ was your occupation – i.e., what is/ was the name or title of your main job? Please describe it as clearly as possible. In your main job, what kind of activities do/ did you do most of the time? Please describe them as clearly as possible.

JP: Please give details about the main type of work you are engaged in (e.g. bus driver, delivery worker, working at a construction site, car mechanic, working at a general affairs section in a municipal office, a Japanese teacher at junior high school, a salesperson of printing equipment, working at a cashier desk of a supermarket, counter operations for a bank, computer programmer).

LT: What is/ was your occupation - i.e., what are/ were your functions in your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organization you work/ worked for mainly make or do - i.e., what kind of production/ function/ service is/ was performed at your workplace?

NO: What is/ was your work title (main job)? Please make a short description of your work tasks. What does/ did the organisation you work/ worked for mainly make or do?

NZ: What is/ was your main occupation? If you are retired, or not working for pay now, please describe your last regular paid job.

PH: What is/ was your occupation – i.e. what is/ was the name or title of your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organization you work/ worked for mainly make or do – i.e. what kind of production/ function is/ was performed at your workplace? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: What is/ was your occupation and in what position do/ did you work at your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at your workplace?

SE: What is your occupation? If you are retired or not currently working, please refer to your last main job. In your main job, what kind of activities do you do most of the time? What kind of production/ function is performed at your current or previous workplace?

SI: What profession or work do you do now? If not employed: What was your last profession before retirement or losing your job? If you have more than one job, tell us about your main job. (a) Tell detailed name of your position at work and exact profession; b) Describe what do you do, what are your main duties; c) What is the main activity of your work organization?)

SR: What was your first occupation?/ (If R had any other jobs after this first job) What is/ was your current/ last occupation?

TH: What is your occupation? (Write in and describe R's occupation, main activities, and main function of R's workplace? Then, code 4-digit according to ISCO08.)

TW: What is your main occupation (at present, or prior to retirement)? a) Full name of the company, main product or service	b) Division
, Position Detailed job description	

US: What kind of work do/ did you normally do? What do/ did you actually do in that job? What are/ were some of your main duties?

VE: What is/ was the name or title of your main job? Describe the type of activities you do or you used to do in your main job. Now describe the type of activities carried out by the company in which you have or had your main job.

ZA: What is your current occupation (the name and title of your main job; if currently not employed, most recent job)?

- 9612 Refuse sorters
- 9613 Sweepers and related labourers
- 9620 Other elementary workers
- 9621 Messengers, package deliverers and luggage porters
- 9622 Odd job persons
- 9623 Meter readers and vending-machine collectors
- 9624 Water and firewood collectors
- 9629 Elementary workers not elsewhere classified

Note:

/ BG: Answer codes computed by means of Economic Sectors under NACE.BG-2008.

/ CZ: ISCO08 was coded from three text variables describing the job. Some jobs were coded using 5-digit extended CZ-ISCO, see

https://www.czso.cz/csu/czso/klasifikace_zamestnani_-cz_isco-. Recoding into 4-digit ISCO-08 (unit groups) was made where necessary.

/ FI: For privacy issues, for Rs from Aland (FI_REG=5, N=7) ISCO08 is encoded to -9 'No answer'.

/ FR: French classification of the occupations and the socio-professional categories (PCS 2003) used, then transferred into ISCO 2008.

/ GB-GBN: Where the frequency of any 4-digit ISCO code in the ISSP dataset is less than 5, the code is reduced to 2 digits.

/ NO: As source code, the Norwegian standard classification of occupations 2008 (STYRK-08) - based on the International Standard Classification of Occupations 2008 (ISCO-08) - has been used.

/ NZ: Asked as free text and coded manually.

/ SR: Open question, verbatim answers were coded into ISCO88, then converted to ISCO08. If no answer to the open question, the answer to the showcard question was taken including 11 different work types.

/ US: US Census 2010 codes recoded to ISCO08.

Variable, Label

Question Text (Original Language)

MAINSTAT - Main status

BVQ_13. MAINSTAT

Which of the following BEST describes your current situation?

If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

(Please tick one box only.)

AT: Predominantly, are you currently...?

AU: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation.

BG: You are?

CH: Which one of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

CL: Please choose one of the following alternatives, depending whether you are working or not working:

CZ: Which of the following options best describes your job position?

DE: Which of the following best describes your current situation? If you temporarily are not working for pay because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation. I am...

DK: Are you currently employed? (If you are a student or a pupil with part-time or after-school job, please mark yourself as student or pupil./
Apprentices or students (with wage): Please note that there is a special response category for apprentices and students (with wage)./ If you are retired or receive a retirement pension, please check these unless you work part-time or more./ Check the category housewife, home duties only if you do not belong to any of the other categories.)

FI: Which of the following best describes your current situation? If you are temporarily away from paid work because of parental or other leave, unpaid leave or some other similar reason, please answer according to your normal work situation.

FR: What is your current situation in relation to work? (If year of birth > 1990) Are you currently on a Civic Service mission?

GB-GBN: Which of these descriptions applied to what you were doing last week, that is the seven days ending last Sunday? Which others? (Multicoded question, see note for Great Britain below.)

HR: What is your employment status (which best describes your current situation)?

IL: Which of the following best describes your current situation?

IS: Which of the following best describes your current situation? If you are without paid work due to temporary illness/ parental leave/ vacation/ strike etc., please answer according to the situation that usually applies to you.

IT: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike/layoff etc., please refer to your normal work situation.

JP: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation.

LT: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation.

NO: What do you consider as your current main activity? (If you are temporarily absent due to illness, leave or the like, answer based on your normal situation.)

NZ: Which one of these categories best describes your current employment status?

PH: Which of the following best describes your current situation? If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to your normal work situation.

RU: Derived from 'Do you have a paid work (including work as an employee for private persons or own business and also if currently on maternity leave or child rearing leave)? And if no - have you ever had paid work in the past or have you never had paid work?' and (If R is currently not/ never in paid work) 'What is your main status?'

SE: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation.

SI: What from the list best describes your current position?

SR: What is currently your main activity? Choose the answer that best describes your situation. If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

TH: Which of the following best describes your current situation?

TW: Are you currently working?

US: Last week were you working full time, part time, going to school, keeping house, or what? If you were doing more than one of these last week, [CATI: give preference to smallest code number that applies/ WEB: select the one closest to the top of the list].

VE: Which of the following best describes your current situation...?

ZA: What is your current employment status?

- -9 No answer; BG: Don't know; TH: No answer incl. doing nothing
- -4 IT: Not applicable (code 3 in WORK)
- 1 In paid work
- 2 Unemployed and looking for a job
- 3 In education
- 4 Apprentice or trainee
- 5 Permanently sick or disabled
- 6 Retired
- 7 Domestic work
- 8 In compulsory military service or community service
- 9 Other

Note:

/ AU: Category 8 'In compulsory military service or community service' not used.

/ BG: Cases encoded to code 1 go back to positive answers to one of the four answer options 'Full time paid job', 'Part time paid job', 'Temporary paid job' or 'Supporting family member'. Code 8 'In compulsory military service or community service' not used.

/ CL: Code 4 'Apprentice or trainee' and 8 'In compulsory military service or community service' not used.

/ CZ: It is common in the Czech context to take advantage of a relatively long maternity (28 weeks) and parental (until child turns 3) leave, therefore persons on maternity/ parental leave were coded as other here (not treated as economically active unless they are simultaneously working for pay for at least one hour per week). Code 8 'In compulsory military service or community service' not used.

/ DE: Code 8 'In compulsory military service or community service' not used.

/ FR: Category 8 includes 'In Civic Service'. Civic Service is a 6 to 12 months commitment to a mission for the community.

/ GB-GBN: This is a multicode question, which decide 'main status' by priority coding to the closest to code 1 in the original set (e.g. education would have priority over unemployed). Category 8 'In compulsory military service' was not used.

/ HR: Category 8 'In compulsory military service' not used.

/ IS: Category 8 'In compulsory military service or community service' not used.

/ IT: Respondents who never had paid work (code 3 in WORK) have not been asked about MAINSTAT. Category 8 ('In compulsory military service or community service') was omitted because there is no such thing as compulsory military or community service in Italy.

/ JP: Category 8 'In compulsory military service or community service' not used.

/ NZ: Code 8 'In compulsory military service or community service' and code 9 'Others' not used.

/ RU: MAINSTAT is based on WORK and a question about the current main status if R is not/ has never been in paid work.

/ SI: Category 8 'In compulsory military service or community service' not used

/ US: Code 4 'Apprentice or trainee' and code 8 'In compulsory military service or community service' were not used in the US data.

Question Text (Original Language)

PARTLIV - Living in steady partnership

BVQ_14. PARTLIV

Do you have a spouse or a steady partner and, if yes, do you share the same household?

(Please tick one box only.)

COMMENT TO PARTLIV: Note that PARTLIV must not be filtered by responses to MARITAL.

.....

- AT: Do you currently live together with your husband/ wife or your spouse? Or do you have a partner but don't live in the same household?
- AU: Do you have a spouse or a partner and, if yes, do you share the same household?
- BG: (If 'Married' or 'I live with a partner without legal marriage') Do you live with your steady partner in the same household? Yes/ No
- CH: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- CL: Do you have a spouse or steady partner?
- CZ: Do you have a steady partner or wife/ husband and if yes, do you live in the same household?
- DE: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- DK: Do you have a spouse or partner, and if so, are you living in the same household?
- FI: Do you have a spouse or a steady partner and do you live together?
- FR: Currently, do you have a spouse or steady partner and, if yes, do you share the same household?
- GB-GBN: Not asked.
- HR: Do you have a husband/ wife (are you married) or do you have a steady partner (unmarried)? If so, do you live in the same household?
- IL: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- IS: Do you have a spouse or a steady partner? If yes, do you share the same household?
- IT: Do you share the same household with your spouse or steady partner?
- JP: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- LT: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- NO: Do you have a spouse or a steady partner, and do you share the same household?
- NZ: Which one of these categories best describes your current marital status? (If married, or in a civil union or de facto relationship): Do you live with your spouse/ partner?
- PH: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- RU: Derived from 'What is your marital status?'
- SE: Do you have a steady partner and, if yes, do you share the same household?
- SI: Are you married or do you have a steady partner? Do you share a common household?
- SR: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- TH: Do you have a spouse or a steady partner. If yes, do you share the same household?
- TW: Derived from MARITAL 'What is your current marital status?'
- US: Which of these statements applies to you?
- VE: Do you live with your partner as a couple in this household?
- ZA: Do you have a spouse/ partner and if yes, do you live in the same household?
- -9 No answer
- -7 Refused

- -4 BG, NZ: Not applicable (Code 3-5 in MARITAL + not living with steady partner without marriage resp. Code 3-5 in MARITAL + not in de facto relationship); TW: Not applicable (Code 3-6 in MARITAL)
- -1 Not available (GB-GBN)
- 1 Yes, have partner; live in same household
- 2 Yes, have partner; don't live in same household
- 3 No partner

Note:

/ BG: The ISSP standard code 3 'No partner' was no answer option in the question on PARTLIV in Bulgaria's questionnaire, because PARTLIV has been filtered by responses to MARITAL and only married respondents and those living with a partner without legal marriage were asked about PARTLIV. However, mere cohabitation does not constitute legal marital status. Consequently, respondents who live with a partner without being legally married needed to be recoded to one of the legal marital statuses in MARITAL. For harmonization reasons, they were coded to MARITAL code 6 'Never married'. This has an impact on the crosstabulation of PARTLIV and MARITAL - actually, neither widowed, nor divorced, nor separated respondents, nor unmarried respondents were asked on PARTLIV - but by the recoding process for MARTIAL now the crosstabulation of PARTLIV and MARITAL displays a few substantial answers for the unmarried respondents. PARTLIV code -4 'BG: NAP (C. 3-5 in MARITAL + not living with a partner without legal marriage)' indicates what lies behind.

/ NZ: 'No partner' (code 3) was no answer option in the questionnaire, since PARTLIV was filtered by MARITAL and only married respondents, respondents in a civil union or in de facto-relationship were asked about whether they live with the partner.

/ RU: PARTLIV and MARITAL are derived from the same question. In fact, divorced and widowed respondents were not asked about having a partner and if they are living together with a steady partner or not. In hindsight, divorced and widowed respondents were assigned to 'No partner' in PARTLIV

/ TW: One answer option in MARITAL was 'Cohabitation'. 16 respondents selected this answer option. Those cases were assigned to code 1 'Yes, have partner; live in same household' in PARTLIV.

/ US: PARTLIV was recoded from POSSLQ and POSSLQY, each of which was asked to half of the ISSP sample. Both variables differ only in their second answer option: 'I am living as married and my partner and I together live in the same household' (POSSLQ)/ 'I have a steady partner, and we live in the same household' (POSSLQY). The US data does not request further partner information for respondents whose partners (as opposed to spouses) do not cohabitate.

Question Text (Original Language)

SPWORK - Spouse, partner: currently, formerly or never in paid work

BVQ_15. SPWORK

(If you have a spouse/ partner)

The next questions deal with the work situation of your spouse/ partner.

By work we mean doing income-producing work, as an employee, self-employed or working for his/ her own family's business, for at least one hour per week. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.

Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

(Please tick one box only.)		

AT: Derived from 'How many hours does your partner usually work every week including overtime?' and (If not working) 'Has your partner ever been employed?'.

AU: Is your partner/ spouse currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? By work we mean doing income-producing work as an employee, self-employed or working for his/ her own family's business, for at least one hour per week. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.

BG: Has your spouse/ partner ever worked, does/ did he/ she have paid work?

CH: Is your spouse/ partner currently working for pay or did he/ she work for pay in the past?

CL: Which of the following best describes your spouse's/ partner's current situation?

CZ: Is your partner/ spouse currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? (By work we mean work as an employee, self-employed or working for one's own family's business for at least one hour a week. If partner/ spouse is temporarily not working for pay - because of illness, leave, vacation etc. -, he/ she shall respond as if asked under normal circumstances, when in paid work. Do not refer to persons on maternity/ parental leave as working for pay unless they are simultaneously working for pay for at least one hour a week.) DE: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

DK: Derived from 'Is your spouse/ partner currently employed?' and 'Has your spouse/ partner ever been employed?'

FI: Paid work is taken to include working as an employee, own-account worker, self-employed/ entrepreneur or working for your own family's business, for at least one hour a week. If your spouse/partner is temporarily away from paid work because of parental or other leave, unpaid leave or some similar reason, please answer according to his/ her normal work situation. Is your spouse/ partner in paid work?

FR: What is the situation of your spouse or your steady partner in relation to work? (If 'Student' or 'Unemployed', 'Retired', 'Housewife or househusband', 'Inactive due to disability' or 'Other inactive status') Does your spouse also hold a job? (If 'No') Has your spouse ever worked, even a long time ago?

GB-GBN: Which of these descriptions applied to what your husband/ wife/ partner was doing last week, that is the seven days ending last Sunday? Which others? (Code all that apply - multicoded with a maximum of 11 codes, then priority coded to single variable.) (Ask all those whose spouse/ partner is not working or waiting to take up work) How long ago did your husband (wife/partner) last have a paid job of at least 10 hours a week? (Government programmes/ schemes do not count as 'paid jobs').

HR: Is or was your spouse/ steady partner working for an income? (Working for an income refers to work of at least one hour per week for which he/ she receives income as an employee, as a self-employed person or as a person working in a family business or on a family farm. If your spouse/ partner does not currently work for pay - due to illness, maternity, annual vacation, strike... - choose his/ her status in relation to the normal

situation.)

IL: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

IS: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

IT: The next questions concern your spouse/ partner's work situation. By work we mean doing income-producing work, as an employee, self-employed or working for her/ his own family's business, for at least one hour per week. If your spouse/ partner temporarily is not working for pay because of temporary illness/ parental leave/ vacation/strike, etc., please refer to her/ his normal work situation. Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? My spouse/ partner ...

JP: Is your spouse/ partner currently working for pay, for at least one hour per week?

LT: Is your partner/ spouse currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for his/ her own family's business, for at least one hour per week. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.

NO: The next questions are about the work situation of your spouse/ partner. Is your spouse/ partner, or has she/ he ever been, in paid work? (We are interested in all kinds of work, even of just a few hours a week. Work for own family's business without a fixed salary counts as paid work.)

NZ: Which one of these categories best describes your spouse's/ partner's current employment status? (If not currently in paid work): Has your spouse/ partner had paid work in the past?

PH: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

RU: (If married/ living together with partner (unmarried)/ living separately from partner (unmarried)/ living separately from spouse (but not divorced)) Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

SE: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for the own family's business. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

SI: Does/ did your partner have a paid job, or was he/ she never employed?

SR: (The following questions are about your partner's education and occupation... NB: Even if your partner has died, we would like you to answer these questions.) Is your partner currently working for pay?

TH: The current working status of your spouse? ('Work' means doing income-producing work as an employee, self-employed, or working for own business, for at least 1 hour per week; if R's spouse temporarily not working for pay because of temporary illness/ parental leave/ vacation/ strike etc. refer to normal situation.)

TW: Including full-time and part-time work, or working for a family business, has your spouse (or common-law partner) ever done an income-producing job?

US: Derived from 'Last week was your spouse/ [cohabitating] partner working full time, part time, going to school, keeping house, or what? If your spouse/ [cohabitating] partner was doing more than one of these last week, [CATI: give preference to smallest code number that applies/ WEB: select the one closest to the top of the list].' and (If spouse/ [cohabitating] partner 'Retired', 'Going to school', 'Keeping house' or 'Other') 'Did your spouse/ [cohabitating] partner ever work for as long as one year?'

VE: Does your spouse or partner have a paid job, did he/ she have one, or has he/ she never had a paid job?

ZA: If you are married or have a partner, is he or she currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

- -9 No answer; AT, VE: No answer/ Don't know; GB-GBN: Refused
- -4 Not applicable (Code 3,-7 in PARTLIV; BG, NZ, TW: Code -4,-7 in PARTLIV; GB-GBN: Code 3-6 in MARITAL + no partner in household; US: Code 2,3 in PARTLIV (2 if neither married nor cohabitating))
- 1 Currently in paid work
- 2 Currently not in paid work, paid work in the past
- 3 Never had paid work

Note:

/ DK: The first question corresponds to the one of SPMAINST.

/ NZ: SPWORK is based on SPMAINST plus an additional question. The order of the questions in the questionnaire was SPMAINST (SPWORK), SPWRKHRS, SPISCO08, SPWRKSUP, SPEMPREL.

/ US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Question Text (Original Language)

SPWRKHRS - Spouse, partner: hours worked weekly

BVQ_16. SPWRKHRS

How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

On average, he/ she works hours a week, overtime included.	

AT: How many hours does your partner usually work every week including overtime? Occupational secondary activities should be considered as well. If he or she has more than one job, please report total working hours.

AU: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

BG: How many hours, on average, does/ did your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she does/ did work in more than one place, incl. as self-employed or in a family business, please tell me the TOTAL number of working hours on average for a week. ___ HOURS.

CH: How many hours, on average, does/ did your spouse/ partner usually work for pay in a normal week, including overtime?

CL: On average, how many hours a week does your spouse or partner usually work?

CZ: How many hours weekly, on average, does your partner/ spouse work in his/ her employment and, if applicable, in his/ her other paid jobs, including overtime? (If partner/ spouse works for more than one employer, or if he/ she is both employed and self-employed, please count the total average weekly number of working hours.)

DE: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

DK: How many hours does/ did your spouse/ partner normally work in a working week?

FI: How many hours on average does your spouse/ partner work in a week, including overtime? If he/ she has more than one employer or if he/ she is both employed and self-employed/ entrepreneur, include all hours.

FR: Currently, how many hours does he/ she usually work each week?

GB-GBN: Not asked.

HR: How many hours does your partner usually work in a normal week, including overtime?

IL: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If the spouse works for more than one employer or if he/ she is also employed and self-employed, please indicate the total working hours he/ she works in addition.

IS: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

IT: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does. On average, he/ she works ... hours a week, overtime included.

JP: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she has more than one job, count the total number of working hours that he/ she does. If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

LT: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more

than one employer or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

NO: How many hours does your spouse/ partner normally work per week? (Include overtime and work at home.) Hours per week: ______

NZ: How many hours does your spouse/ partner usually work in a week?

PH: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does. If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

RU: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

SE: How many hours, on average, does your spouse/ partner usually work for pay in a normal week? (Please include, if any, overtime.) If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does

SI: On an average week, how many hours does your partner work, including overtime? (If he/ she works for more than one employer and is self-employed at the same time, count all hours that he/ she works.)

SR: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

TH: How many hours on average does your spouse usually work for pay in a week? Write __ hours per week (if R's spouse works for more than one employer, or is both employed and self-employed, refer to main job).

TW: Including overtime and two or more jobs at the same time, how many hours in total does your spouse (or common-law partner) work per week?

US: (If working, full or part time) How many hours did your spouse/ [cohabitating] partner work last week, at all jobs?/ (If with a job, but not at work because of temporary illness, vacation, strike) How many hours a week does your spouse/ [cohabitating] partner usually work, at all jobs?

VE: How many hours does your spouse or partner usually work in a normal week? (Please use two digits: _ _).

ZA: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

- -9 No answer
- -8 Don't know
- -4 Not applicable (Code -4, 2 or 3 in SPWORK)
- -1 Not available (GB-GBN)
- 1 One hour
- 89 89 hours; US: 89 hours or more
- 96 96 hours or more

Note:

/ BG: This question was asked also of repondents whose spouse/ partner had worked in the past (code 2 in SPWORK). Their answers were removed for the ISSP variable SPWRKHRS.

/ CH: This question was asked also of respondents whose spouse/ partner had worked in the past (code 2 in SPWORK). Their answers were removed for the ISSP variable SPWRKHRS.

/ DK: This question was also asked of respondent's whose spouse/ partner had worked in the past (code 2 in SPWORK). Their answers were removed for the ISSP variable SPWRKHRS.

/ IS: Answeres were retrospectively rounded to whole numbers.

/ NO: Answers were retrospectively rounded to whole numbers.

/ TW: This question was also asked if spouse/ or common-law partner had worked in the past (code 2 in SPWORK). Their answers were removed for the ISSP variable SPWRKHRS.

/ US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Question Text (Original Language)

SPEMPREL - Spouse, partner: employment relationship

BVQ_17. SPEMPREL

The next questions deal with some more details on your spouses's/ partner's work situation.

If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her MAIN job.

If he/ she is retired or not currently working, please refer to his/her LAST MAIN job.

Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

(Please tick one box only.)

AT: Is your partner or was your partner...?

AU: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

BG: What is/ was your spouse/ partner on his/ her main paid job regardless on the number of places he/ she works/ worked?

CH: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

CL: Is/ was your spouse or partner an employee, does he/ she work independently or for the own family business? If he/ she is not currently working, think about his/ her most recent job.

CZ: What is/ was your partner's/ spouse's economic status, main source of subsistence? (If a partner is economically active, ask about the main economic activity.)

DE: Does/ did your spouse/ partner work as an employee, is/ was he/ she self-employed or does/ did he/ she work for the own family's business? He/ she is/ was...

DK: Is/ was your spouse/ partner in public or private employment, self-employed or employed in his/ her own family business?

FI: If your spouse/ partner has more than one employer or if he/ she is both employed and entrepreneur/ self-employed, answer according to his/ her main job. If he/ she is currently not in paid work or is retired/ pensioner, please answer according to his/ her last job. Own-account workers and tradespeople are counted as self-employed. Is/ was your partner..?

FR: Is or was he/ she in his/ her last job?

GB-GBN: In your husband's/ wife's/ partner's (main) job is/ will he/ she be...?

HR: Is your husband/wife or steady partner (or was previously): an employee, self-employed with employees, working for own family's business/farm?...

IL: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

IS: Is/ was your spouse/ partner an employee, self-employed, or working for a business owned by your family?

IT: The next questions deal with some more details on your spouse's/partner's work situation. If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job. Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? (By employee we mean also wage employee. By self-employed we mean also 'freelancers', 'independent professionals', and other respondents working on their own account. We consider as an employee anyone who receives a salary by someone else - even if the former is not formally an employee of the latter.)

JP: Is/ was your spouse/ partner an employee, self-employed, or working for your own family business?

LT: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she is working in more than one job or he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

NO: Is/ was your spouse/ partner...?

NZ: What is/ was the nature of your spouse's/ partner's employment in that occupation?

PH: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

RU: Derived from 'What type of enterprise, organization does she/ he work for in her/ his main job (or did work on the last main job)?' and (If own business, farm, private enterprise, business using employees) 'How many people work/ did work for her/ him, not counting herself/ himself, but accounting for the family members?'.

SE: Is your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she is retired or not currently working, please refer to his/ her last main job.

SI: Is/ was your partner employed (working for others), self-employed or does/ did he/ she work in his/ her own family business?

SR: Derived from 'At what type of organization does/ did your partner work currently/ in his/ her last job?' and 'Does/ did your partner supervise other employees in his/ her current/ last job? If so, how many other employees does/ did he/ she supervise directly or indirectly?'

TH: Is your spouse an employee, self-employed or working for his/ her own family's business? (Self-employed includes freelancers, independent professionals and other respondents working on their own account.)

TW: Is your spouse (or your common-law partner) now/ was your spouse (or common-law partner) previously/ before retirement self-employed or an employee? (If self-employed and hired others) How many employees does/ did your spouse (or common-law partner) hire?

US: Derived from 'At this job, is/ was your spouse/ [cohabitating] partner self-employed or does/ did your spouse/ [cohabitating] partner work for someone else?' and (If 'Self-employed') 'Does/ Did your spouse/ [cohabitating] partner work without employees or does/ did he/ she have employees?' and 'Does/ Did your spouse/ [cohabitating] partner work in his/ her own family business or farm?'

VE: Is/ Was your spouse or partner...?

ZA: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

- -9 No answer; BG, GB-GBN: Refused; VE: No answer/ Don't know
- -4 Not applicable (Code -4, 3 in SPWORK; GB-GBN: Code -4, 2, 3 in SPWORK)
- 1 Employee
- 2 Self-employed without employees
- 3 Self-employed with 1 to 9 employees; SR: Self-employed with 1 to 11 employees
- 4 Self-employed with 10 employees or more; SR: Self-employed with 12 or more employees
- 5 Working for own family's business
- 6 AT, BG, HR, IS, NZ, VE, ZA: Self-employed with employees, no numbers available
- 7 GB-GBN: Self-employed with or without employees

Note:

/ AT: SPEMPREL has been provided according to the former format for SPEMPREL including the four categories 1 'Employee', 2 'Self-employed without employees', 3 'Self-employed with employees' and 4 'Working for own family's business', following the ISSP Guidelines in effect until ISSP 2018. Hence, no information is available for the self-employed respondents about their number of employees. They were encoded to code 6 'Self-employed with employees; no numbers available'.

/ GB-GBN: Categories 2, 3 and 4 can't be distinguished, so category 7 'Self-employed with or without employees' was created. Category 5 'Working for own family's business' can't be computed.

/ IS: By mistake, the categories used were the same as for the SPEMPREL variable for ISSP 2018 and not updated to the ISSP 2019 categories. As a consequence, no information is available on the exact number of employees for the self-employed spouses/ partners. Original answers for category 3 'Self-employed with employees' to the Icelandic questionnaires were encoded to code 6 'Self-employed with employees; no numbers available' for the integrated data file.

/ NZ: By mistake, this question was asked according to the standard in effect for ISSP 2018, and therefore failed the new separation by number of employees for self-employed for ISSP 2019.

/ SR: The ranges in the numbers of employees for the self-employed partners, described in codes 3 and 4 in SPEMPREL, differ from the standard. / US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

/ VE: SPEMPREL has been provided according to the earlier format for SPEMPREL in effect until ISSP 2018, including the four categories 1 'Employee', 2 'Self-employed without employees', 3 'Self-employed with employees' and 4 'Working for own family's business'. No information is available for the self-employed respondents about their number of employees. They were encoded to code 6 'Self-employed with employees; no numbers available'.

/ ZA: SPEMPREL was surveyed using the former format for SPEMPREL that was valid until ISSP 2018. For self-employed respondents, the information on the number of employees can unfortunately not be provided retrospectively. Such cases were encoded to an extra code, code 6 'Self-employed with employees; no numbers available'.

Question Text (Original Language)

SPWRKSUP - Spouse, partner: supervise other employees

BVQ_18. SPWRKSUP

Does/ did your spouse/ partner supervise other employees?

(Please tick one box only.)

AT: Is it or was it one of the responsibilities of your partner to guide other employees or to oversee their work?

- AU: Does/ did your spouse/ partner supervise other employees?
- BG: Does /did he/ she have supervising functions at the main paid job?
- CH: Does/ did your spouse/ partner supervise other employees (either directly or indirectly)?
- CL: In his/ her job, does your spouse/ partner supervise others or is responsible for other people's work? If he/ she is not currently working, think about his/ her most recent job.
- CZ: Does/ did your partner supervise any employees in his/ her main job? (Respondent must include all employees supervised both directly and indirectly for whose work he/ she is/ was responsible. I.e., employees supervised by those supervised by him/ her as well. Attention: Teachers shall not include students, social workers shall not include clients etc. If the number of employees supervised in this job changed, inquire about the highest number.)
- DE: Does/ did your spouse/ partner supervise other employees?
- DK: Does/ did your spouse/ partner supervise or is/ was he/ she responsible for the work of others?
- FI: Does/ did your spouse/ partner work in a supervisory position, i.e., does/ did he/ she have subordinates at work?
- FR: Does or did he/ she supervise other persons?
- GB-GBN: In your husband's/ wife's/ partner's job, does/ did/ will he/ she have any formal responsibility for supervising the work of other employees (people)?
- HR: Does/ did your spouse/ partner supervise the work of other people?
- IL: Does/ did your spouse/ partner supervise other employees?
- IS: Does/ did your spouse/ partner supervise other employees? Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.
- IT: Does/ did your spouse/ partner supervise other employees? (Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.)
- JP: Does/ did your spouse/ partner supervise other employees?
- LT: Does/ did your spouse/ partner supervise other employees?
- NO: Does/ did your spouse's/ partner's work imply supervising other employees, or deciding their work tasks?
- NZ: In that occupation, does/ did your spouse/ partner supervise, or are/ were they responsible for, the work of any other people?
- PH: Does/ did your spouse/ partner supervise other employees? If he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.
- RU: Does/ did your spouse/ partner supervise other employees?
- SE: Does your spouse/ partner supervise other employees? Yes. How many employees?/ No. If he/ she is retired or not currently working, please refer to his/ her last main job.
- SI: Does/ did your partner supervise anyone at work?
- SR: Does/ did your partner supervise other employees in his/ her current/ last job? If so, how many other employees does/ did he/ she supervise directly or indirectly?
- TH: Does/ Did your spouse supervise other employees? ('Supervision' is to be understood as a leadership function of monitoring and being responsible for the work of others. If the spouse's respondents work for more than one employer, or if he/she is both employed and self-employed,

please refer to the main job. If he/she is retired or not currently working, please refer to the last main job.)

TW: Derived from 'Does your spouse (or common-law partner) currently/ did your spouse (or common-law partner) previously/ before retirement manage other employees?'

US: (If currently in paid work) At work, does your spouse/ [cohabitating] partner supervise anyone who is directly responsible to your spouse/ [cohabitating] partner?

VE: Does or did your spouse or partner supervise any employees in his/ her job?

ZA: Does/ did your spouse/ partner supervise other employees?

- -9 No answer; BG: incl. refused; GB-GBN: Refused
- -8 Don't know
- -4 Not applicable (Code -4, 3 in SPWORK; GB-GBN, US: Code -4, 2, 3 in SPWORK)
- 1 Yes
- 2 No

Note:

/ CH: This question was not asked to self-employed spouses/ partners without employees (code 2 in SPEMPREL). Self-employed spouses/ partners without employees were recoded to code 2 'No' in SPWRKSUP in hindsight.

/ FR: Spouses/ Partners working for their own family's business were not asked if they supervise anyone.

/ US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Question Text (Original Language)

SPISCO08 - Spouse, partner: occupation ISCO/ ILO 2008

BVQ_19. SPISCO08

What is/ was your spouse's/ partner's occupation - i.e., what is/ was the name or title of his/ her main job?

In his/ her main job, what kind of activities does/ did he/ she do most of the time?

What does/ did the firm/ organisation he/ she works/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at his/ her workplace?

(Please write in and describe as clearly as possible).

AT: What kind of occupation does your partner have? (If he or she has more than one job, please consider the main job).

AU: What is/ was your spouse's/ partner's occupation – i.e., what is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at his/ her workplace?

BG: What is/ was his/ her occupation in his/ her main workplace?

CH: What is/ was your spouse's/ partner's current/ last occupation? (Online questionnaire: Please enter the first letters (at least 3) of the name or title of your spouse's/partner's main profession, then you can choose from the list that will be displayed the term that best describes his/ her job.) In his/ her main job, what kind of activities does/ did he/ she do most of the time?

CL: What is or was the main activity of your spouse or partner? If he/ she is not currently working, think about his/ her most recent job. What are or were some of his/ her main functions? What does the company or organization in which she or he works primarily do, that is, what type of production or function is carried out in this workplace?

CZ: What is/ was the current/ last occupation of your partner, what kind of activity does/ did he/ she do in it: a) Job title b) Job description c) Main activity of the organisation. (For self-employed persons, specify industry/ subject of activity. If respondent states that partner has/ had several occupations, ask about his/ her main job - the one in which the respondent's partner/ spouse spends/ spent the most hours.)

DE: What work does your spouse/ partner do in his/ her main job? If he/ she is currently not working for pay, but had paid work in the past, please refer to his/ her LAST main job. Please describe his/ her work precisely. Does this job, this work have a special name?

DK: State your spouse's/ partner's current or last job (the job title), and describe what his/ her main tasks are/ were in the workplace:

FI: What is your spouse's/ partner's current or latest occupation? What are/ were your spouse's/ partner's main activities at work? What does/ did the company or organisation for which your spouse/ partner works/ worked mainly do/ make?

FR: And what is his/ her occupation or last occupation?

GB-GBN: Now I want to ask you about your husband's/ wife's/ partner's present/ future job. What is his/ her job/ will that job be? What is/ will be the name or title of the job? What kind of work does/ will he/ she do most of the time? What materials/ machinery do/ will he/ she use? What training or qualifications are/ will be needed for that job?

HR: Please state the exact title of your spouse's/ partner's job and his/ her occupation. Describe what he/ she does, what his/ her main tasks are. What are the educational and professional requirements for the job?

IL: What is/ was your spouse's/ partner's occupation - i.e., what is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she works/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at his/ her workplace?

IS: What is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she works/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at his/ her workplace?

IT: What is/ was your spouse's/ partner's occupation – i.e., what is/ was the name or title of his/ her main job? Please describe it as clearly as possible. In his/ her main job, what kind of activities does/ did he/ she do most of the time? Please describe them as clearly as possible.

JP: Please give details about the main type of work your spouse/ partner is engaged in (e.g. bus driver, delivery worker, working at a construction site, car mechanic, working at a general affairs section in a municipal office, a Japanese teacher at junior high school, a salesperson of printing equipment, works at a cashier desk of a supermarket, counter operations for a bank, computer programmer).

LT: What is/ was your spouse's/ partner's occupation - i.e., what are/ were your spouse's/ partner's functions in his/ her main job? In your spouse's/ partner's main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organization your spouse/ partner works/ worked for mainly make or do? I.e. what kind of production/ function/ service is/ was performed at your spouse's/ partner's workplace?

NO: What is/ was your spouse's/ partner's work title (main job)? Please make a short description of her/ his work tasks. What does/ did the

NO: What is/ was your spouse's/ partner's work title (main job)? Please make a short description of her/ his work tasks. What does/ did the organisation he/ she work/ worked for mainly make or do?

NZ: What is/ was your spouse's/ partner's main occupation?

PH: What is/ was your spouse's/partner's occupation – i.e., what is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at his/ her workplace? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

RU: What is/ was your spouse's or partner's occupation and in what position does/ did she/ he work at her/ his main job? What kind of activities does/ did she/ he do most of the time? What kind of activities is/ was her/ his department specialized in? Which goods are/ were mainly produced or sold, what services are/ were provided? That is - what functions does/ did she/ he perform (execute) in the workplace?

SE: What is your spouse's/ partner's occupation? If he/ she is retired or not currently working, please refer to his/ her last main job. In his/ her main job, what kind of activities does he/ she do most of the time? What kind of production/ function is performed at his/ her current or previous workplace?

SI: What kind of work or profession does your partner do? If not working at the moment: What was his/ her last (main) occupation? (a) Tell detailed name of his/ her position at work and exact profession; b) Describe what does he/ she do, what are (were) his/ her main duties; c) What is the main activity of his/ her work organization?)

SR: What is/ was your partner's occupation?

TH: What is your spouse's occupation? (Write in and describe spouse's occupation, main activities, and main function of spouse's workpla	ce? Then,
code 4-digit according to ISCO08.)	

TW: What is your spouse	e's (or common-la	aw partner's) od	cupation (at present, or prior to retirement)? a) Full name of the company, m	ain
product or service	. b) Division	, Position	Detailed job description	

US: What kind of work does/ did your spouse/ [cohabitating] partner normally do? What does/ did your spouse/ [cohabitating] partner actually do in that job? What are/ were some of their main duties?

VE: What is/ was the name or title of your spouse's or partnser's main job? Describe the type of activities that your spouse or partner does or did in his/ her main job. Now describe the type of activities carried out by the company in which your spouse or partner has or had his/ her main job. ZA: What is/ was your spouse's/ partner's occupation (The name or title of his/ her main job)?

- 9624 Water and firewood collectors
- 9629 Elementary workers not elsewhere classified

Note:

/ BG: Answer codes computed by means of Economic Sectors under NACE.BG-2008.

/ CZ: SPISCO08 was coded from three text variables describing the job. Some jobs were coded using 5-digit extended CZ-ISCO, see

https://www.czso.cz/csu/czso/klasifikace_zamestnani_-cz_isco-. Recoding into 4-digit ISCO-08 (unit groups) was made where necessary.

/ FI: For privacy issues, for Rs from Aland (FI_REG=5, N=7) SPISCO08 is encoded to -9 'No answer'.

/ FR: French classification of the occupations and the socio-professional categories (PCS 2003) used, then transferred into ISCO 2008.

/ GB-GBN: Where the frequency of any 4-digit ISCO code in the ISSP dataset is less than 5, the code is reduced to 2 digits.

/ NO: As source code, the Norwegian standard classification of occupations 2008 (STYRK-08) - based on the International Standard Classification of Occupations 2008 (ISCO-08) - has been used.

/ NZ: Asked as free text and coded manually.

/ SR: Open question, verbatim answers were coded into ISCO88, then converted to ISCO88. If no answer to the open question, the answer to the showcard question was taken including 11 different work types.

/ US: US Census 2010 codes recoded to ISCO08. The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Variable, Label

Question Text (Original Language)

SPMAINST - Spouse, partner: main status

BVQ_20. SPMAINST

Which of the following BEST describes your spouse's/ partner's current situation?

If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

(Please tick one box only.)

AT: Predominantly, is your partner currently...?

AU: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

BG: Your spouse or partner is:

CH: Which one of the following best describes your spouse's/partner's current situation?

CL: Please choose one of the following alternatives, depending on whether your spouse/ partner is working or not working:

CZ: Which of the following options best describes your partner's/ spouse's job position?

DE: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation. He/ She is...

DK: Is your spouse/ partner currently employed? (If your spouse, partner is a student or a pupil with part-time or after-school job, please mark your spouse, partner as student or pupil./ Apprentices or students (with wage): Please note that there is a special response category for apprentices and students (with wage)./ If your spouse, partner is retired or receive a retirement pension, please check these unless he, she works part-time or more./ Check the category housewife, home duties only if your spouse, partner does not belong to any of the other categories.)

FI: Which of the following best describes your spouse's/ partner's current situation? If he/ she is temporarily away from paid work on account of parental or other leave, unpaid leave or some other similar reason, please answer according to his/ her normal work situation.

FR: What is the situation of your spouse or your steady partner in relation to work? Is your spouse currently on a Civic Service mission?

GB-GBN: Which of these descriptions applied to what your wife/ husband/ partner was doing last week, that is the seven days ending last Sunday? Which others? (Multicoded question.)

HR: What is the work status of your spouse/ partner (which of following best describes his/ her current situation)?

IL: Which of the following best describes your spouse's/ partner's current situation?

IS: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please answer according to the situation that usually applies to him/ her.

IT: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike/ layoff etc., please refer to his/ her normal work situation.

JP: Which of the following best describes your spouse's/ partner's current situation? If your spouse/ partner temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

LT: Which of the following answers given on the card best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

NO: What is your spouse's/ partner's current main activity? (If she/ he is on sick leave, parental leave etc., refer to her/ his normal situation.)

NZ: Which one of these categories best describes your spouse's/ partner's current employment status?

PH: Which of the following best describes your spouse's/ partner's current situation? If he/ she is temporarily not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.

RU: Derived from 'Is your spouse (partner) currently working for pay? If no, did he (she) ever work?' and '(If spouse/ partner is currently not/ never in

paid work) What is your spouse's/ partner's main status?'

- SE: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.
- SI: What best describes your partner's current employment status? If he/ she is not working at the moment, because of illness, maternity leave, strike ect., think of her/ his usual employment status.
- SR: What is currently your partner's main activity? Choose the answer that best describes your partner's situation. If your partner temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc, please refer to his/ her normal work situation.
- TH: Which of the following best describes your spouse's current situation?
- TW: is your spouse (or common-law partner) currently working?
- US: Last week was your spouse/ partner working full time, part time, going to school, keeping house, or what?
- VE: Which of the following best describes the current situation of your spouse or partner...?
- ZA: Which of the following best describes your spouse's/ partner's current situation?
- -9 No answer; BG: No answer + Can't choose + Refused; GB-GBN: Refused; TH: No answer incl. doing nothing; VE: No answer, Don't know
- -4 Not applicable (Code 3,-7 in PARTLIV; IT: Code -4,3 in SPWORK; BG, NZ, TW: Code -4,-7 in PARTLIV; GB-GBN: Code 3-6 in MARITAL + no partner in household; US: Code 2,3 in PARTLIV (2 if neither married nor cohabitating))
- 1 In paid work
- 2 Unemployed and looking for a job
- 3 In education
- 4 Apprentice or trainee
- 5 Permanently sick or disabled
- 6 Retired
- 7 Domestic work
- 8 In compulsory military service or community service
- 9 Other

Note:

/ AU: Category 8 'In compulsory military service or community service' not used.

- / BG: Cases encoded to code 1 go back to positive answers to one of the four answer options 'Full time paid job', 'Part time paid job', 'Temporary paid job' or 'Supporting family member'. Code 8 'In compulsory military service or community service' not used.
- / CL: Code 4 'Apprentice or trainee' and 8 'In compulsory military service or community service' not used.
- / CZ: It is common in the Czech context to take advantage of a relatively long maternity (28 weeks) and parental (until child turns 3) leave, therefore persons on maternity/ parental leave were coded as other here (not treated as economically active unless they are simultaneously working for pay for at least one hour per week). Code 8 'In compulsory military service or community service' not used.
- / DE: Code 8 'In compulsory military service or community service' not used.
- / FR: Category 8 includes 'In Civic Service'. Civic Service is a 6 to 12 months commitment to a mission for the community.
- / GB-GBN: Multicoded, then priority coded to single variable (see note for MAINSTAT for Great Britain). Category 8 'In compulsory military service' was not used.
- / IS: Category 8 'In compulsory military service or community service' not used.
- / IT: Respondents whose spouses/ partners never had paid work (code 3 in SPWORK) have not been asked about SPMAINST. Category 8 ('In compulsory military service or community service') was omitted because there is no such thing as compulsory military or community service in Italy.
- / JP: Category 8 'In compulsory military service or community service' not used.
- / NZ: Code 8 'In compulsory military service or community service' and code 9 'Others' not used.
- / RU: SPMAINST is based on SPWORK and a question about the current main status if spouse/ partner is currently not/ has never been in paid work.
- / SI: Category 8 'In compulsory military service or community service' not used.

/ US: Code 4 'Apprentice or trainee' and code 8 'In compulsory military service or community service' were not used in the US data. The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Question Text (Original Language)

UNION - Trade union membership

BVQ_21. UNION

Are you or have you ever been a member of a trade union or similar organisation?

If yes: is that currently or only previously?

(Please tick one box only.)

- AT: Are you or have you been a member of the Austrian Trade Union?
- AU: Are you or have you ever been a member of a trade union or similar organisation? If yes: is that currently or only previously?
- BG: Are/ were you a member of a trade union or another similar organization?
- CH: Are you or have you ever been member of a trade union or similar organisation?
- CL: Are you or were you part of a trade union?
- CZ: Are you or have you ever been a member of a trade union?
- DE: May I ask you whether you are currently a member of a trade union?
- DK: Are/ have you been member of a trade union?
- FI: Are you or have you ever been a member of a trade union?
- FR: Are you or have you ever been member of a trade union?
- GB-GBN: May I just check, are you now a member of a trade union or staff association? Have you ever been a member of a trade union or staff association?
- HR: Are you a member of trade union (or have you been a member in the past)? (Similar associations include professional associations whose mission is to promote economic and social interests of its members, especially with respect to wages, hours and working conditions.)
- IL: (If currently in paid work or paid work in the past) Are you or have you ever been a member of a trade union or similar organisation?
- IS: Are you or have you ever been a member of a trade union?
- IT: Are you or have you ever been a member of a trade union or similar organisation?
- JP: (If currently in paid work or paid work in the past) Are you a member of a trade union or similar organisation?
- LT: Are you or have you ever been a member of a trade union or similar organization? If yes: Is that currently or only previously?
- NO: Are you or have you ever been member of a trade union or a similar organisation?
- NZ: Are you or have you ever been a member of a Trade Union?
- PH: Are you or have you ever been a member of a trade union or similar organisation? If yes: is that currently or only previously?
- RU: Are you or have you ever been a member of a trade union?
- SE: Are you or have you ever been a member of a trade union?
- SI: Are you a member of a trade union?
- SR: Are you or have you ever been a member of a trade union or similar organisation?
- TH: Are you or have you been a member of a trade union or similar organization?
- TW: Are you currently or have you ever been a member of a trade union?
- US: Do you (or your spouse/ [cohabitating] partner) belong to a labor union? 1) Yes, R belongs 2) Yes, spouse/ partner belongs 3) Both belong 4) No
- VE: Let's talk about you again. Do you belong or did you belong to any union or trade association?
- ZA: Are you or have you ever been a paid-up member of a Trade Union?
- -9 No answer; BG, GB-GBN: Can't choose; VE: No answer, Don't know

- -7 Refused
- -4 IL, JP: Not applicable (Code 3 in WORK)
- 1 Yes, currently; US: Yes
- 2 Yes, previously but not currently
- 3 No, never, US: No

Note:

/ NZ: Actually, the web questionnaire included a filter instruction for respondents who are not currently doing paid work or have not done paid work in the past.

/ US: For the US data, responses to 'Yes, R belongs' were encoded to ISSP code 1 'Yes, currently'. Responses 'No' were coded as ISSP code 3 'No, never'. ISSP code 2 'Yes, previously but not currently' cannot be generated.

Question Text (Original Language)

ATTEND - Attendance of religious services

BVQ_23. ATTEND

Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

(Please tick one box only.)

AT: How often do you attend to religious services in general?

AU: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

BG: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

CH: Apart from special occasions as weddings, funerals, etc., how often do you attend religious services?

CL: How often do you attend religious services?

CZ: Apart from such special occasions as funerals or weddings, how often do you attend religious services?

DE: In general, how often do you attend religious services? Please do not count special occasions as weddings or funerals.

DK: How often do you attend religious services apart from special occasions such as weddings, funerals etc.?

FI: Apart from weddings, funerals etc., how often do you attend worship services, church ceremonies or religious services?

FR: Apart from weddings, funerals and baptisms, how often do you attend a religious service?

GB-GBN: Apart from such special occasions as weddings, funerals and baptisms, how often nowadays do you attend services or meetings connected with your religion?

HR: Apart from special occasions like weddings, funerals and so on, how often do you attend religious services?

IL: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

IS: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

IT: Now think about your present situation. Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services? ('Religious services' refer to situations where an organized group of people pray, e.g. the mass for the Catholic, the Friday worship at the Mosque for the Muslim, the Saturday worship at the synagogue for the Jewish, etc. 'Mass and religious services' do not include private prayers, made at home or elsewhere.)

JP: How often do you attend a place of worship or prayer? Exclude ceremonial occasions, such as weddings or funerals.

LT: Apart from such special occasions (such as weddings or funerals), how often do you attend religious services?

NO: How often do you attend religious services or other religious meetings? (Do not include weddings, funerals, or baptisms or similar.)

NZ: Apart from for weddings, funerals or tangi, and baptisms, how often do you attend religious services now?

PH: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

RU: Do you attend religious services, and if yes, how often?

SE: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

SI: If not counting special occasions such as weddings, funerals, etc., how often do you attend religious services?

SR: How often did you attend religious services in the past years? Apart from such special occasions as weddings, funerals, etc.,

TH: Apart from such special occasion as wedding, funerals, how often do you attend religious services?

TW: How often do you participate in any religious group at present? (e.g., pilgrim group, practicing Zen, Sunday service, spirit-cultivation meeting, volunteer work, etc.)? Please answer this question regardless of whether you have a religious belief or not.

US: How often do you attend religious services?

VE: How often do you attend religious services...?

ZA: Apart from special occasions such as weddings, funerals and baptisms, how often do you attend services or meetings connected with your religion?

- -9 No answer
- -8 Don't know
- -7 Refused
- 1 Several times a week or more often (incl. every day, several times a day)
- 2 Once a week; CZ: Every week/ Nearly every week
- 3 2 or 3 times a month
- 4 Once a month
- 5 Several times a year
- 6 Once a year; CH, CZ, NZ: Once or twice a year
- 7 Less frequently than once a year
- 8 Never

Note:

/ CZ: The original answer scale was a 9-point-scale with reversed answer options: 1. Never, 2. Less than once a year, 3. About once or twice a year, 4. Several times a year, 5. About once a month, 6. 2-3 times a month, 7. Nearly every week, 8. Every week and 9. Several times a week. The scale has been reversed and recoded to match the ISSP standard. Cases of the original answer categories 7 and 8 were merged into the harmonized category 2 'Once a week'.

/ GB-GBN: No answer rate at almost 20 percent due to preceding filter questions (if 'Belonging to religion: No' and 'Brought up in which religion: No or Refused' -> ATTEND was skipped).

/ IL: Israel used a 9-point scale with separate categories each for 'Once a day or more' and for 'Several times a week or more'. Answers to these two categories were merged to the ISSP standard category 1 'Several times a week or more often (incl. every day, several times a day)' to meet the ISSP standard.

/ NO: The original answer scale was a reversed 9-point-scale with the answer options 1.Never, 2.Less often than once a year, 3.About once or twice a year, 4.Several times a year, 5.About once a month, 6.Two-three times a month, 7.Almost every week, 8.Every week and 9.Several times a week. The scale has been recoded to match the ISSP standard. Cases of the original answer categories 6 and 7 were merged into the harmonized category 3 'Two-three times a month'.

/ RU: The answer scale in the Russian questionnaire originally had 9 answer options running from 1 'Never', 2 'Less than once a year', 3 'About once or twice a year', 4 'Several times a year', 5 'About once a month', 6 '2-3 times a month, 7 'Almost every week', 8 'Every week' to 9 'Several times a week'. It has been reversed and recoded à posteriori to meet the ISSP standard.

/ US: The original answer scale was a reversed 9-point-scale with the answer options 0) Never, 1) Less than once a year, 2) About once or twice a year, 3) Several times a year, 4) About once a month, 5) 2-3 times a month, 6) Nearly every week, 7) Every week and 8) Several times a week. Responses to the original answer options have been recoded to match the ISSP standard. Observations for the original answer category 6) Nearly every week were encoded to ISSP code 3 '2 or 3 times a month'.

/ ZA: Originally, the answer scale was reversed coded and included 9 answer options (1 'Never', 2 'Less than once a year', 3 'About once or twice a year', 4 'Several times a year', 5 'About once a month', 6 '2-3 times a month', 7 'Nearly every week', 8 'Every week', 9 'Several times a week'). The answers to the original code 7 'Nearly every week' were submerged to ATTEND code 2 'Once a week'.

TOPBOT - Top-Bottom self-placement

BVQ_24. TOPBOT (10 pt scale)

In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom.

Where would you put yourself on this scale?

(Please tick one box only.)

AT: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Here you see a scale that runs from the top to the bottom. Where would you put yourself on this scale? 1 means 'bottom' and 10 means 'top'.

AU: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself now on this scale?

BG: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

CH: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from top to bottom. Where would you put yourself now on this scale?

CL: In our society, there are groups that tend to be at the highest levels and groups that tend to be at the lowest levels. Using the following scale that goes from the highest level to the lowest, where would you place yourself?

CZ: In our society, there are groups which tend to be associated with high social status and, in contrast, groups which tend to be associated with low social status. Where would you put yourself on this scale?

DE: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you place yourself on this scale from 1 to 10 where 1 means 'bottom' and 10 means 'top'.

DK: In our society, there are groups that are perceived as being at the top, while other groups are perceived as being at the bottom. Below is a scale that runs from 'top' to 'bottom'. Where do you want to place yourself on this scale?

FI: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?

FR: FR: In our society, there are groups that are more at the top of society and others that are more at the bottom. Here is a scale that runs from top to bottom. Where would you place yourself on this scale?

GB-GBN: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from top to bottom. Where would you put yourself now on this scale?

HR: In our society there are groups of people that hold a higher or lower social position. Where would you locate yourself on this scale, which ranges from 10 (top) to 1 (bottom)?

IL: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

IS: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?

IT: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Where would you put yourself on the scale below?

JP: If current Japanese society were divided into 10 strata (1 being the lowest, and 10 being the highest), to which stratum do you think you belong?

LT: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Where would you put

yourself on this scale?

NO: In Norway, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

NZ: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself now on this scale?

PH: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

RU: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale if '10' means the highest social position and '1' the lowest social position? SE: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

SI: In our society, there are groups of people, which are close to the top and groups that are close to the bottom. Here is a scale, that runs from top to bottom. Where on this scale would you put yourself?

SR: In our society, there are those who are at the top and groups that are at the bottom of the social ladder. Here you see a ladder with ten steps. Where do you place yourself on that ladder?

TH: In our society, there are groups which tend to be towards the top and groups which tend to the bottom. Where would you place yourself on this scale?

TW: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from top to bottom. Where would you put yourself on this scale?

US: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. [CATI: On the handcard is .../ WEB: Below is ...] a scale that runs from top to bottom. Where would you put yourself now on this scale?

VE: In our society there are groups that tend to be at the top of the social ladder and groups that tend to be at the bottom. Here you have a scale that runs from top to bottom. Where would you place yourself on that scale?

ZA: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?

- -9 No answer
- -8 Don't know; BG, FR, CH, ZA: Can't choose
- 1 Lowest, Bottom, 01
- 2 02
- 3 03
- 4 04
- 5 05
- 6 06
- 7 07
- 8 08
- 9 09
- 10 Highest, Top, 10

Note:

/ BG: The design of the TOPBOT scale in the Bulgarian questionnaire differed (the highest category 'Top' was assigned to the lowest value '1' and the lowest category 'Bottom' to the highest value '10'). It has been a posteriori reversed and recoded to meet the ISSP standard.

/ US: The response scale was coded the other way around. Answers have been recoded to meet the ISSP standard.

Question Text (Original Language)

VOTE_LE - Did respondent vote in last general election?

BVQ_25. VOTE_LE

Some people don't vote nowadays for one reason or another. Did you vote in the last [country] national election in [month/ year]?

(Please tick one box only.)

- AT: Have you participated in the previous Austrian national elections?
- AU: Did you vote in Australia's federal election in May 2019?
- BG: Some people don't vote nowadays in elections for one reason or another. Did you vote in the last elections for the national assembly in 2021?
- CH: Some people don't vote nowadays for one reason or another. Did you vote in the last national election in October 2015?
- CL: Did you vote in the last presidential and parliamentary election of November 2017?
- CZ: On the 20th and 21st of October 2017 there were elections to the Chamber of Deputies. Did you vote in these elections?
- DE: Do you hold the German citizenship? (If yes) The last federal election took place in September 2017. Did you vote in that election?
- DK: Did you vote in the last general election on June 5, 2019, or were there some reason that did that you didn't have the opportunity to or the desire to vote?
- FI: Some people don't vote nowadays for one reason or another. Did you vote in the last parliamentary election in April 2019?
- FR: Did you vote in the first round of the 2017's French Presidential Election?
- GB-GBN: Not asked.
- HR: Some people do not vote in parliamentary elections for different reasons. Did you vote in the last parliamentary elections held in September 2016?
- IL: Some people do not vote in elections for one reason or another, did you vote in the last Knesset elections that took place in March 2020?
- IS: Some people don't vote nowadays for one reason or another. Did you vote in the last parliamentary election in Iceland in October 2017?
- IT: Did you vote in the last national election (4 March 2018)?
- JP: Did you vote in the last Japanese House of Councillors election in July 2019?
- LT: Did you vote in the last elections to the Seimas on 11 October 2020?
- NO: Did you vote in the last parliamentary election in 2017?
- NZ: Derived from 'For which party did you cast your party vote at the 2017 General Election?'
- PH: Some people don't vote nowadays for one reason or another. Did you vote in the last Philippine national election in May 2016?
- RU: Derived from 'Did you vote in the last elections for the State Duma of Russia on 18th of September 2016? If yes, what party did you vote for or did you spoil the ballot?'
- SE: Some people don't vote nowadays for one reason or another. Did you vote in the last national election?
- SI: Some people don't vote for different reasons. Did you or did you not vote in the last national elections (June 2018) for parliament?
- SR: Some people don't vote nowadays for one reason or another. Did you vote in the last national election in May 25, 2015?
- TH: Some people don't vote for any reason. Did you vote in the last national election in March, 2562 [March 24, 2019 A.D.]?
- TW: In the presidential election 105 in January [January 14th 2016], did you vote? Who did you vote for?
- US: In 2016, Hillary Clinton ran for President on the Democratic ticket against Donald Trump for the Republicans. Do you remember for sure whether or not you voted in that election?
- VE: For one reason or another some people do not participate in elections. Did you vote in the election of governors and mayors last December [2021]?

ZA: Not asked.

- -9 No answer; DE, NZ: No answer, Don't know/ Can't remember
- -7 Refused
- -4 Not applicable, not eligible to vote in last election
- -1 Not available (GB-GBN, ZA)
- 1 Yes
- 2 No

Note:

/ AT: The last Austrian national elections were held on September 29, 2019.

/ GB-GBN: This question is only asked in the year following a General Election.

/ IT: Code -4 contains respondents who were not old enough to vote at the time of the election. Required age to vote in Italy is 18 years.

/ NZ: Answer option 'I was not eligible to vote' was encoded to code -4 'NAP, not eligible to vote in last election' in VOTE_LE and answer option 'I chose not to vote' to VOTE_LE code 2 'No'.

/ SE: The last general election was held in September 2018.

CH_PRTY - Country specific party voted for in last general election: Switzerland

CH_PRTY - Switzerland: Party voted for in last election

For which party did you vote at the last federal elections in October 2015?

- -9 No answer
- -8 Don't know
- -7 Refused
- -4 Not applicable (Code 2, -4, -7 in VOTE_LE)
- -2 Not applicable, other countries
- 1 The Liberals (FDP/ PLR)
- 2 Christian-Democratic People's Party (CVP/ PDC/ PPD)
- 3 Social Democratic Party (SP/PS)
- 4 Swiss People's Party (SVP/ UDC)
- 5 Conservative Democratic Party (BDP/ PBD)
- 6 Evangelical People's Party (EVP/ PEV)
- 7 Christian Social Party (CSP/ PCS)
- 8 Labour Party (PdA/ PST-POP/ PSdL-PST)
- 9 Green Party (GPS/ PES/ I Verdi)
- 10 Green Liberal Party (GLP/ PVL)
- 11 Swiss Democrats (SD/DS)
- 12 Federal Democratic Union (EDU/ UDF)
- 13 Ticino League (Lega)
- 14 Geneva Citizens' Movement (MCGe and other cantonal sections)
- 15 Solidarity
- 94 Mixed vote (Candidates of several lists)
- 95 Other party
- 96 Invalid ballot

Note:

/ CH: Information about the parties in Switzerland in ISSP 2019

The last national elections were in 2015; and the categories were adjusted accordingly. Compared to ISSP 2015, one party was added to the list: 'Solidarity'. Overall, there was no substantive change in the 2015 federal election. The Swiss People's Party has become more important. Left (Green Party) and right ecology (Green Liberal Party) have lost many votes. The far left recovered one seat (for the Solidarity party, which was added in the list). The fusion within the Liberals and the Radicals seems to have been achieved: there is no longer any mention of the old parties (which were kept in the list).

The Liberals (Right, conservative)

After some years of political alliance between the Radicals and the much smaller Liberal Party, in January 2009, they merged to form the new party 'FDP.The Liberals'. The former FDP was founded in 1894, growing out of the liberal, radical and democratic movements that dominated the first decades of the federal state. The Liberal Party as well has roots going back as far as in the 19th century and was developed mainly in French-speaking Switzerland. Very much like its precursors, 'FDP. The Liberals' relies on classical liberalism. It has two members in the Federal Council and

30 seats in the National Council. With a number of 130.000, it has by far the most members of all Swiss parties. FDP. The Liberals too, they form their own faction in the National Council and are assigned 11 seats in the Council of States.

Christian-Democratic People's Party (Centre-right, conservative)

This party has been founded by conservative Catholics, who lost the short civil war of 1847. Nevertheless, they are currently also present in Protestant cantons, with more eccentric positions. They claim for a social market economy. It is the second largest party in terms of membership, but the smallest of the four-party coalition government. They form a faction of 31 seats with the Evangelical People's Party, in which they hold 28 seats. In the Council of States they are assigned 13 seats.

Social Democratic Party (Centre-left)

As a merge of several cantonal workers' parties, the socialist/ socialdemocratic Party has been founded in 1888. It is currently the most proeuropean party in Switzerland. It ranks fourth in terms of membership, but the second biggest in terms of votes and seats (46) in the National Council. There, they form their own faction. In the Council of States they are represented with 11 seats.

Swiss People's Party (Right, conservative)

Founded in 1936 from an association of farmers and artisans, this party became more and more populist, especially its right wing. Since the 1990's, they adopted certain anti-foreigner positions from the far-right. Quite closely linked to the fact that they are represented by only one member in the Federal Council (government), they consider themselves as an opposition party. In terms of their share of total votes, they form the biggest Swiss party, while they are outreached by the Christian Democrats and the 'FDP.The Liberals' in terms of membership. The national elections of 2011 marked the end of a 20-year period of steady growth in their share of total votes with a climax of 28.9 % in the 2007 national elections. They form their own faction in an alliance with the Lega (2 Seats) and a resulting total of 56 seats in the National Council (total: 200 seats). In the Council of States they've gained 5 out of 46 seats.

Conservative Democratic Party of Switzerland (Centre-right)

The Conservative Democratic Party was created in November 2008 as a split of the Swiss People's Party. The Swiss People's Party (UDC, SVP) becoming more and more populist, a fraction of this party split from it, creating the more moderate 'Conservative Democratic Party of Switzerland'. It has one Federal Councillor (Eveline Widmer-Schlumpf), 9 seats in the National Council and one in the Council of the States. They put forward conservative values and economic liberalism. This party is represented by its own faction in the national parliament.

Christian Social Party (Centre-left, liberal)

In 1997, merging cantonal groups have founded the Christian-social Party to create a new party on the national level. As opposed to other Christian parties, they are very liberal on societal issues such as abortion and homosexual partnerships. They share social democratic views on redistribution and take strong environmentalist positions, why they may be labelled a 'leftist Christian party'. After 2011 elections, they hold no seats in national parliaments.

Swiss labour party (Far left)

This party was founded in 1944 by the illegal Communist Party of Switzerland. In 2011, they lost their only seat in the parliament and are no longer represented.

Green party (Left, centre left)

Born from the environmental movement, this party was found in 1983 and gained strength throughout the 1980s. It is the strongest party not represented in the national executive government. They currently hold 15 seats in the national parliament and form their own faction. In the Council of States they are represented with 2 seats.

Green liberal party (Centre, liberal)

Founded in 2007, they immediately won a seat in the Council of the states and three in the national council. Since then, they successfully expanded in the cantonal elections. Sharing the idea of environmentalism with the Green Party, its party program differs strongly with respect to regulation of the economy. It aims to combine moderate economic liberalism, liberalism on civil liberties and environmental sustainability. They represent 12

seats in the National Council and form their own faction.

Swiss democrats (Far right)

Founded in 1975 as a split from the Evangelical People's Party. Beyond their social conservatism and christian values, they are eurosceptic and support strong anti-foreigner positions. No more in the national parliament since end 2007 (where they held one seat in the council of the states).

Federal Democratic Union (Far right)

The Christian, national-conservative Federal Democratic Union lost their only seat in parliament in the 2011 elections, while they won two seats in the 2003-election and one in 2007. They stand for value-oriented, biblical positions and strongly refuse European integration of Switzerland.

Evangelical People's Party (Centre)

Founded in 1919, this small protestant party stands rather centre-left on some issues (redistribution, education, immigration, environment), but is conservative on others (abortion, family, euthanasia). The economic position is centrist. Alliance with the Christian Democrats, being in the same faction at the national level.

Ticino League (Far right)

Founded in 1991, this populist party refers to the model of the Italian Lega Lombarda. It defends national conservative and isolationist positions and is one of the major parties in the Canton Ticino. With their two seats in the National Council they belong to the Swiss People's Party faction.

Movement of the Citizens of French-speaking Switzerland (Far right)

In 2005, a member of the Swiss People's Party and a former member of the Liberal Party founded the (local) patriotic protest party 'Mouvement des Citoyens Genevois'. After their first appearance in national elections in 2007 in the canton of Geneva, in 2011 they participated also in the canton of Vaud. They bring forward anti-foreigner positions, especially against frontier workers from France. Contrarily, they take traditionally leftist stances in social welfare discourses. They are represented by one seat in the National Parliament, without belonging to a faction.

Solidarity (Far left)

Solidarity is an anticapitalist, ecologist and feminist party, present in French-speaking Switzerland, in the cantons of Geneva, Vaud, Neuchâtel and Fribourg, as well as in the German Swiss canton of Basel. Solidarity refers to the anticapitalist, ecologist and feminist left. The organization advocates a revolutionary transformation of the society based on socialist bases and democratic values. The party invests a lot into social movements; its members militate actively in labor unions, in diverse associations of the labor movement, in anti-globalization movement and are active in many other activities in relation with the class struggle. In Switzerland, Solidarity is a party associated with the Labour party (POP-PST).

PH_PRTY - Country specific party voted for in last general election: Philippines

PH_PRTY - Philippines: Party voted for in last election

Not asked.

- -2 Not applicable, other countries
- -1 Not available

Note:

/ PH: Information is not integrated into the international data file since Philippine politics generally has a weak party system, it is personality driven. The leaders are directly elected and not due to their party affiliations. This is the reason why normally voters don't even recall the party affiliation of the leader they just elected.

PARTY_LR - Party R voted for in last general election: left-right scale (derived from nat_PRTY)

Party voted for in last general election: left/ right scale

Based on 'party voted for in last general election' and derived by expert judgement from the country-specific parties (nat_PRTY) into the left-right scheme:

[Question text see nat_PRTY: AT_PRTY-ZA_PRTY]

- -9 No answer
- -8 Insufficient information to code into scheme
- -7 Refused
- -4 Not applicable (Code 2, -4, -7 in VOTE_LE)
- -1 Not available (BG, GB-GBN, PH, SR, TW, ZA)
- 1 Far left (communist, etc.)
- 2 Left / center left
- 3 Center / liberal
- 4 Right / conservative
- 5 Far right (fascist, etc.)
- 6 Other
- 96 Invalid ballot

Note:

/ HR: The list of parties surveyed consisted of 23 major national and regional parties registered in Croatia that took part in the national/ regional elections. Parties that were selected by less than 7 respondents were recoded to 95 'Other party' in HR_PRTY and to 6 'Other' in PARTY_LR.

/ LT: Code 6 'Other' includes parties of ethnic minorities, agrarian, nationalist, green and populist parties.

/ SE: Christian Demokrats (Kd) now coded as 4 (right/conservative) in Party_LR. Previously Kd was coded as 3 (centre/liberal).

/ SR: Not applicable in Surinamese politics.

/ TW: This kind of party affiliation (left-right) does not fit for Taiwan's political situation.

Question Text (Original Language)

AT_ETHN1 - Country specific ethnic group 1: Austria

BVQ_27. nat_ETHN1+2

Please indicate which of the following group or groups you consider yourself to belong to.

(Please select one or two groups only.)

[Closed list of country-specific ethnic groups plus open 'other' option, use multiple-response format for up to two responses.]

.....

AT_ETHN1 - Austria: Country specific ethnic group 1

Derived from 'Will you tell me where your father was born?' and 'And where was your mother born?'

- -9 No answer
- -8 Don't know
- -2 Not applicable, other countries
- 1 Both parents born in Austria
- 2 One parent born abroad
- 3 Both parents born abroad

Note:

/ AT: The questionnaire offered eight countries as answer options for each question (Austria, Germany, Turkey, Slovenia, Serbia, Croatia, Bosnia Herzegowina, Macedonia) plus an additional category 'In a different country' which was manually assigned to the right country code in retrospect (see also F_BORN and M_BORN). The last step was to assign the countries to the categories of the present variable.

Question Text (Original Language)

DK_ETHN1 - Country specific ethnic group 1: Denmark

DK_ETHN1 - Denmark: Country specific ethnic group 1

Which one(s) of the following group(s) do you identify with? Please put only one or two crosses:

Danes/ Turks/ Romanians/ Iraqis/ Iranians/ Palestinians/ Bosnians/ Russians/ Afghans/ Somalis/ Muslims/ Christians/ Jews/ Other group, write which ______/ Does not belong to any group)

- -9 No answer, respondent identifies with two groups (see DK_ETHN2)
- -2 Not applicable, other countries
- 1 Danish group
- 2 Migrants group
- 3 Religious group
- 4 None or other group

Note:

/ DK: Respondents were able to choose up to two answers from the group designations documented with the question text. Danes make up the Danish group. The migrants' group includes Turks, Romanians, Iraqis, Iranians, Palestinians, Bosnians, Russians, Afghans, Somalis. As religious group count Muslims, Christians and Jews. The fourth group includes 'None' and 'Other group'. During processing, the answers of respondents who selected a single answer were then grouped into the four valid categories of this variable. The data from respondents who selected two groups was coded to missing value -9 in this variable. Compare DK_ETHN2 for data from respondents who selected two answers.

DK_ETHN1

Question Text (Original Language)

ZA_ETHN1 - Country specific ethnic group 1: South Africa

ZA_ETHN1 - South Africa: Country specific ethnic group 1

Race of respondent.

- -2 Not applicable, other countries
- 1 Black African
- 2 Coloured
- 3 Indian/Asian
- 4 White
- 5 Other

Note:

/ ZA: Given the apartheid history in South Africa, the race categorization of white, black (African), Indian and coloured is very commonly understood in South Africa. This is the most common variable used to categorise various the races. Among the African people there are various tribes, and the most common way - although this is seldom used - to ethnisize the African group would be to use the African language that they speak, i.e. Sesotho, Setswana, Sepedi, Siswati, IsiNdebele, IsiXhosa, IsiZulu, Xitsonga, Tshivenda. In terms of the White groups (Europeans) it is fairly uncommon to ask origin country and the only further distinction is again based on language that is the Afrikaans speakers and the English speakers. Coloured people and the Indian population are generally treated as a homogenous group with no further distinction.

Question Text (Original Language)	
HOMPOP - How many persons in household	
BVQ_28. HOMPOP	
ncluding yourself, how many people - including children - usually live in your household?	
Adults of 18 years and older	
Children between [school entry age] to 17 years of age	
Children below [school entry age]	
This makes a total of how many people? -> HOMPOP	
COMMENT ON HOMPOP: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One	
option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask	
for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into	
ndividual questions.	
NT 11	
AT: How many persons live in your household (including yourself)?	
AU: Including yourself, how many people - including children - usually live in your household? d) This makes a total of how many people:	
BG: What is the composition of your household, considering yourself, the adults and the children? D) Total number of household members (A+B+C):	
CH: Including yourself, how many people – including children – usually live in your household? Number:	
CL: How many people live permanently in this home? Include babies, children, adults and yourself. Do not include domestic service.	
CZ: Including yourself, how many people live in your household? By household we mean people who live in the same apartment or family house and	
who share resources.	
DE: How many people are living in your household, including yourself? Please tick or enter the number of persons: Only myself / In total	
persons OK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. d) This gives in total	
now many people? (The answer to the last question must not exceed the sum of the previous three.) Number:	
FI: Including yourself, how many people usually live in your household? a) Altogether persons	
FR: How many persons live currently in your household, including yourself? This makes a total of:	
GB-GBN: Thinking now of everyone living in this household, including children: Including yourself, how many people live here regularly as members	
of this household?	
HR: Including yourself, how many persons (including children) live in your household?	
L: How many people in total, including yourself, usually live in your household?	
S: Next, we ask how many people usually live in your household? d) Total:	
T: Including yourself, how many people usually live in your household?	
JP: Including yourself, how many people usually live in your household? Total:	
T: Including yourself, how many people - including children - usually live in your household? This makes a total of how many people:	
(number of people)	
NO:Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? d) In	
total, including yourself:	
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,	
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.'.	
PH: Including yourself, how many people – including children – usually live in your household? Total persons in HH:	
The modeling yearson, now many people intolouring children i addany live in your node note: Total persons in this.	

RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? a) Total
number of people, including yourself:
SE: How many persons – children and adults – in total are in your household (count yourself also)?
SI: Name the number of people that live together with you in your household – including yourself. Total of all people in the household:
SR: How many people in total live in this house, including yourself and your partner? Note: this question only refers to the other persons in the
nousehold. So DO NOT INCLUDE yourself and your partner. Include all who eat in the house regularly, including children and roommates who live at
nome.
TH: How many persons are there in your home: (If there is only the respondent in the household, code 01; include who is temporarily away
out expected to come back and who is temporarily staying within the household.)
TW: How many people live together in your home, including you?
JS: Information on household composition derived from questions asked of all persons in the household (max. of 14 household members) on
Person's relationship to head of household', 'Gender of person', 'Age of person', 'Marital status of person' and 'If person is staying somewhere else
right now - and if yes, where'.
/E: Including yourself, other adults, younger and older children, how many people usually live in this home? Numer of people:
ZA: Derived from household roster.
9 No answer; BG: incl. refused
4 Not applicable (Not a private household)
1 One person (only respondent)

- 2 Two persons
- 3 Three persons
- 4 Four persons
- 5 Five persons
- 6 Six persons
- 7 Seven persons
- 8 Eight persons
- 9 Nine persons
- 10 Ten persons
- 11 Eleven persons
- 12 Twelve persons
- 13 Thirteen persons
- 14 Fourteen persons
- 15 Fifteen persons
- 16 Sixteen persons
- 17 Seventeen persons
- 18 Eighteen persons
- 19 Nineteen persons

Note:

remained.

/ CH: The HH composition was checked and, where necessary, corrected based on information from the national register.

/ SE: This is a new question version, introduced in 2016, of trying to get correct information regarding the household composition. This is the best solution so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

/ SR: The questions on household size was asked separately from the ages of the members of the household, which led to inconsistencies.

Additionally, there was an inconsistent formulation in the question for HOMPOP: the intro said 'include respondent & partner', the question itself 'exclude respondent & partner'; HOMPOP was reconstructed by consulting questionnaires and response forms; some inconcistencies however

Question Text (Original Language)
HHADULT - How many adults in household
BVQ_29. HHADULT
Again including yourself, how many adults of 18 years and older live in your household?
Adults of 18 years and older -> HHADULT
Children between [school entry age] to 17 years of age
Children below [school entry age]
This makes a total of how many people?
COMMENT ON HILADILLE. Depending on interview mode different entires for precenting the questions DVO 20, DVO 21 would be preferable. One
COMMENT ON HHADULT: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One
option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask
for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into individual questions.
illutviduai questions.
AT: (If the answer to HOMPOP is neither 1 nor 'No answer') And how many of them are - adults of 18 years or older?
AU: Including yourself, how many people - including children - usually live in your household? a) Adults of 18 years and older:
BG: What is the composition of your household, considering yourself, the adults and the children? A) Adults of 18 and more years:
CH: (Online questionnaire version: If HOMPOP > 1) How many of them are adults of 18 years and older? Number:
CL: How many adults and how many children and babies live permanently, that is, 4 or more days a week, in this home? Do not include domestic
service Adults (over 18 years, including yourself):
CZ: How many of those people are a) adults aged 18 and more?
DE: How many persons in your household are c) adults, 18 years and older, including yourself? 1 2 3 4 5 6
7 or more
DK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. a) Adults 18 years or
older? Number:
FI: Including yourself, how many people usually live in your household? b) Aged 18 years or older persons
FR: How many persons live currently in your household, including yourself? Adults of 18 years and more:
GB: What was (name)'s age last birthday? (Asked for all members of household after respondent.)
HR: Including yourself, how many persons (including children) live in your household? Adults (18 years and older):
IL: How many adults of 18 years and older, including you, live in the household?
IS: a) Including yourself, how many adults, 18 years and older, usually live in your household?:
IT: Again including yourself, how many adults of 18 years and older usually live in your household?
JP: Including yourself, how many people usually live in your household? Adults of 18 years and older:
LT: Including yourself, how many people - including children - usually live in your household? Adults of 18 years and older: (number of
people)
NO: Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? a)
Number of people 18 years or more, including yourself:
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.'.
PH: Including yourself, how many adults of 18 years old and older live in your household? Total adults 18 and above in HH:
RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? b) Number of

adults (18 and older), including yourself:								
SE: How many persons in your household a) are 18 years or older? (count yourself also)?								
SI: Name the number of people that live together with you in household – including yourself. Adults 18 years and older:								
SR: Derived from 'Age and month of birth' of all people in the household.								
TH: The number of adults of 18 years and older:								
TW: Not asked, computed HHADULT = HOMOP-HHCHILDR-HHTODD.								
US: Calculated from information on household composition - Number of members over 17 years old (18+ years).								
VE: And specifically (Verify that the sum of the amounts is equal to the number in HOMPOP) c. How many adults 18 and over including yourself:								
ZA: Derived from household roster.								
-9 No answer; BG: incl. refused								
-4 Not applicable (Not a private household)								
0 ZA: No person aged 18+ in HH								
1 One adult (only respondent)								
2 Two adults								
3 Three adults								
4 Four adults								
5 Five adults								
6 Six adults								
7 Seven adults, DE: 7 or more								
8 Eight adults								
9 Nine adults; SR: 9 or more								
10 Ten adults								
11 Eleven adults								

Note:

12 Twelve adults13 Thirteen adults15 Fifteen adults

/ CH: Single households were filtered in the online questionnaire version and the information from HOMPOP were reported on HHADULT, HHCHILDR and HHTODD. However, the HH composition was checked and, where necessary, also corrected based on information from the national register.

/ DE: Number of persons asked in tabular design.

/ SE: This is a new question version, introduced in 2016, of trying to get correct information regarding the household composition. This is the best solution so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

/ ZA: The survey is conducted on 16+. In some households there are no persons aged 18+.

Question Text (Original Language)
HHCHILDR - How many children above school entry age in household
BVQ_30. HHCHILDR
And how many children between [school entry age] and 17 usually live in your household?
Adults of 18 years and older
Children between [school entry age] to 17 years of age -> HHCHILDR
Children below [school entry age]
This makes a total of how many people?
COMMENT ON HHCHILDR: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into individual questions.
AT: (If the answer to HOMPOP is neither 1 nor 'No answer') How many of them are - Children from 14-17 years? + Children from 6-13 years? AU: Including yourself, how many people - including children - usually live in your household? b) Children between 5-17 years of age: BG: What is the composition of your household, considering yourself, the adults and the children? B) Children from 7 to 17 years old: CH: (Online questionnaire version: If HOMPOP > 1) How many of them are children between 6 to 17 years of age? Number: (None=0) CL: How many adults and how many children and babies live permanently, that is, 4 or more days a week, in this home? Do not include domestic
service Children between 6 and 17 years of age:
CZ: How many of those people are b) aged 7–17?

in HH:
RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? c) Number of
school-age children (between 7 and 17 years):
SE: How many persons in your household b) are between 7 and 17 years?
SI: Name the number of people that live together with you in your household – including yourself. Children and teens from 6 to 17 years:
SR: Derived from 'Age and month of birth' of all people in the household.
TH: The number of children between 6 -17 years of age:
TW: [How many people live together in your home, including you?] Among them, how many are 7-17 years old?
US: Calculated from information on household composition - Number of members 6 to 12 years + Number of members 13 to 17 years old.
VE: And specifically (Verify that the sum of the amounts is equal to the number in HOMPOP) b. How many young people between 6 and 17 years old:
ZA: Derived from household roster.

- -9 No answer; AU: No answer incl. also 0 children between [school entry age] to 17
- -4 Not applicable (Not a private household)
- 0 No children [school entry age] to 17
- 1 One child [school entry age] to 17
- 2 Two children [school entry age] to 17
- 3 Three children [school entry age] to 17
- 4 Four children [school entry age] to 17
- 5 Five children [school entry age] to 17
- 6 Six children [school entry age] to 17
- 7 Seven children [school entry age] to 17
- 8 Eight children [school entry age] to 17
- 9 Nine children [school entry age] to 17

Note:

/ CH: Single households were filtered in the online questionnaire version and the information from HOMPOP were reported on HHADULT, HHCHILDR and HHTODD. However, the HH composition was checked and, where necessary, also corrected based on information from the national register.

/ DE: Number of persons asked in tabular design.

/ SE: This is a new question version, introduced in 2016, of trying to get correct information regarding the household composition. This is the best solution so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

/ TH: Primary school starts at the age of 6 years.

Question Text (Original Language)
HHTODD - How many children below school age in household
BVQ_31. HHTODD
How many children below [school entry age] live in your household?
Adults of 18 years and older
Children between [school age] - 17 years of age
Children up to the age of [school age - 1] years -> HHTODD
This makes a total of how many people?
COMMENT ON HHTODD: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One
option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask
for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into
individual questions.
AT: (If the answer to HOMPOP is neither 1 nor 'No answer') How many of them are - Children from 3-5 years? + Children from 0-2 years?
AU: Including yourself, how many people - including children - usually live in your household? c) Children up to and including the age of 4:
BG: What is the composition of your household, considering yourself, the adults and the children? C) Children from 0 to 6 years old:
CH: (Online questionnaire version: If HOMPOP > 1) How many of them are children below 6 years of age? Number: (None=0)
CL: How many adults and how many children and babies live permanently, that is, 4 or more days a week, in this home? Do not include domestic
service Children under 6 years of age:
CZ: How many of those people are c) 0-6 years old?
DE: How many persons in your household are a) toddlers aged 5 years or younger? No 1 2 3 4 5 6
7 or more
DK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. c) Children between 0
and 5 years? Number:
FI: Including yourself, how many people usually live in your household? d) Aged 6 years or under persons
FR: How many persons live currently in your household, including yourself? Children up to the age of 5 years:
GB-GBN: What was (name)'s age last birthday? (Asked for all members of household after respondent.)
HR: Including yourself, how many persons (including children) live in your household? Children up to 6 years:
IL: How many are children up to the age of 6 years (under school age)?
IS: c) And how many children, 5 years and younger, usually live in your household?:
IT: And how many children below 6 usually live in your household?
JP: Including yourself, how many people usually live in your household? Up to the age of 5 years:
LT: Including yourself, how many people - including children - usually live in your household? Children up to the age of 6 (inclusive): (number
of people)
NO: Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? c)
Number of children less than 6 years old:
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.'.
PH: How many children aged from zero years to six years old live in your household? Please include step-children and adopted children. Total
children 0-6 in HH:

RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? d) Number of
pre-school children (between 0 and 6 years):
SE: How many persons in your household c) are younger than 7?
SI: Name the number of people that live together with you in your household – including yourself. Children younger than 6 years:
SR: Derived from 'Age and month of birth' of all people in the household.
TH: The number of children at 5 years of age and below:
TW: [How many people live together in your home, including you?] Among them, how many are 0-6 years old?
US: Calculated from information on household composition - Number of members under 6 years.
VE: And specifically (Verify that the sum of the amounts is equal to the number in HOMPOP) a. How many children under 6 years of age or younger:
ZA: Derived from household roster.

- -9 No answer; AU: No answer incl. also 0 children below [age of school entry]

Question Text (Original Language)

CZ_RINC - Country specific personal income: Czech Republic

CZ_RINC - Czech Republic: Country specific personal income

What is your personal average net monthly income from all sources?

If applicable, please include your average net salary, average monthly income from business activity, part-time jobs or investments (side employment, side business, rental income, stock dividends etc.) and average income from social welfare (unemployment benefits, maternity benefits, pensions etc.).

Please indicate in CZK ____

(If refused to answer)

Can you please at least choose one of the following categories for your personal net monthly income?

Categories 1-17 in CZK: 1) No income; 2) Up to 4.999; 3) 5.000-9.999; 4) 10.000-14.999; 5) 15.000-19.999; 6) 20.000-24.999; 7) 25.000-29.999; 8) 30.000-34.999; 9) 35.000-39.999; 10) 40.000-49.999; 11) 50.000-59.999; 12) 60.000-69.999; 13) 70.000-79.999; 14) 80.000-89.999; 15) 90.000-99.999; 16) 100.000-149.999; 17) 150.00 CZK and more

DK_RINC - Country specific personal income: Denmark

DK_RINC - Denmark: Country specific personal income

What is your total monthly income - gross - i.e before taxes?

('Total monthly income' refers to all types of income, including wages, pensions, secondary income, child support etc.)

My total monthly income is on average (in crowns): _____

- -9 No answer
- -2 Not applicable, other countries

70000 Below 100.000 DKK per year, gross

125000 100.000-149.999 DKK

175000 150.000-199.999 DKK

225000 200.000-249.999 DKK

275000 250.000-299.999 DKK

350000 300.000-399.999 DKK

450000 400.000-499.999 DKK

550000 500.000-599.999 DKK

650000 600.000-699.999 DKK

750000 700.000 DKK or more per year, gross

Note:

/ DK: Annual income before deduction of taxes in Danish Kroner (DKK); midpoints of the income classes are coded. In the survey respondents were asked for their average monthly income. Annual income was subsequently computed as 12 times the monthly income reported and grouped into 10 brackets.

FR_RINC - Country specific personal income: France

FR_RINC - France: Country specific personal income

Currently, do you personally perceive the following resources? Yes/ No/ Don't know (three columns for each type of income)

Salaries, wages and bonuses/ Income from a self-employed professional activity/ Unemployment benefits/ Early retirement, retirement/ Housing allowances, housing assistance/ RSA Active Solidarity Income/ Rents/ Alimony, regular financial assistance from relatives

(If 'Yes' to at least one of the listed types of income)

Taking into account all the types of income you just mentioned, what is currently the monthly amount of your personal resources?

This is the net income (from social contributions and C.S.G) before taxes (if applicable). If income fluctuates, take an average over the year.

FUR	ner	mon	th
LUIN	PCI	111011	u

(If not 'Yes' to at least one of the listed types of income)

Taking into account all the types of income you receive, what is the current monthly amount of your personal resources?

This is the net income (from social contributions and C.S.G) before taxes (if applicable). If income fluctuates, average over the year.

____ EUR per month

- -9 No answer
- -2 Not applicable, other countries
- 0 No personal income
- 1 1 EUR per month, net before taxes

70000 70.000 EUR per month, net before taxes

Note:

/ FR: Exact amount of monthly income in European currency (EUR) after deduction of social contributions (monthly) but before deduction of wage tax (until recently, no payroll tax was shown on the employee's pay slip in France. Instead, the wage tax was determined and paid via the annual income tax return).

Question Text (Original Language)

VE_RINC - Country specific personal income: Venezuela

VE_RINC - Venezuela: Country specific personal income

Now, adding up all your income, how much on average do you receive per month?

(For each figure ask carefully if it is Dollars, Bolivars or Colombian Pesos; in the case of Bolivars, be sure to express them in the current unit.)

Total income per month: Bs. ______ \$ _____ PesosC. _____

- -9 No answer
- -2 Not applicable, other countries
- 0 No personal income
- 5 5 VES per month

8640 8.640 VES per month

Note:

/ VE: Monthly income in Venezuelan Bolivars Soberano (VES); exact amount of unclassified income values are coded (amounts in one of the other two currencies were re-calculated). In 14 years, between 2007 and 2021, the Venezuelan currency has undergone three currency conversions in which 14 zeros were subtracted. A process of hyperinflation began in November 2017 and ended four years later. In August 2022, Venezuela was still a country with one of the highest inflation rates in the world. So many changes in such a short period of time are likely to have an impact on the information provided by the respondents, so the validity of the information might be considered limited.

Note:

/ CZ: Monthly net income in Czech crowns (CZK); midpoints of the income categories are coded. In case a respondent lives alone (HOMPOP=1), the question about household income (CZ_INC) could be skipped. In that case, the information given for CZ_RINC was taken over for CZ_INC in the data. If a respondent answered the open-ended question rather than the categorical question for CZ_RINC, then that information was carried over to CZ_INC. As a result, CZ_INC contains both categorical and continuous information.

DK_INC - Country specific household income: Denmark

DK_INC - Denmark: Country specific household income

(If more than one person in household)

What is your household's total monthly income - gross - i.e before taxes?

('Total monthly income' refers to all types of income, including wages, pensions, secondary income, child support etc.)

The household's total monthly income is on average (in crowns): ______

- -9 No answer
- -2 Not applicable, other countries

70000 Below 100.000 DKK per year, gross

125000 100.000-149.999 DKK

175000 150.000-199.999 DKK

225000 200.000-249.999 DKK

275000 250.000-299.999 DKK

350000 300.000-399.999 DKK

450000 400.000-499.999 DKK

550000 500.000-599.999 DKK

650000 600.000-699.999 DKK

750000 700.000-799.999 DKK

850000 800.000-899.999 DKK

950000 900.000-999.999 DKK

1050000 1.000.000-1.099.999 DKK

1150000 1.100.000 DKK or more per year, gross

Note:

/ DK: Annual income before deduction of taxes in Danish Kroner (DKK); midpoints of the income classes are coded. In the survey respondents were asked for their household's average monthly income. Annual income was subsequently computed as 12 times the monthly income reported and grouped into 14 brackets.

Question Text (Original Language)

FR_INC - Country specific household income: France

FR_INC - France: Country specific household income

(If not living alone in the household, HOMPOP>1)

Is there currently in your household (including yourself), one or more persons who receives the following resources? Yes/ No/ Don't know (three columns for each type of income)

Salaries, wages and bonuses/ Income from a self-employed professional activity/ Unemployment benefits/ Early retirement, retirement/ Housing allowances, housing assistance/ RSA Active Solidarity Income/ Rents/ Alimony, regular financial assistance from relatives

(If 'Yes' to at least one of the listed types of income)

Taking into account all the types of income you just mentioned, what is currently the monthly amount of resources for your entire household? This is the net income (from social contributions and C.S.G) before taxes (if applicable). If income fluctuates, take an average over the year.

____ EUR per month

(If not 'Yes' to at least one of the listed types of income)

By taking into account all types of income per received by all members of your household, what is the current monthly amount of your resources? This is the net income (from social contributions and C.S.G) before taxes (if applicable). If income fluctuates, average over the year.

____ EUR per month

- -9 No answer
- -2 Not applicable, other countries
- 0 No income
- 1 1 EUR per month, net before taxes

70000 70.000 EUR per month, net before taxes

Note:

/ FR: Exact amount of monthly income in European currency (EUR) after deduction of social contributions (monthly) but before deduction of wage tax (until recently, no payroll tax was shown on the employee's pay slip in France. Instead, the wage tax was determined and paid via the annual income tax return).

IS_INC - Country specific household income: Iceland

IS_INC - Iceland: Country specific household income

(If HOMPOP is greater or equal to 2)

Can you please tell me which letter best describes the total average monthly income of your household, before taxes and other deductions?

By total income we mean all wages, including from extra jobs and overtime, student loans, disability payments, retirement payments, housing benefits etc.

If you are unsure, please estimate the amount by indicating the appropriate letter on the card.

LT_INC - Country specific household income: Lithuania

LT_INC - Lithuania: Country specific household income

(IF R DOES NOT LIVE ALONE)

 $After \ taxes \ and \ other \ deductions, \ what \ on \ average \ is \ the \ total \ monthly \ income \ of \ your \ household?$

(Please explain if needed: After taxes and other deductions means the income you get directly 'to your hands'.)

Please sum up salaries, pensions, scholarships and other income of all the members of your family.

The total monthly income of my household is on average: _____ EUR

- -8 Don't know
- -7 Refused
- -2 Not applicable, other countries

120 120 EUR per month, after taxes

8000 8.000 EUR per month, after taxes

Note:

/ LT: Monthly income after taxes and other deductions in European currency (EUR), before social insurance, including child allowances. Exact unclassified amount of income is coded. Household is a group of people who live in one home, have a common budget and eat together, or a person living alone. Family or marital relationship between the household members are not necessary. Income sources are work income, property income, rent, money personally provided by somebody, social allowances such as unemployment benefits, sickness benefits, maternity benefits and pensions. The main deductions are income tax, compulsory health insurance contributions and social insurance contributions.

RU_INC - Country specific household income: Russia

RU_INC - Russia: Country specific household income

What was your household total income last month from all sources, including income from main and second jobs, pensions, scholarships, other monetary income, for all of your family members last month (after taxes and deductions)?

(If 'Refused to answer' or 'I don't know')

To which of these income groups could you refer your household income?

(If the respondent lives alone, do not ask the question on household income, but simply write down the number indicated in the question on the personal income)

(If the respondent lives alone, and the answer to the question on the personal income was 'Refused to answer' or 'I don't know', ask the question on household income with the income groups)

- -8 Don't know

1500000 1.500.000 RUB last month, net

Note:

/ RU: Monthly net income in Rubles (RUB); the generation procedure for the answer values was as follows: 1) All valid answers to the open-ended question were recoded into the 14 income categories, offered in the second question. 2) For each of these 14 income categories, the average income of respondents who answered the open-ended question has been calculated. 3) The average income was approximated to round number and assigned to all respondents (who answered 'I don't know' or 'Refused to answer' in the open-ended question), but who gave the answer to the second question by choosing one of the 14 income categories. For one-person households, personal income was coded as household income.

Question Text (Original Language)

VE_INC - Country specific household income: Venezuela

VE_INC - Venezuela: Country specific household income

And now adding up all income of all people living in this home, how much on average do they receive per month?

(For each figure ask carefully if it is Dollars, Bolivars or Colombian Pesos; in the case of Bolivars, be sure to express them in the current unit.)

Total income per month: Bs. ______ \$ _____ PesosC. _____

- -9 No answer
- -8 Don't know
- -2 Not applicable, other countries
- 0 No household income
- 3 3 VES per month

20000 20.000 VES per month

Note:

/ VE: Monthly income in Venezuelan Bolivars Soberano (VES); exact amount of unclassified income values are coded (amounts in one of the other two currencies were re-calculated). In 14 years, between 2007 and 2021, the Venezuelan currency has undergone three currency conversions in which 14 zeros were subtracted. A process of hyperinflation began in November 2017 and ended four years later. In August 2022, Venezuela was still a country with one of the highest inflation rates in the world. So many changes in such a short period of time are likely to have an impact on the information provided by the respondents, so the validity of the information might be considered limited.

Question Text (Original Language)

MARITAL - Legal partnership status

BVQ_34. MARITAL

What is your current legal marital status?

(Please tick one box only.)

COMMENT TO MARITAL: The aim of this variable is to measure the current 'legal' marital status of the respondent. 'Living as married' or 'de facto married' is no legal partnership status and therefore not of relevance to this variable. Note that MARITAL must not be filtered by responses to PARTLIV.

- AT: Now some questions about your life situation: What is your marital status?
- AU: What is your current legal marital status?
- BG: What is your marital status?
- CH: What is your current legal marital status?
- CL: What is your current marital status?
- CZ: What is your marital status?
- DE: What is your current marital status?
- DK: What is your current legal marital status?
- FI: Are you currently ...?
- FR: Are you...?
- GB-GBN: Derived variable from two questions, showing the legal marital status for all respondents who answered those questions.
- HR: Marital status of respondent (legal status)
- IL: What is your current legal marital status?
- IS: What is your current legal marital status? If you have never been married but are in informal cohabitation, please answer 'I have never been married/ civil partnership'.
- IT: What is your current legal marital status?
- JP: What is your current legal marital status?
- LT: What is your current legal marital status?
- NO: What is your current legal marital status?
- NZ: Which one of these categories best describes your current marital status?
- PH: What is your current legal marital status?
- RU: What is your marital status?
- SE: What is your current legal marital status?
- SI: What is your marital status?
- SR: What is your current legal marital status?
- TH: What is your current marital status?
- TW: What is your current marital status?
- US: Are you currently married, widowed, divorced, separated, or have you never been married?
- VE: What is your marital status?
- ZA: What is your current marital status?

- -9 No answer
- -7 Refused
- 1 Married
- 2 Civil partnership
- 3 Separated from spouse/civil partner (still legally married/still legally in a civil partnership)
- 4 Divorced from spouse/ legally separated from civil partner; AT: Divorced/ Separated
- 5 Widowed/ civil partner died
- 6 Never married/ never in a civil partnership

Note:

/ AT: The national questionnaire conflates the marital status categories 'Divorced' and 'Separated'. It is not possible to properly separate both categories in retrospect. Both family statuses are encoded to code 4 'Divorced', supplemented by a specific for Austria 'AT: Divorced/ Separated'. / AU: Category 2 not used, civil partnerships are not relevant in the Australian context.

/ BG: Since mere cohabitation does not constitute legal marital status, observations for the Bulgarian answer category 'I live with a partner without legal marriage' have been recoded into the harmonized code 6 'Never married/ never in a civil partnership' in MARITAL. Those respondents, however, can be easily detected by means of the variable PARTLIV (encoded to code 6 in MARITAL and codes 1 or 2 in PARTLIV).

/ CH: Code 2 'Civil partnership' includes same-sex partnerships registered on federal level.

/ CL: Up to 2004 there was no law regulating divorce in Chile. The legal way to end up a marriage was through a process of annulment (encoded to code 3). Civil unions (AUC) are allowed in Chile since 2015 (for heterosexual partnerships and for same-sex partnerships).

/ CZ: Code 2 means 'Registered partnership' (registrovane partnerstvi), possibility to register partnerships for same-sex partners.

/ DE: Civil partnerships mean same-sex, formally legalised partnerships (since 2000). As of 2017, marriages of same-sex couples are possible.

/ DK: In the original code 2 reads 'Registreret partnerskab' and includes same-sex partnerships (same-sex marriage became legal in 2012).

/ FI: Code 2 'Civil partnership' includes registered partnerships available for same-sex couples.

/ FR: : Code 2 includes 'Pacsé(e)', a French contract of civil partnership (PACS). At the start, it mainly intended to legally recognize the cohabitation of same-sex couples. In the meantime, the majority of PACS contracts are concluded by partners of different sexes.

 $/ \ HR: \ Civil \ partnership \ is \ legally \ defined \ as \ living \ in \ a \ common \ household \ for \ a \ minimum \ period \ of \ 3 \ years \ and \ / \ or \ joint \ parenthood.$

/ IS: Code 2 includes 'In registered cohabition'. Today, Icelandic legislation has two basic structures that govern adult relationships. One is marriage and the other is cohabitation. The Marriage Act has been gender-neutral from 2010 and applies to both same-sex and opposite-sex couples. Before the Marriage Act became gender-neutral, in the period 1996-2010, the Act on Registered Partnership (staðfest samvist) existed in Iceland for same-sex couples which granted similar rights to marriage. People who entered into registered partnership could after the new marriage laws were passed in 2010 decide whether they wanted to remain in registered partnership or change their relationship status to marriage. In Iceland couples can register their cohabitation (skráð sambúð) which gives them some legal rights. This legal form for partnership is very common in Iceland. Frequently the categories registered partnership (staðfest samvist) and registered cohabitation (skráð sambúð) are confounded which can for instance be seen in survey results that show that a very high proportion of respondents report that they are in registered partnership (same-sex relationship) because they believe the answer category applies to registered cohabitation. This leads to the fact, that code 2 for Iceland includes registered cohabitation (for both opposite-sex and same-sex couples). Moreover, in the English questionnaire, by mistake 'civil partnership' was used as the English translation of the category registered cohabitation. The data shows that there is an unusually high proportion of respondents that answered in English that reported to be in civil partnership, which allows to conclude that at least many of them understood the term as referring to registered cohabitation.

/ IT: Code 2 includes same-sex unions ('Unione civile').

/ LT: There is no legal civil partnership in Lithuania.

/ NO: Code 2 'Civil partnership' includes registered partner (same-sex partnership).

/ NZ: Answers to the original category 'De facto' were converted to code 6 'Never married'. Category 2 includes civil unions (same-sex partners).

/ SE: Code 2 'Civil partnership' reads 'Registered partnership' (same-sex partners).

/ SI: Code 2 'Civil partnership' includes extramarital unions and registered homosexual partnerships.

/ SR: Code 2 'Civil partnership' includes 'Common law marriage'.

/ TW: One answer option in MARITAL was 'Cohabitation', which is no legal marital status in the official sense. Since the true marital status is unknown, the 16 respondents who selected this answer option were recoded to code -9 'No answer' in MARITAL.

/ US: MARITAL now encompasses both opposite-sex and same-sex marriages. The General Social Survey (GSS) uses POSSLQ and POSSLQY (see PARTLIV) to track long-term cohabitation, but does not ask about civil partnerships separate from marriage. Hence, there are no observations for code 2 'Civil partnership' in US data.

/ VE: Category 2 of the Venezuelan questionnaire contained 'Unido (a)', i.e. respondents living together with a partner of the opposite sex. 'Unido (a)', however, is not an official marital status in Venezuela. Respondents coded under code 2 were recoded in the integrated file to ISSP code 6 'Never married'.

/ ZA: Previously there were not many of these types of marriages, but the common form of African marriages (Lobola) are now recognized under code 2 'Siviele Verhouding'.

/ VE: Answers to the last answer option were assigned manually to the right country code in retrospect.

2 The suburbs or outskirts of a big city

3 A town or a small city4 A country village

GESIS Study No. 7600 (v3.0.0), http://dx.doi.org/10.4232/1.14009

Variable, Label Question Text (Original Language) URBRURAL - Place of living: urban - rural BVQ_37. URBRURAL Would you describe the place where you live as... (Please tick one box only.) AT: Respondent lives... (answered by interviewer). AU: Would you describe the place where you live as...? BG: Which of the following best describes the place where you live? CH: Would you describe the place where you live as...? CL: Do you live in...? CZ: Would you describe the place where you live as...? DE: Which of the following categories applies best to the place where you are living? DK: Is the place you live...? FI: Do you live...? FR: Would you say that you live in...? GB-GBN: Can I just check, would you describe the place where you live as...? HR: Where do you live? IL: Would you describe the place where you live as...? IS: How would you describe the place where you live? IT: Would you describe the place where you live as...? JP: What kind of community do you currently live in? LT: How would you describe the place where you live? NO: Do you live in...? NZ: Would you describe the place where you live as...? PH: Would you describe the place where you live as...? RU: Where do you live? SE: The place where you live, is it...? SI: How would you describe the place that you live in? Is it...? SR: How would you describe the place: Where you live now? TH: Would you describe the place where you live as... TW: Would you describe the place where you live as...? US: Constructed variable, see note for US below. VE: Would you describe the place where you live as...? ZA: Derived from geotype variable. -9 No answer; CZ: No answer incl. other type; GB-GBN: No answer incl. other answer; SR: Not asked to all 1 A big city

5 A farm or home in the country

Note:

/ AT: The categories were used in the following way: 1=A big city (over 100.000 inhabitants), 2=The suburbs or outskirts of a big city, 3=In a bigger city (40.000 – 100.000 inhabitants) + In a small or middle city (5.000 – under 40.000 inhabitants), 4=A village, 5=In a single house or farm house at the countryside.

/ SR: Almost 70 percent of the respondents did not get this question, due to a bad interviewer instruction: the question has mostly been understood to refer to migrants.

/ US: URBRURAL was constructed by using XNORCSIZ in US GSS. The XNORCSIZ indicates NORC size of place. Codes for XNORCSIZ are: 1 'Within an SMSA and a large central city (over 250.000)', 2 'A medium size central city (50.000 to 250.000) ', 3 'A suburb of a large central city', 4 'A suburb of a medium size central city', 5 'An unincorporated area of a large central city (division, township, etc.)', 6 'An unincorporated area of a medium central city', 7 'Not within an SMSA (within a county) and a small city (10.000 to 49.999)', 8 'A town or village (2.500 to 9.999)', 9 'An incorporated area less than 2.500 or an unincorporated area of 1.000 to 2.499' and 10 'Open country within larger civil divisions e.g., township, division'. XNORCSIZ is coded based on R's residential address. The mapping between XNORCSIZ and URBRURAL is as follows: XNORCSIZ=1 | XNORCSIZ=2 -> URBRURAL=1; XNORCSIZ=3 | XNORCSIZ=4 | XNORCSIZ=5 | XNORCSIZ=6 -> URBRURAL=2; XNORCSIZ=7 -> URBRURAL=3; XNORCSIZ=8 | XNORCSIZ=9 -> URBRURAL=4; XNORCSIZ=10 -> URBRURAL=5.

CASEID - ID Number of Respondent

CASEID - Respondent Identification Number

This variable holds a unique identification number for each respondent including the ISSP module year (first 4 digits: 2019), the ISO 3166 country code (next 5 digits: for countries without subsamples starting with 00 plus the three digits for the country code, for countries with subsamples starting directly with the three digits country code supplemented by an appendix two digits long) and the original identification number of the respondents (the last 7 digits), making an identification number of 16 digits in total.

SUBSCASE - Case substitution flag

Case substitution flag

Substitution in this survey

SUBSCASE is to indicate whether a respondent is from the original sampling frame or is substituted for some reason (interview not obtained because of invalid address, no contact, refusal, etc.)

- 0 No substitution in this survey
- 1 Case from original sample
- 2 Case substituted

Note:

/ DE: ISSP uses a two-stage random sample. In the first step there is a random selection of communities/ sample points. In a second step, there is a random sample of persons officially registered at their first place of residence (Germans are legally obliged to register). The German register is not organized in one central register, but organized in 5.283 local registers administered by municipalities. The local registers are allowed but not obliged to submit information for scientific purposes. 5 municipalities did not cooperate and did not deliver information. These sample points had to be replaced by others with the same structural characteristics prior to the fieldwork. Substitution of any individual case was not allowed during the fieldwork.

INTLANG - Language of the interview

Language of the interview

This variable includes information about the main language the interview was conducted.

For self-administered surveys, this variable provides the language of the questionnaire.

Information on languages is coded according to ISO 639-3.

Variable, Label

Question Text (Original Language)

WEIGHT - Weighting factor

Weighting factor

No total weight usable for international comparison.

The NATIONAL weight variable serves to compensate for unequal selection probabilities introduced by sampling design or non-response and can have design and/ or post-stratification and/ or non-response components.

NATIONAL weighting procedures/ variables used for calculation of NATIONAL weights:

.....

AT: Combined weights used: Design weight (to account for different selection probability due to different household sizes) and post-stratification weight (based on gender, age, and education).

AU: Combined, summary weights used: Post-stratification (based on age, sex, and education) and non-response.

BG: No weighting.

CH: Design weight used with all respondents having the same probability of inclusion since the sample frame is individual based and the sampling is pure random, so that every resident in Switzerland has equal chance to participate.

CL: Post-stratification weight (based on urbanity: urban/rural, gender: male/female and age: 18-29/30-44/45-54/55-64/65 and older) + non-response weight.

CZ: Combined, summary weights: a) Design weight (based on selection probabilites) and b) post-stratification weight (based on NUTS2, education, gender, age).

DE: Two separate German samples (see variable 'c_sample'): the sample for Eastern Germany deliberately over-samples the five Eastern federal states. If all of Germany is taken as the unit of analysis (rather than the Eastern and Western states), a design weight is necessary (stored in the data): weighting factor for Western Germany: 1.25399685; weighting factor for Eastern Germany: 0.50277849.

DK: Post-stratification weight was used based on AGE (four age groups: 18-34, 35-49, 50-64 & 65-79), ETHNIC ORIGIN (Danish origin and immigrants and descendants), FAMILY TYPE (four groups: singles without children, single parents, couples without children, and couples with children),

HIGHEST FULFILLED EDUCATION (three groups: primary school, highschool/ EUD/ short-cycle higher education, and long-cycle higher education and PhD) and SOCIOECONOMIC STATUS (three groups: employed, pensioners and early retirement recipients, and others outside the labour force).

FI: Post-stratification weights were used based on the following variables: 1) gender, 2) six age classes, 3) modified NUTS3 regions (the Greater Helsinki Area was dealt as a separate region), 4) type of community (urban – semiurban - rural).

FR: Post stratification weighting computed on sex, age (4 groups: 18 to 29 years old, 30 to 39 years old, 40 to 54 years old, 55 years old or more) and occupation (6 groups: Farmers; Tradesmen, Shopkeepers and Business Owners; Managers and Secondary/University Teachers; Intermediate Professions, White Collar Workers; Blue Collar Workers; Unemployed).

GB-GBN: The weight provided is the main BSA survey weight (a design+post-stratification+non-response weight). Calibration weighting was also applied to adjust the final non-response weight so that the weighted sample matches the population in terms of age, sex and region.

HR: No weighting.

IL: Post-stratification weight used based on the variables 'c_sample (Jews/ Arabs), 'SEX' and 'EDUCYRS'.

IS: No weighting.

IT: No weighting.

JP: No weighting.

LT: Post-stratification weights used based on sex by age by type of settlement (interlocking grid).

NO: No weighting.

NZ: Post-stratification weights used based on logistic regression models of Responded (yes/no) by age group, Maori descent, region, NZ Deprivation Index, urbanicity, and occupation.

- PH: A design weight was used.
- RU: Post-stratification weights were used based on sex, age and education.
- SE: No weighting.
- SI: No weighting.
- SR: Post-stratification weights used (based on strata and household composition).
- TH: No weighting.
- TW: Design and post-stratification weights used; post-stratification weights were based on sex, age, urbanization and education-degree groups.
- US: Combined, summary weights were applied comprising a design weight, a post-stratification weight (based on the variables on region, marital status, hispanic ethnicity, education, US born, gender, race, age) + a non-response weight.
- VE: Design weight has been used.
- ZA: Design weight + poststratification weight + non-response weight. Explicit stratification variables: Province, population group and geography type (viz. urban formal, urban informal, tribal and rural formal, including commercial farms). Non-response adjustment = number of drawn HHs per EA (census enumerator area)/ number of responding HHs (i.e. where a person 16+ is successfully interviewed) provided that at least 50% of households responded. Otherwise two similar (i.e. in the same explicit stratum) and neighbouring EAs are combined and a combined adjustment factor calculated. Person and household weights are benchmarked, for persons using province, population group, gender and different age groups (i.e. 16-19, 20-24, 25-34, 35-44, 45-54, 55-64 and 65 and older) as benchmark variables and for households using province and population group of the respondent in the household. The marginal totals for the benchmark variables are obtained from the applicable midyear estimates as published by Statistics South Africa.
- 1 No weighting; CH: Design weight with all R having the same probability of inclusion

ISSP 2019 - Social Inequality V GESIS Study No. 7600 (v3.0.0), http://dx.doi.org/10.4232/1.14009

Question Text (Original Language)

PARTIALS - Flag variable indicating partially completed interviews

Flag variable indicating partially completed interviews

The test is based on the mandatory module questions of an ISSP module. For ISSP 2019, questions Q1-Q22 were mandatory for all countries. In accordance with AAPOR standards, the count is based on applicable questions of the module, more precisely on the items that respondents were asked according to the routing. The answers 'Can't choose/ Don't know' need to be considered as valid answers.

An interview with...

- less than 50% of valid answers is defined as break-off and NOT included in the data;
- between 50 and 80% of valid answers is defined as PARTIAL interview/ case;
- more than 80% of valid answers is defined as COMPLETE interview/ case.
- 0 Partial interview (answer rate 50-80%)
- 1 Complete interview (answer rate >80 %)
